

Year in Review for School Food Service Assistants – FY13 - SAMPLE

In order to successfully achieve our mission we need to ensure we have efficient and effective communication throughout our department. This form has been created as a communication tool between the School Food Service Manager and the School Food Service Central Office to assist with assessing employee performance for the yearend evaluation. Listing items on this sheet does not guarantee a strength rating on the evaluation and receiving a strength rating is not dependent upon having items listed. If you believe the employee should receive a strength or needs improvement in a particular section, please make sure to write a comment.
