SUBJECT:

2013 YOUTH RISK BEHAVIOR SURVEY

Every two years, the School District of Palm Beach County administers the Centers for Disease Control and Prevention's (CDC) Youth Risk Behavior Survey (YRBS) to students in grades 7–12. The YRBS is a nationwide, school-based confidential survey. The purpose of the survey is to monitor health risk behaviors that contribute substantially to the leading causes of death, disability, and social issues among youth (e.g., dietary behaviors, tobacco use, alcohol and other drug use). The data collected is utilized internally to guide lessons in science, health, and physical education, as well as externally by the Palm Beach County Health Department and community-based organizations.

The Department of K-12 Curriculum is responsible for administering the YRBS during the 2012-2013 school year. A random sample of second period classes from grades 7 through 12 will be selected by CDC grant staff to participate in the survey. Each school representative will receive copies of the parent/guardian permission slip in English, Spanish, and Creole by email, along with selected second period class lists by March 22, 2013. Students must have permission to take the survey. Attached is the list of the names of the schools to be surveyed.

The YRBS materials will be delivered to each middle and high school contact by April 29, 2013. The YRBS is to be administered by the selected second period teachers in each school on a date that is convenient for the school, between April 29 and May 24, 2013. The completed surveys should be returned to the school representative; then a member of the CDC grant staff will retrieve the surveys from each school between May 28 and June 6, 2013.

- 2013 Middle School Youth Risk Behavior Survey (Attachment 2)
- A list of the names of the middle and high schools to be surveyed

It is necessary that a representative from every middle and high school is selected to act as the contact for YRBS material delivery and pick-up, as well as assisting teachers in their school with the administration of the survey. Please email the name of your school representative to Dannette Fitzgerald, Department of K-12 Curriculum, at dannette.fitzgerald@palmbeachschools.org by February 12, 2013.

Questions about the YRBS may be directed to Dannette Fitzgerald at 434-8978/PX48978 or at the email above.

2013 State and Local Youth Risk Behavior Survey

This survey is about health behavior. It has been developed so you can tell us what you do that may affect your health. The information you give will be used to improve health education for young people like yourself.

DO NOT write your name on this survey. The answers you give will be kept private. No one will know what you write. Answer the questions based on what you really do.

Completing the survey is voluntary. Whether or not you answer the questions will not affect your grade in this class. If you are not comfortable answering a question, just leave it blank.

The questions that ask about your background will be used only to describe the types of students completing this survey. The information will not be used to find out your name. No names will ever be reported.

Make sure to read every question. Fill in the ovals completely. When you are finished, follow the instructions of the person giving you the survey.

Thank you very much for your help.

2013 Middle School Youth Risk Behavior Survey

This survey is about health behavior. It has been developed so you can tell us what you do that may affect your health. The information you give will be used to improve health education for young people like yourself.

DO NOT write your name on this survey. The answers you give will be kept private. No one will know what you write. Answer the questions based on what you really do.

Completing the survey is voluntary. Whether or not you answer the questions will not affect your grade in this class. If you are not comfortable answering a question, just leave it blank.

The questions that ask about your background will be used only to describe the types of students completing this survey. The information will not be used to find out your name. No names will ever be reported.

Make sure to read every question. Fill in the ovals completely. When you are finished, follow the instructions of the person giving you the survey.

Thank you very much for your help.
