TO: All Principals
FROM: Joseph Sanches 
Chief of Support Operations

SUBJECT: AMERICANS WITH DISABILITY ACT (ADA)

As part of the District's effort to bring every school facility into compliance with the Americans with Disabilities Act (ADA), Facilities Services is purchasing and will install cup dispensers next to water fountains at many schools. One case of cups (5,000 cups) is being provided. Schools will be responsible for keeping the dispenser stocked with cups and for purchasing additional cups, when needed.

The dispensers will be installed in areas of high supervision or low student access such as media centers and administrative offices. Dispensers are being installed to provide access to individuals that have trouble bending over, or due to the use of walkers or other mobility aids, can't bend over to access wheel chair accessible fountains. In areas of high student access new high/low water fountain combos will be installed.

Your Facility Management Coordinator will provide you with information on ordering new cups and can answer any questions or concerns on this or any other ADA related issue.
