SUBJECT: STUDENT DEVELOPMENT PLAN (SDP)

Florida Statute [F.S. § 1006.0251] mandates that every school district have a comprehensive developmental guidance plan. The SDP is the comprehensive guidance plan for the District.

The SDP is an integral component of your Multi-Tiered System of Support (MTSS) and is designed to be evidence-based, comprehensive in scope, and responsive to student need. Its purpose is to ensure that all students receive the core, supplemental, and intensive support needed to develop the competencies necessary for academic, college/career, and personal/social success.

Certified school counselors manage the SDP, but all stakeholders contribute to its implementation. By following the Action Plan below, your school will be in compliance with the statute.

ACTION BY THE PRINCIPAL

- Meet with your school counselor(s) to discuss 2013-14 SDP calendar, goals, and implementation.
- Encourage and support the implementation of the SDP.

ACTION BY CERTIFIED SCHOOL COUNSELOR

- Complete the required SDP activities: review of school counseling program mission statement, SMART goal setting for each of the three domains, annual calendar, implementation of SDP programs and interventions, and pre/post data collection and reporting. Review SDP Time Task document, which is attached to this bulletin.
- Meet with the principal to review SDP activities.
- Schedule a presentation to staff outlining your school's SDP (recommended).
- Collect and report baseline and outcome data relevant to the goals using the SDP Annual Report form PBSD 2474. The report is due Wednesday, May 28, 2014 to the School Counseling and Graduation Support Team and is submitted to the SDP work queue through the District eFORMS Desktop.

ACTION BY SCHOOL STAFF MEMBERS

- · Become familiar with the core, supplemental and intensive interventions included in the SDP.
- · Work with the school counselor(s) on implementation of the SDP as it relates to your work.
- Provide school counselor(s) with the necessary information to complete the SDP.
