

A Campaign for Proficiency Palm Beach County

Community Leadership Training

**Tuesday, September 26 and
Wednesday, September 27, 2006
Palm Beach County Convention Center**

Registration

We can no longer place all the responsibility for our children's education on the schools alone. Preparing children for the world is the responsibility of **THE ENTIRE COMMUNITY**—especially those in leadership positions.

A community-wide effort to get all children to proficiency involves **ALL SECTORS** of the community, including schools, churches, business, social services, professionals, media, elected officials, and neighborhood and cultural groups.

As leaders we will spend two days mapping a course for change in your community. If you choose this course, then together we can prove that **ALL CHILDREN CAN ACHIEVE ACADEMIC PROFICIENCY AND STRENGTH OF CHARACTER.**
