### PARENTAL/FAMILY INVOLVEMENT

- 1  
2  
3 1. **Purpose.** This policy creates a collaborative environment in which the parents  
4 and families of our students are invited and encouraged to be involved. The School  
5 Board recognizes the vital role parents/guardians and family play in the education,  
6 welfare and values of its students, and that the education of each student is a  
7 responsibility shared by the school and the student's parents/guardians and family  
8 members. Furthermore, the School Board encourages the regular participation by  
9 parents of all children to ensure a strong home-school partnership, promote and  
10 increase effective, well-structured, and comprehensive parental/family involvement  
11 practices. This policy incorporates the requirements under the *No Child Left*  
12 *Behind Act of 2001, section 1118 of the Elementary and Secondary Act.*
- 13 a. The Board recognizes that among the factors to improve learning are:
- 14 i. a sound instructional program
- 15 ii. consistent training and information made available to parents to increase  
16 student achievement
- 17 b. The Board recognizes that parental involvement is a desirable element in

20 endeavor to support student learning. Through the support of the Family  
21 Action Network and the responsibility of various departments, parents are kept  
22 abreast of parental involvement topics.
- 23 c. Although parents are of diverse cultures, languages, and needs, they share  
24 the desire for the educational success of their children. Hence, the programs  
25 and practices established by the Board, in collaboration with parents and  
26 communities through the school improvement process, shall support family  
27 involvement and reflect the specific needs of students and families.
- 28 d. Accordingly, the School Board seeks to actively bring together families,
