* These measures enable a school to see what percentage of its students enrolled in grades 10, 11, and 12 scored 3 or higher on at least one AP® Exam this year, a good indicator of both the equity and excellence of a school's AP program.

** The Graduating Class Summary shows what percentage of a school's twelfth-graders scored a 3 or higher at any point in their high school years. Each school's enrollment counts were submitted by its AP Coordinator when placing the school's order for AP Exams.
