

## DATA PANEL

Darren Smith  
Consultant  
Santaluces High School Band

### **Need for Consultant Services**

Darren Smith has been a valuable consultant and staff member for the Santaluces HS Band over the past several years. We need Darren to give individual instruction to our band students and color guard members. Darren helps us break down individual marching technique, flag, rifle and saber technique and dance. He allows our students to improve drastically in basic and advanced movement skills which helps them achieve excellence sooner than possible without him as an instructor.

Because of Darren's efforts the Santaluces Marching Chiefs have been 2-time Class 4A FMBC State champions and a State Finalist since 2003. The Winter Color Guard won the 2003 WGI World Championship and has been a Finalist at World Championships 4 of the past 5 school years. In addition, the Color Guard has been the South Florida Winter Guard Association Circuit Champion 4 of the past 5 years.

Darren shows genuine concern for our students and helps instill a sense of belonging, discipline and work ethic for our band program. His contribution to Santaluces has been priceless.
