Agenda	Discussion	Action Item
Welcome and Introductions	All members went around and introduced themselves	
Forest Hill High Bike To School Program		<p>Three bike racks (two Helix and one “Bike” Bike Rack) were purchased with HKHC dollars for Forest Hill High School. They will be a part of a bigger program put on by South Florida Commuter Services to encourage students biking to school. Lauren Finke reported that through the program, students will have an opportunity to win prizes for decorating their bikes. The program will take place the week of Homecoming. Trees on the site of the bike racks are being moved to the new garden site with funds from the recycling department.</p>

Berkshire Elementary

- Joint Use agreement approved by School Board
- Getting it on the Board of County Commissioners agenda for approval

David's garden design.

- ▶ Forest Hill Elementary

Concrete pad has been poured at Forest Hill Elementary School for outdoor education space. Garden will be planted as soon as school starts with the students.

Water meter has been installed at North Grade Elementary and the irrigation can be installed. Permits have been pulled for the ADA accessible sidewalk. This will be installed by PBSO.

Indian Pines ES has secured a coordinator and will be working to start their garden in the fall.

The design has been drafted for the South Florida Science Museum. Construction is

Learn Green

2012 LEARN GREEN

Florida's Green Schools Conference
GROWING FLORIDA'S GREEN GENERATION
October 19, 2012

Pine Jog Environmental Education Center of Florida Atlantic University and the Palm Beach County School District will host Florida's fourth annual *Learn Green: Florida's Green Schools Conference* on October 19, 2012, from 8:00 a.m. to 4:30 p.m. on the campus of A. W. Dreyfoos School of the Arts in West Palm Beach, Florida.

www.learnconference.com

What Is The Learn Green Conference?

This one-day event provides a unique opportunity to learn about green solutions for our public, private and charter schools and community. It is a remarkable chance for teachers, administrators, students, parents, vendors, participants, design and construction professionals to learn from and connect with others, as well as discover green products, programs, and community resources both locally and nationally. This event helps schools to develop best green practices and plans for future progress such as hydroponic gardens, recycling programs, other forms of energy conservation, and instruction on how to incorporate the environment into lesson plans.

Sessions include:

- Green Schools Recognition Program Workshop
- Growing Green with Hydroponics
- Greening through Art
- Recycling 101
- Touring A Green School
- Green design and Construction Lessons Learned
- Building Butterfly Gardens
- Green Schools Roundtable
- Low and No Cost Solutions to Going Green
- Using the School as a learning tool
- and much, much more!

2012 Conference Sponsors

Gather useful information and free stuff!

Getting Involved in LG2012

Would you like to attend?

Students—\$5
Teachers/School District Personnel—\$20
Government—\$20
Non-Profit—\$20
Parents—\$20
Business—\$50

All registrations include breakfast and lunch.

Would you like to be a sponsor?

- Presenting Sponsor—\$10,000
- Platinum—\$7,500
- Gold—\$5,000
- Silver—\$3,000
- Bronze—\$1,000
- Green School Friend—\$500

Would you like to exhibit?

\$150 includes one 6-foot table on which to display or sample products. Display space will be available in the school gymnasium.

Market you green products

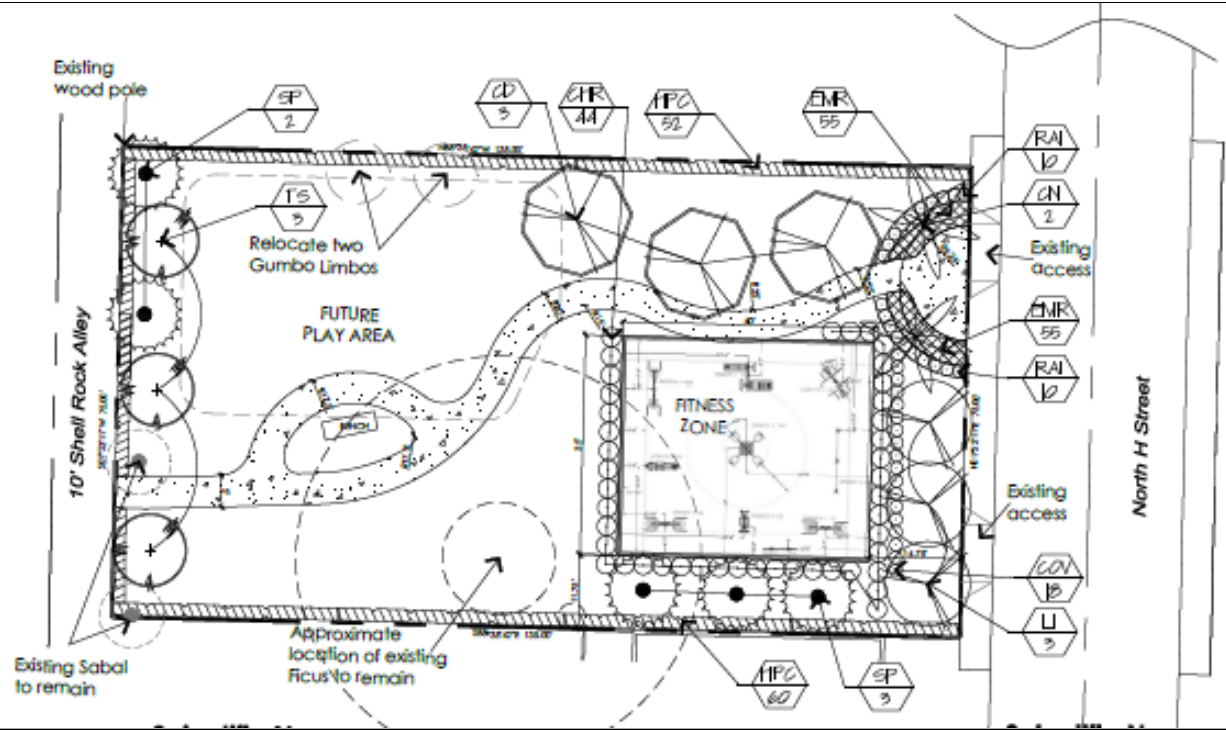

U.S. Green Building Council Representatives

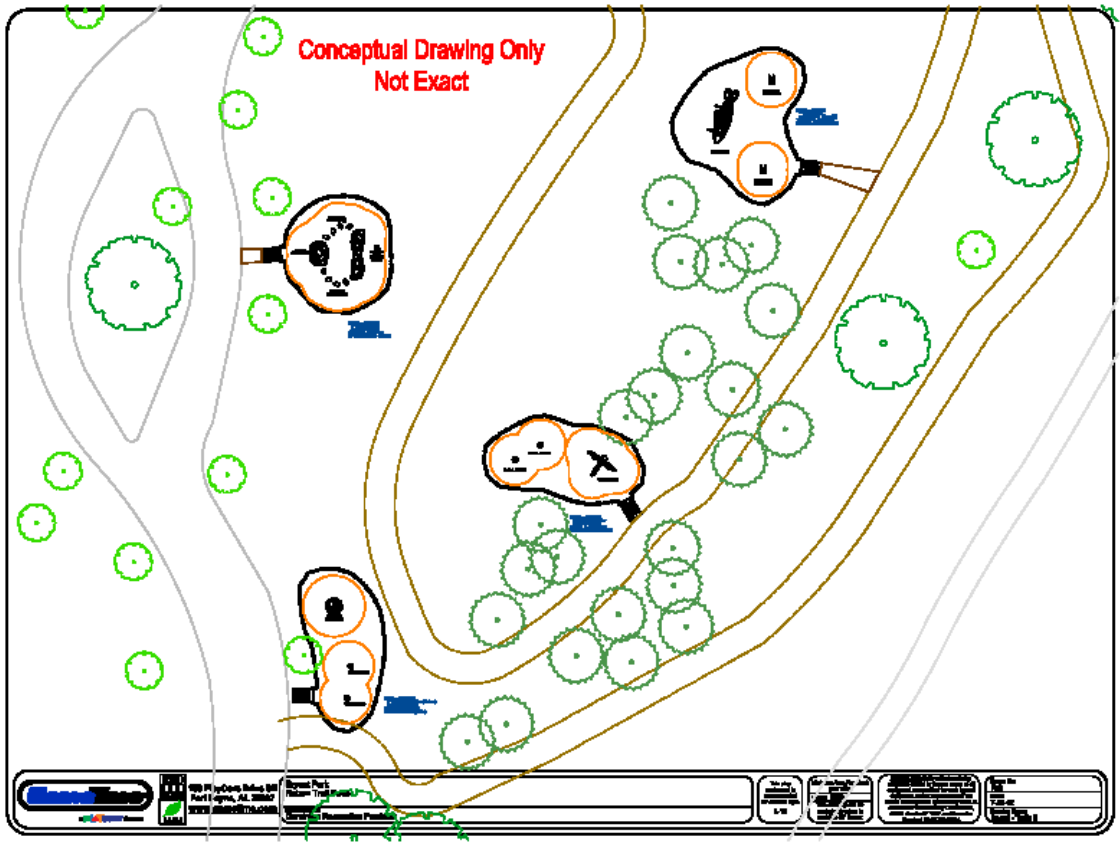

For more information visit www.learnconference.com or call (561) 686-6600

HKHC, with funding from Robert Wood Johnson Foundation, will be sponsoring a tract specific to the goals of the coalition. Also funded will be the entrance fees for 5 representatives from each school in the coalition area. LG can include Principals, Facility Managers, Teachers, After School Coordinators or Staff.

Fitness Zone

Delivery of the equipment is expected the second week of August. The plant designs are being revised to account for cost considerations.

Going to present concept to city for approval.
