

POLICY 5.016

4-E I recommend that the Board adopt the proposed revised Policy 5.016, entitled “Choice Schools and Programs.”

[Contact: Mary Vreeland, PX 47371.]

Adoption

CONSENT ITEM

- The Board approved development of this revised Policy at the development reading on November 4, 2009.
- This revision updates references to the most current versions of the Procedures Manual for Choice Schools and Programs and Choice Programs booklet and includes new choice programs and some changes in eligibility for programs.
- The revision states that the purpose of the policy is to set forth: 1) the District's choice schools and programs that may be available to this School District's eligible students; 2) the procedures for applying for these programs; and 3) the eligibility requirements, Choice programs, magnet schools, special programs and career academies are some of the choices referenced within School Board Policy 5.01 (5) (a).
- This revision also updates statutory references.
- Revisions appear in blue or red text.

POLICY 5.016

CHOICE SCHOOLS AND PROGRAMS

- 1
2
3 1. Purpose: The purpose of this policy is to set forth: 1) the District's choice schools
4 and programs that may be available to this School District's eligible students; 2) the
5 procedures for applying for these programs; and 3) the eligibility requirements.
6 Choice programs, magnet schools, special programs and career academies are
7 some of the choices referenced within School Board Policy 5.01 (5) (a).
- 8 2. The School District's [Procedures Manual for Choice Schools and Programs](#)
9 (revised September 2009 ~~August 2008~~) is hereby incorporated by reference as if
10 fully set forth herein and is available on the web site of the Department of Choice
11 Programs an School Choice.
- 12 3. Implementation of the procedures in the Manual shall be coordinated by the
13 Director of Choice Programs and School Choice
- 14 4. The School District's [Choice Programs 2010-2011 2009-2010 booklet](#) is
15 incorporated herein by reference as if fully set forth herein and is available on the
16 web site of the Department of Choice Programs and School Choice. This booklet
17 sets forth the eligibility requirements for the choice programs and provides
18 additional information relating to the programs, including sites and brief
19 descriptions of the programs, addition admission procedures, and transportation
20 zones. The content of this booklet changes annually with new dates, changes in
21 programs, program information, curriculum and eligibility, etc.
- 22 5. The official and most updated version of these two documents can be found on this
23 [Department's website](#) ~~at the above referenced link.~~
- 24 6. Within these documents there will be references to current information as to
25 existing programs and some of the individual involved. These may change during
26 the year. These documents are not intended to create any rights as to the
27 continuation of these current specific programs, sites and/or personnel relating to
28 these programs.
- 29 7. All PBSO forms referenced in the Manual and/or the booklet are hereby
30 incorporated by reference as if fully set forth herein and can be found on either the
31 [District's forms website or the Department of Choice Programs and School Choice](#)
32 [website](#) www.palmbeach.k12.fl.us/choiceprograms ~~or~~
33 www.palmbeach.k12.fl.us/Records/FormSearch.asp ~~and~~ are available from this
34 Department.

SHOWCASE OF SCHOOLS

The Path to Your Future

Tuesday, October 20, 2009

6:00 - 8:00 PM

Americraft Expo Center at the South Florida Fair Grounds

The Department of Choice Programs and School Choice invites all parents/guardians and students to the "Showcase of Schools" on Tuesday, October 20, 2009 at the Americraft Expo Center at South Florida Fairgrounds located at 9065 Southern Boulevard at the corner of Fairgrounds Road and Southern Boulevard.

The "Showcase of Schools" will feature Choice Programs available throughout the School District of Palm Beach County. Representatives from Choice Schools, Career Academies, Magnet and Charter Schools will be available to discuss the educational opportunities offered by the District. Student performances are scheduled throughout the evening. We look forward to seeing you there!

Severe Weather Make Up Date

December 1, 2009

FREE ADMISSION

The School District of Palm Beach County is a leader in the quality and diversity of education offered to students. Choice Programs offer educational opportunities in Palm Beach County schools. While similar courses may be offered in traditional schools, Choice Programs attract students to schools by offering unique opportunities for in-depth experiences and study in specific areas of interest. Each Choice Program emphasizes a specific theme. Parents are encouraged to become actively involved in “choosing” the program most appropriate for the interests, needs, and abilities of their child.

Choice Programs are specialized educational programs that also enable students to take advantage of additional resources and innovative teaching techniques that focus on the child’s individual talents or interests. Choice Programs create an educational environment which responds to student interests, celebrates cultural and ethnic diversity, and fosters student achievement. The School District of Palm Beach County implemented Choice Schools and Programs as one way to ensure that quality educational opportunities were available to **all** students in diverse settings. **ESE, ELL and 504 students can be accommodated in all programs and are encouraged to apply.** The *Procedures Manual for Choice Schools and Programs* can be accessed on the following web site: www.palmbeach.k12.fl.us/choiceprograms.

Choice Programs are designed to:

- Expand educational choices for students
- Set high expectations for all students to achieve academically
- Promote diversity within our schools
- Meet the interests and needs of students
- Enhance parent/community involvement
- Prepare students for further education and/or careers in the world of work
- Provide field-based and hands-on learning experiences
- Offer mentorship, internship and on the job training opportunities

In the School District of Palm Beach County, Choice Programs have three goals:

- 1) to promote or maintain diversity
- 2) to provide a unique or specialized curriculum or approach
- 3) to improve achievement for all students participating in choice programs

The Choice Programs application may be picked up and completed at any Choice School in the School District, or in the Department of Choice Programs and School Choice. The application is also available in a web-based format or in the back of this booklet and may be downloaded from the web site at www.palmbeach.k12.fl.us/choiceprograms.

All information on the student application must be complete and correct. The application must be signed by the parent or guardian to be eligible for selection. The *original* application must be *mailed or delivered* to the Department of Choice Programs and School Choice and *postmarked* by the deadline date. One application must be completed and submitted for each child applying for a Choice Program. **Only one (1) application may be submitted per student and no changes will be allowed once the application is submitted.** Up to three program choices are allowed on the application. Only students currently residing in Palm Beach County are eligible to apply. The application process is described in the *Procedures Manual for Choice Schools and Programs* located at www.palmbeach.k12.fl.us/choiceprograms.

Students applying to Bak Middle School of the Arts (BAK MSOA) or A.W. Dreyfoos Jr. School of the Arts (Dreyfoos) must pass an audition before they can be considered eligible for admission. Students may only select two programs from BAK MSOA or Dreyfoos and/or a third program from another school. Applicants for BAK MSOA and Dreyfoos must attend audition registration and should contact the schools prior to January 1, 2010 for details.

Appeals Procedure: A parent may request an Appeals Committee Hearing by submitting a letter in writing to Director of Choice Programs and School Choice within **ten (10)** school days from the date of the letter indicating their child’s assignment, wait pool status, or determination of ineligibility. As stated in number eight (8) of the *Procedures Manual for Choice Schools and Programs*, an appeal will only be heard if the basis for the appeal is determined to be an inequity or technical problem that occurs during the audition or eligibility process.

Application Deadlines

All applications must be postmarked by: **Friday, December 18, 2009.** **Applications postmarked after the deadline will be processed at a later date pending space availability and will not be part of the initial lottery.** Applications may be submitted by hardcopy or web-based format. Only one application regardless of format (hard copy or web-based) will be accepted per student. Students will be notified by mail, no later than **May 1, 2010**, regarding the status of their acceptance. Some students will be placed in an applicant wait pool when there are more applicants than available seats. Students will be selected on a random basis as openings occur.

For more information, call the Department of Choice Programs & School Choice at (561) 434-8755.

Admission Criteria

At the secondary level, students may be required to meet academic acceptance criteria for admission. In addition, some Choice Programs may require prerequisite high school credit classes in math or foreign language prior to admission. Admission criteria is detailed for each program in this booklet and the individual schools may be contacted for details.

Performance auditions are required for admission to Bak Middle School of the Arts and A.W. Dreyfoos Jr. High School of the Arts. Admission criteria to secondary Choice Programs is located in each secondary Choice Cluster description in this booklet. Upon acceptance to a Choice Program, students and parents will be required to sign an agreement of understanding that all students are expected to demonstrate good conduct and citizenship skills in order to participate fully in the Choice Program's course of studies. Additionally, many Choice Programs have adopted student dress code requirements. Contact the individual school for details. Secondary students and their parents must sign a contract agreeing that the student will maintain a 3.0 GPA in their Choice Program classes, a 2.0 GPA overall, acceptable attendance and acceptable conduct. Students violating this contract can be dismissed from the Choice Program. Acceptable attendance is defined as "no more than 10 absences per semester during the most recent school year." Acceptable conduct is defined as "has not been suspended for a Level 3 or 4 incident or an accumulation of 10 suspension days for the past school year." **Nothing within this section is intended to supersede any 504 or IEP plan.**

Transportation

Choice students will receive transportation to and from the Choice Program to which they are assigned if they reside more than two miles from the school and live within the designated Choice Transportation Zone (see pages 6 & 7). Bus stops to Choice Programs may be limited and located significantly farther from the student's home than transportation to their home school. Students who live outside the Choice Transportation Zone may attend the Choice Program if they provide their own transportation to and from the:

- 1) school
- 2) nearest school bus pick-up location within the transportation zone
- 3) nearest Tri-Rail Station location
- 4) nearest Palm Tran Bus Stop

After-school activity buses may be provided for middle and high school Choice Programs to enable students to participate in extra-curricular activities at the school where they attend if the appropriate numbers are met. Parents are encouraged to contact the Choice Program Coordinator at the school for more information on transportation.

Lottery Selection

All eligible students who submit an application by the deadline date will qualify for participation in the initial computerized random lottery according to the prioritized selections made on the Choice Programs application. Students selecting programs as second (2nd) or third (3rd) choices may not have the opportunity to participate in the initial computerized random lottery selection if there are more first (1st) choice applicants than available seats. When there are more applicants than available seats for the respective choice schools and programs, a computerized, random lottery selection process will be used to ensure equity in the assignment of eligible students to programs. Preference will be given to students in accordance with the student selection process described in the paragraph numbered seven (7) of the *Procedures Manual for Choice Schools and Programs* available at www.palmbeach.k12.fl.us/choiceprograms.

Once a student is admitted to a Choice Program, he or she is expected to remain in that school or program until reaching the highest grade level offered by that school. Students do not have to reapply for admission into the same program once they have been accepted. However, if a child is not selected to attend a Choice Program this year a new application must be filled out the next year.

Applicants who wish to apply to the same Choice school or program that their sibling is currently attending and that their sibling will be enrolled in for the FY 2010-2011 school year, will be given preference for consideration on a space availability basis as stated in paragraph numbered seven (7) in The *Procedures Manual for Choice Schools and Programs*. **A sibling is defined as a brother, sister, half-brother, half-sister, stepbrother, or stepsister who lives in the same household.** To be eligible for sibling preference, parents must complete an application for each sibling and submit it by the deadline. For further information, see the Frequently Asked Questions on pages 3 - 5 of this *Choice Programs 2010-2011* booklet.

Elementary students applying to kindergarten must be five (5) years old on or before September 1, 2010. The Montessori Programs at Northboro Elementary and S.D. Spady Elementary are the **ONLY** schools accepting applications for 3 and 4 year old children. **D.D. Eisenhower Elementary Montessori only accepts 4 year olds. A child must be at least 3 or 4 years old by September 1, 2010, to be eligible for an application to a Montessori Choice Program.**

Completed and signed applications must be returned or mailed to the following address by Friday, December 18, 2009:

The Department of Choice Programs
and School Choice
3308 Forest Hill Boulevard, Suite C-124
West Palm Beach, FL 33406

1. How can I learn about the many different Choice Programs offered within the School District of Palm Beach County?

Review the information within this *Choice Programs 2010-2011* booklet and make a list of the schools about which you would like to receive more information. Contact the schools directly to schedule a tour or attend the Open House indicated on pages 39-41

of the *Choice Programs 2010-2011* booklet. In addition, all schools offering choice programs will be in attendance at the annual Showcase of Schools to be held on **Tuesday, October 20, 2009** at the South Florida Fairgrounds Aircraft Expo Center from **4:00 PM to 8:00 PM**. More information can be obtained at www.palmbeach.k12.fl.us/choiceprograms.

2. How do I know that my child's application was received by the Department of Choice Programs and School Choice?

Only students residing in Palm Beach County are eligible to apply and once an application is processed, the Department of Choice Programs and School Choice will mail a postcard to the address provided on the application. **Please contact the Department of Choice Programs and School Choice if you do not receive a postcard.** If a parent would like confirmation of delivery prior to the postcard being mailed, please send your application with a confirmation of delivery tracking number through the United States Postal Service, UPS or FedEx.

3. Are changes allowed on the application once it is submitted?

No changes are allowed on the application once it is submitted to the Department of Choice Programs & School Choice. If a student is not eligible for one of his/her selected programs, the selections indicated will not change. For instance, if a student is not eligible for his/her first (1st) choice selection, the second (2nd) choice selection **does not** become his/her first (1st) selection and so forth. Due to the large number of students applying to programs as their first (1st) choice, many times second (2nd) and third (3rd) choice applicants are not needed to fill vacant seats in the initial lottery.

4. How is the Choice Programs lottery run?

Student applicants are selected to attend programs through a computerized random lottery process **in late March of each school year**. In order for an applicant to participate in the computerized random lottery, the applicant must meet the eligibility requirements for the program as described in the *Choice Programs 2010-2011* booklet. Applicants must rank their program selections in order as first (1st), second (2nd) and third (3rd) choice preferences on the application.

a) If there are fewer first (1st) choice applicants than number of seats available for a program, all eligible first (1st) choice applicants will be chosen for the program. Once all first choice applicants have been selected, and there are more seats still available, a lottery will be run for all second (2nd) choice applicants who were not selected for their first (1st) choice until all program seats are filled. This process is used for all programs in order to fill all available seats.

If a program still has available seats and all first (1st) and second (2nd) choice applicants have been selected, applicants that have indicated programs as a third (3rd) choice will participate in a third (3rd) choice computerized random lottery until all seats are filled. **Once a student has been selected for one of his/her indicated choices, he/she is immediately removed from the lottery for all other programs indicated.**

b) When there are more first (1st) choice applicants than available seats for any program, applicants are selected by random selection in the preference groups first (preference groups are listed in question 5). Then a computerized random lottery is run to fill the remaining available seats. Applicants will remain in their respective "wait pool" indicated by their numbered choices until the first (1st) choice applicant pool is depleted. Once the first (1st) choice "wait pool" is depleted, applicants from the second (2nd) choice "wait pool" will be selected to fill available seats. Applicants from the third (3rd) choice "wait pool" will not be selected until the first (1st) and second (2nd) choice "wait pools" are depleted. **Once a student has been selected for one of his/her indicated choices, he/she is immediately removed from the "wait pool" for all other programs indicated.**

5. Is there a way for my child to receive preference in the computerized random lottery selection for Choice Programs?

Applicants meeting the eligibility requirements for the specific choice school or program will receive preference in the computerized lottery as follows:

a) Principals have the ability to choose students to fill 20% of the number of seats available. This selection must be from the highest qualified first (1st) choice

applicants. Second (2nd) and third (3rd) choice applicants are not eligible for the Principals' 20% list. **All students, including those who do not attend a public school but live within Palm Beach County, are responsible for supplying their current transcripts (when required), and any other required documentation, to the choice school by the second week of January in order to be considered for the Principals' 20% list.** Questions regarding this information should be directed to the school sites to which the student is applying.

b) **First (1st) choice** applicants that belong to a district-approved priority group or population which includes neighborhood designated SAC areas around the choice school or program. **Priority SAC areas are indicated in Appendix A of the Procedures Manual for Choice Schools and Programs.**

c) **First (1st) choice** applicants who have siblings currently attending the same choice school or program to which they are applying, and will continue to attend during the next school year.

d) **First (1st) choice** applicants who have participated in and completed a program in a similar, documented, preparatory choice theme at the lower grade levels.

e) **First (1st) choice** applicants whose parent(s) are full-time employees at the choice school or program to which they apply.

For more information on the student selection process or lottery preferences, please access the *Procedures Manual for Choice Schools and Programs* available at <http://www.palmbeach.k12.fl.us/choiceprograms> and follow the link to the Procedures Manual.

6. May a parent decline their child's selected program and remain in the "wait pool" for their other programs?

If a student is selected for **his/her** first (1st) choice program, **he/she** MUST accept that program or return to the home school. If a parent does not want their child to attend the second (2nd) or third (3rd) choice program if selected, **he/she** must decline the selected program and notify the Department of Choice Programs & School Choice that they want to remain in the "wait pool" for the other program(s).

7. Is there a possibility that my child will not be selected for any of the choices indicated on their application?

Yes. Depending on the number of students who apply for choice programs, there may be more applicants than available seats and not all students who select programs as second (2nd) or third (3rd) choices will participate in the initial computerized random lottery selection.

8. How do I determine what the eligibility criteria are for a Choice Program?

There are no eligibility criteria for elementary or middle school programs with the exception of Bak Middle School of the Arts. Eligibility criteria for each high school program are printed in the *Choice Programs 2010-2011* booklet under the description of each program. These are the only eligibility criteria a student must meet in order to be considered eligible for the choice program. **Once an application has been completed, it is the parent's responsibility to make sure that the choice school or program receives the student's transcript or academic records. The schools will use the student's previous year academic record and the 1st semester of the current year to determine the student's academic eligibility.** Students applying to Bak Middle School of the Arts or A. W. Dreyfoos School of the Arts must pass an audition before they can be considered eligible for admission. (There are separate publications **distributed** by both schools that describe these audition and selection processes in detail.)

If a student is not determined eligible for **his/her** selected choice program, **his/her** choice selection on their application does not change i.e., the second (2nd) or third (3rd) choice **does not** move to the first (1st) choice selection and so on.

9. If my child is assigned to a second (2nd) or third (3rd) choice program, will he/she remain in the "wait pool" for his/her first (1st) choice program?

No. Once a student is assigned to a program, **he/she is** removed from all "wait pools".

10. After the initial Choice Programs lottery is run, how is the "wait pool" determined?

Students that are not selected to attend Choice Programs in the initial computerized random lottery will remain in the "wait pool" in accordance with the numerical choices made on their application. As openings for programs occur, students will be selected from the first (1st) choice "wait pool" to fill these openings until the first (1st) choice "wait pool" is depleted. Once the first (1st) choice "wait pool" is depleted, students from the second (2nd) choice "wait pool" will be chosen to fill openings as they occur. Students will not be selected from the third (3rd) choice "wait pool" until the first (1st) and second (2nd) choice "wait pools" are depleted.

11. If an applicant only lists one choice on his/her application, will he/she have a better chance of getting into the Choice Program of their choice?

No. All students participating in the Choice Programs computerized random lottery are treated in the same fair and equitable manner.

12. How do I know if the Choice School/Program has received my child's transcripts?

It is the responsibility of the parent to contact the school to ensure that they have all proper documentation necessary to determine the student's eligibility for the Choice Program(s) indicated on the application and any documentation needed for the Principals' 20% list prior to the running of the Choice Programs lottery in late March of each school year. Questions regarding eligibility should be directed to the school sites to which the student is applying. The schools will use the student's previous year academic record and the 1st semester of the current year to determine the student's academic eligibility.

13. If my application is postmarked after the deadline date of December 18, 2009, will my child be in the initial lottery selection?

No. Applications that are postmarked after the deadline of December 18, 2009 are considered late applications and will be processed on a space available basis after the initial lottery has been run and all "wait pools" of on-time applicants are depleted.

14. How does my child qualify for sibling preference?

A sibling is defined as a brother, sister, half-brother, half-sister, stepbrother, stepsister who lives in the same household. To qualify for sibling preference, applicants must apply to the same choice program or school their sibling is currently attending and will continue to attend during the 2010-2011 school year. Consideration for sibling preference is given on a space available basis and must be indicated as the first choice on the application. For more information, see the *Procedures Manual for Choice Schools and Programs* located at www.palmbeach.k12.fl.us/choiceprograms and follow the link to the Procedures Manual.

15. If I am assigned to my 2nd choice or 3rd choice selection, how do I know if I was eligible for my 1st choice selection?

The parent may contact the first choice selection school to find out the status of the student's eligibility.

16. What is the process for an appeal?

A parent may request an Appeals Committee Hearing by submitting a written request to the Director of Choice Programs and School Choice within ten (10) school days from the date of the letter indicating the child's assignment, wait pool status or ineligibility. An appeal will only be heard by the committee if the basis of the appeal is determined to be an inequity or technical problem that occurs during the audition or eligibility process. For more information, see the *Procedures Manual for Choice Schools and Programs* located at www.palmbeach.k12.fl.us/choiceprograms and follow the link to the Procedures Manual.

Frequently Asked Questions about A.W. Dreyfoos School of the Arts and Bak Middle School of the Arts

1. Are the audition scores that are needed to meet eligibility the same for each grade level to which the students are applying?

No. Higher audition eligibility scores are required for ascending grade levels at both Bak Middle School of the Arts and A. W. Dreyfoos School of the Arts. Contact the schools for more information.

2. If my child makes a perfect score on his/her second (2nd) choice art area audition, will he/she be placed in the art area program in front of a lower scoring first (1st) choice applicant?

No. While the order of your art area on the Choice Programs application does not affect the audition process or audition scores, the School District of Palm Beach County selects qualified applicants from their first (1st) choice "wait pool" prior to selecting students from a second (2nd) choice "wait pool". This also applies to the Principals' 20% list. Students selecting art areas as second (2nd) and third (3rd) choice programs are not eligible for selection on the Principals' 20% list.

3. How do I rank order art areas for my child?

The School District of Palm Beach County and all personnel at each of our art schools recommend that the parent prioritize the Choice Programs application selection according to the child's talent and interest.

4. How do I set up an audition date and time?

First, an application must be received by the Department of Choice Programs and School Choice by the deadline date. All on-time applicants should contact the art schools prior to January 1, 2010 regarding audition registration.

5. What if my child is ill on the day of the audition?

Auditions are very stressful for parents and students and many students exhibit physical signs of this stress. However, in order to re-schedule an audition, a student must have a documented illness and a doctor's written verification presented to the arts school to which he/she is applying within three school days of the audition. A new audition date and time will be selected by the school only if there are more audition dates available.

***This program has been reviewed by the National Career Academy Coalition (NCAC) and the Association of Career and Technical Education (ACTE) and has been awarded the prestigious title of "Model or Certified" for meeting or exceeding the National Standards of Practice for Career Academy implementation.*

****Non-choice In-House Career Academy program available at home school for boundaried students.*

Dual Language/International Studies

The Dual Language Program offers an enriched education by providing an English/Spanish/French immersion program to students entering kindergarten through fifth/sixth grade. This program shares the same challenging academic and language development standards mandated by the district and provides students the opportunity to learn to speak, read and write in two languages. Proficiency in multiple languages will enhance these students' future employment opportunities in the global marketplace. The goal of the International Studies Choice Program is to create an environment that promotes equity and positive cross cultural attitudes while students become bilingual and literate in two languages; thus laying the groundwork for future success in the international marketplace.

Environmental Science, Technology, Engineering & Math

Pine Jog Elementary School has partnered with Florida Atlantic University and Pine Jog Environmental Education Center to create the first Leadership in Energy and Environmental Design (LEED) Certified Green Elementary School in Florida, and the only school in the nation with this type of unique partnership.

At Pine Jog Elementary School, there will be focus on environmental science, nature and art. Students will have the opportunity to engage in hands on learning experiences as they explore and discover the wonders of native vegetation and wildlife on 150 acres of Florida habitat. This hands-on, investigative approach requires the student to become an active participant in the learning process. Nature studies will include many opportunities to involve art throughout this integrated curriculum. Innovative teaching strategies will be used to enhance student experiences in the classroom and the field while focusing on the integration of science, nature and art.

International Baccalaureate Primary Years

Highly motivated children who thrive on academic challenges will flourish in the Primary Years Programme (PYP). This Choice program offers a comprehensive, inquiry-based approach to teaching and learning in an internationally designed model for concurrence in learning, with guidelines on student learning styles, methodologies and assessment strategies. The PYP is a combination of the best research and practices from international schools and includes the study of foreign languages and cultures to enhance the international perspective. The discipline of the PYP learning environment encourages inquiry, creativity and flexibility. Growth toward self-reliance, active scholarly success and responsible citizenship are some of the rewards of this program.

K-12 Small School Continuum Model

The K-12 Small School Continuum Model at Village Academy is a unique public school model that is designed to provide a continuous and nurturing educational experience for students in a small school environment. Village Academy currently enrolls students in grades Kindergarten through 11th. By the 2010-2011 school year, Village Academy will enroll students in grades Kindergarten through 12th and will encompass an elementary, middle, and high school on one school campus. Additionally, Village Academy offers an extended day program, which is open from 2:00 p.m. to 7:00 p.m., Monday through Friday, with additional extended time on Saturday and during summer months. The extended day program offers structured academic instruction, homework assistance, recreational activities, and a healthy snack each day. Extracurricular activities and clubs include computers, sports, dance, art, and music.

Math, Science & Technology

The Math, Science and Technology Program uses innovative strategies to motivate the inquisitive child. The students utilize science, math and technology laboratories, as well as other unique interactive learning environments in their daily work. Poinciana has a sixty-seat planetarium, as well as a Space Shuttle Simulator. Access to these areas helps the student achieve academically and develop socially. Students make mathematical and physical discoveries using models they can touch and manipulate in real life experiences. Using an integrated approach to curriculum with science and mathematics as a basis for instruction, students will learn problem solving and logical thinking through the principles studied in the classroom.

Montessori

The Montessori philosophy proposes that every child is born with the strong desire to learn. The program uses a unique method of education that emphasizes the development of the whole child. The Montessori classroom stresses active learning with attractive, academically sequential materials that allow children to develop at their own pace. This prepared environment offers a non-competitive, cooperative learning atmosphere in multi-age classrooms. Students receive a solid foundation in the basic subjects through high-quality, stimulating teaching strategies focused on creative thinking and community-minded problem solving. The Montessori programs are affiliated with the American Montessori Society and all teachers hold a Montessori teaching credential.

International Baccalaureate Middle Years Programme

The International Baccalaureate Middle Years Programme (IBMYP) provides a framework of academic challenge and life skills appropriate to this state of adolescence. The IBMYP offers a holistic educational approach that emphasizes critical thinking skills, global citizenship and intercultural awareness as well as traditional school subjects. Eight academic subjects are required each year of the IBMYP (Language Arts, Mathematics, Science, Social Studies, Fine Arts, Foreign Language, Technology and Physical Education) and are taught through five themes called Areas of Interaction. The Areas of Interaction are: 1) Approaches to Learning, 2) Community and Service, 3) Health and Social Education, 4) Environment, and 5) Homo Faber (Man the Maker).

International Spanish Academy

The International Spanish Academy (ISA) is a highly-developed, active-engagement dual language immersion course of study. Schools with the ISA have a formal relationship with the Ministry of Education and Culture in Madrid, Spain. ISA students will be taught by international teachers with an emphasis on community learning groups and conversation. At the elementary level (grades K-5), students are instructed 50% of their school day in Spanish and 50% in English. At the middle and high school levels, two classes are conducted entirely in Spanish. The goal of the ISA is to promote and develop bilingual skills in speaking, reading and writing Spanish and English. A requirement for participation in the ISA is a willingness to learn new perspectives, sounds and cultural aspects.

Math, Sciences & Technology

The Math, Science and Technology Program provides accelerated and enhanced opportunities for the inquisitive student who is looking for an adventure in exploring, discovering and learning through cooperative learning, inquiry process learning, problem solving and integrated units. Students begin algebra studies as early as grade six, enabling some students to earn credit in as many as three high school honors mathematics courses. The interdisciplinary, thematic curriculum is designed for the student who has an affinity for investigation and challenges. Students practice the skills of observation, experimentation, inference, prediction and measurement through hands-on laboratory experiences, research in the sciences and on-site experiences.

Pre-Biotechnology

The Middle School Pre-Biotechnology Academy is designed to enable middle school students to explore the connections between science content areas and the rapidly growing biotechnology industry. At the same time, students will develop the knowledge base to ensure successful articulation to high school science academies. The program will provide, through a series of science electives, an understanding of the basic principles which form the foundation of biotechnology. Topics that will be explored include genetics, DNA structure and function, utilization of basic biotechnology tools and techniques, forensics, bioethics, and genetic engineering. Students will also survey the major career area opportunities related to the field of biotechnology.

Pre-Culinary Academy

The Pre-Culinary Career Academy is a three year-preparatory program for the middle school student designed to encourage and prepare students for entry into high school culinary arts career academies or related fields of study. This program will provide middle school students with consumer level skills and begin the exploration of the culinary field as well as related occupations.

Areas of study include nutrition, safety and sanitation, learning techniques, terminology and food preparation needed in the workforce, as well as equipment usage. Opportunities to learn front and back of the house operations through entrepreneurship activities is also built into the curriculum. Students will develop the knowledge necessary to transition into the high school Culinary Arts Career Academy.

Pre-Engineering- Gateway to Technology

“Gateway to Technology’s” cutting-edge program addresses the interest and energy of middle school students, while incorporating national standards in math, science and technology. Gateway to Technology Academy is “activity oriented” to show students how technology is used in engineering to solve everyday problems. The instructional units excite and motivate students to use their imagination and teach them to be creative and innovative, while gaining the skills they need to develop, produce and use products and services. The Gateway to Technology curriculum provides a project based hands-on learning approach that is exciting and fun for a full-range of students in today’s grade 6-8 classrooms and that relates technology to students’ daily lives. It also promotes communication and collaboration by emphasizing a team approach in the instructional units. The approach utilizes the strengths of each team member to accomplish the goals of the project, while offering students learning challenges at all ability levels.

Environmental Science & Field Research

The Environmental Science & Technology Academy at Forest Hill Community High School and the Environmental Research & Field Studies Magnet at Jupiter High School meet the needs of students wishing to pursue an academic curriculum with an emphasis on research and environmental studies. Students will explore and evaluate the many challenges related to local, regional and global environments. All students are involved in a learning-through-discovery approach, developing research and thinking skills. Field studies, as well as a variety of current technologies, are utilized throughout the programs. Ecosystem restoration, water-related problems, agricultural awareness, field research and sustainability in the 21st century are some of the issues students investigate in this program. *All students applying to these programs must meet the following eligibility criteria: 2.5 GPA. ~~3 Favorable Teacher Recommendations.~~*

Fashion Design

The Fashion Design Academy is a unique Career Education and College Preparatory program designed to provide high school students with the training and skills necessary for careers in fashion design, fashion merchandising and/or marketing operations. This academy program will prepare high school students for entrance into post secondary education or entrance directly into the workforce. The Fashion Academy has a rich, hands-on curriculum focusing on design skills and a broad array of transferable garment construction techniques. Every student will experience all aspects of garment construction and design starting at entry level with no prior experience required. As students continue through this four year program they will perfect their skills in advanced garment construction, computerized garment design and creative embroidery design using advanced technology to simulate industry standards. ***There are no eligibility criteria required for students applying to this program. 3 Favorable Teacher Recommendations.***

Television & Film Production Technology

The Media, Film and Television Production Technology Academy is dedicated to providing quality education in the organization and dissemination of ideas through television and film production. Students are taught in professional broadcast studios with high quality equipment. Students profit from the use of recording studios, remote cameras, video recorders, video switching and editing equipment and comprehensive computer graphics to complete academic and extracurricular projects. Students are prepared to function as members of a technical team by participating in activities that simulate the conditions found in television and production studios as well as on-location events. Students take a variety of technical and production television and broadcasting classes, preparing them for post-secondary school, college and careers in television and film production. ***There are no eligibility criteria required for students applying to these programs. 3 Favorable Teacher Recommendations.***

Culinary Arts

The Culinary Arts Academy curriculum provides the opportunity for students to train for a variety of careers in the high demand field of food service and preparation. Academic and technical studies will be integrated, emphasizing and building proficiency in food production and cooking, cost control, nutrition and sanitation and workplace safety. Practical work experience will stress sanitation and safety, and include quantity cooking, baking, menu development and food preparation. School site restaurants and catering opportunities will further enhance front and back of the house skills as well as restaurant management. Student organizations allow for competitions during the school year. Upon completion of this program, students will earn SafeStaff Food Handler certification, be eligible for Gold Seal scholarship opportunities and employment in the food service industry. ***There are no eligibility criteria required for students applying for these programs. 3 Favorable Teacher Recommendations.***

International Spanish Academy

International Spanish Academy

The International Spanish Academy (ISA) is a highly-developed, active-engagement dual language immersion course of study. Schools with the ISA have a formal relationship with the Ministry of Education and Culture in Madrid, Spain. ISA students will be taught by international teachers with an emphasis on community learning groups and conversation. At the elementary level (grades K-5), students are instructed 50% of their school day in Spanish and 50% in English. At the middle and high school levels, two classes are conducted entirely in Spanish. The goal of the ISA is to promote and develop bilingual skills in speaking, reading, and writing Spanish and English. A requirement for participation in the ISA is a willingness to learn new perspectives, sounds, and cultural aspects. *All students applying to this program must meet the following eligibility criteria: 2.5 GPA. ~~3 Favorable Teacher Recommendations.~~*

Legal Services

The Gilder Lehrman American History and Law Academy promotes the study and appreciation of American history and the legal framework that has helped to define it. It is a program designed to cultivate and promote knowledge and appreciation of American political, cultural and economic foundations. This program will prepare students in legal theory and practical application of the law to help individuals in our society. Classes will foster the importance of economic and geographical relationships and increase awareness of the richness and diversity in American society. Students are exposed to primary and secondary documents through various publications and traveling exhibits, as well as lectures by eminent historians. In addition, students will participate in field experiences through trips to museums and historical sites. An opportunity to manifest their new found wealth of knowledge will come through state and national competitions. *All students applying to this program must meet the following eligibility criteria: 2.5 GPA, 3 Favorable Teacher Recommendations. ~~3 Favorable Teacher Recommendations.~~*

Marketing Sales and Service Cluster

Marketing

The Marketing Academy is designed to prepare students for employment or advanced training in the marketing and sales industry. This program focuses on broad, transferable skills and stresses understanding and demonstration of the following elements of the marketing industry: planning, management, technical and production skills, underlying principles of technology, labor issues, community issues, and health, safety, and environmental issues. *All students applying to this program must meet the following eligibility criteria: 2.5 GPA. 3-Favorable Teacher Recommendations.*

(561) 795-4900

Marketing Sales and Service Cluster

Sports Management & Recreation

The Sports Management and Recreation Academy provides students the opportunity to pursue a course of study leading to college degrees in sports management, marketing, recreation, health and fitness. Students take courses that stress communication, problem solving, teamwork, business and technology, as well as participation in paid summer internships. For hands-on experiences, students plan and run at least one sporting event. Through internships and special projects students apply business knowledge learned in school and in the community. *All students applying to these programs must meet the following eligibility criteria: 2.5 GPA. ~~3-Favorable Teacher Recommendations.~~*

Science • Technology • Engineering • Math Cluster

Aerospace Science

Boynton Beach Community High School and Embry-Riddle Aeronautical University (ERAU) have partnered to create a unique curriculum option for students throughout the school district. The Boynton Aerospace Science Academy (BASA) offers a rigorous academic program in the fields of aviation, aeronautical science, and aviation maintenance. Each student will have the opportunity to earn dual credit, college and high school, for the BASA courses taken at Boynton Beach Community High School. This exciting and innovative academy provides our students with the latest in educational advancements, current technologies, and crucial job skills all from ERAU professors.

The benefits to this partnership are widespread. Students will receive instruction from ERAU professors which will prepare them for college and/or a professional trade in aeronautics. Parents will profit from savings in tuition costs. Embry-Riddle Aeronautical University will have the opportunity to educate and groom its own quality recruiting pool. *All students applying to this program must meet the following eligibility criteria: 2.5 GPA. ~~3-Favorable Teacher Recommendations.~~*

Biotechnology

The Biotechnology Academy is a program offered in a state-of-the-art facility that will offer students the opportunity to prepare for a career path and the challenges of college. The students will have a wide variety of experiences including the opportunity to “gown-up” and work in a clean room. They will also be able to experiment with plants while studying the science of hydroponics in the school’s hydroponics greenhouse. Technology will be infused into almost all aspects of the curriculum. This new academy will also work to establish partnerships with biotech companies in the area. *All students applying to these programs must meet the following eligibility criteria: 2.5 GPA. 3-Favorable Teacher Recommendations.*

Drafting & Design

The Drafting and Design Academy offers two distinct strands, designed to challenge students with laboratory and classroom based curriculum which promotes the use of critical thinking and computer technology skills. The content and activities in these programs include entrepreneurship, safety, and leadership skills. In the Drafting courses of study, students will employ the use of AutoCAD Computer Aided Design software for architectural, mechanical and 3D projects. In addition, students will take a sequence of challenging courses preparing them for post secondary school, college, and careers in the architectural and engineering fields. In the Communications Technology Strand the study of the processes, uses, and technical skills found in visual technologies (both conventional and digital procedures), multimedia productions, computer animation and graphics, web page design, electronic media and other new and emerging technologies will be incorporated. This strand of study focuses on the understanding and demonstration of the technological tools, machines, instruments, materials, processes and systems in business and industry. Both strands and courses of study offer an in-depth curriculum that will prepare students to successfully enter college or the workforce. *There are no eligibility criteria required for students applying to these programs. 3-Favorable Teacher Recommendations.*

Engineering & Technology Academy-Project Lead the Way (PLTW)

The Engineering Technology Academies are affiliated with Project Lead The Way (PLTW), a not-for-profit organization that forms partnerships with public schools, colleges and universities and the private sector to increase the quantity and quality of engineers and engineering technologists graduating from our educational system. PLTW has developed a four-year sequence of courses which, when combined with college preparatory mathematics and science courses in high school, introduces students to the scope, rigor and discipline of engineering and engineering technology prior to entering college. The courses are: Introduction to Engineering Design, Digital Electronics, Principles of Engineering, Computer Integrated Manufacturing, Civil Engineering and Architecture and Engineering Design and Development. The rigorous academic study combined with technical training addresses major challenges facing the industry and workforce of the 21st century. Relationships with members of the business and industry community including engineering companies, technological firms and educational institutions provide mentorships and expertise. *All students applying to these programs must meet the following eligibility criteria: 2.5 GPA. 3-Favorable Teacher Recommendations.*

Equine/Pre-Veterinary

The Equine/Pre-Veterinarian Academy at Wellington Community High School provides students with an opportunity to pursue a rigorous, accelerated science program to prepare them for veterinary medicine and/or animal sciences at the college level. Due to the rigorous science curriculum, this program is also appropriate for students preparing for a college program in pre-medicine or any field requiring a strong foundation in upper level sciences. Topics include horse anatomy and physiology, behavior, parasitology, disease, lameness, etc. Academy students will be required to complete twenty hours of community service in an animal-based area during each year of high school. Academy students will also be required to intern with an animal health care facility and complete a research project in animal sciences/medicine as a senior in high school. *All students applying to this program must meet the following eligibility criteria: 3.0 GPA, Algebra I or Algebra I Honors required as a prerequisite. 3-Favorable Teacher Recommendations.*

Math, Science, Engineering Program (MSE)

The MSE Program is designed to meet the needs of highly talented students wishing to pursue an accelerated curriculum with emphasis on mathematics, science, and engineering. The academic background provided will allow MSE graduates to be highly competitive in colleges and universities recognized as exemplary in the fields of mathematics, engineering, medicine, oceanography, physics, chemistry, biomedicine, and aeronautics. MSE graduates typically earn between one and two years of college credit.

MSE students take Pre-Calculus, Advanced Placement (AP) Calculus, Calculus II, Calculus III, Differential Equations, and Matrix Theory; the last four classes are dual-enrolled at local universities and earn both high school and college credit. Students participate in scientific research, take introductory courses in mechanical, civil, and electrical engineering, and participate in two, three-week long summer institutes that focus on state-of-the-art engineering practices, for which they earn college credit. In addition, students sit for AP Exams in Physics, Chemistry, Biology, Statistics, Calculus and several liberal arts related subjects of their choosing. A special diploma is awarded to students who successfully complete the MSE Program. **All students applying to MSE must meet the following criteria: 3.0 Academic GPA. Algebra I & II Honors and Geometry Honors required. 3-Favorable Teacher Recommendations.**

Science, Technology, Engineering & Math (STEM)

This four-year pre-university course of study is designed to meet the needs of highly-talented students wishing to pursue a rigorous curriculum with an emphasis on mathematics, science, engineering, medicine, oceanography, physics and chemistry. Entering ninth graders must have successfully completed honors level instruction in Algebra I, Algebra II and Geometry. Courses prepare students for college-level instruction and advanced placement testing. Exciting and unique opportunities to explore community and real world problems are provided. **All students applying to this program must meet the following eligibility criteria: 3.0 Academic GPA. 3-Favorable Teacher Recommendations.**

Auto Collision Repair and Refinishing

The Automotive Collision Repair and Refinishing Academy provides hands-on training in a fully integrated, state-of-the-art facility. This Academy prepares students for employment in the auto body and refinishing industry and for post-secondary education. The program content will include the following: basic trade skills, refinishing skills, sheet metal repair skills, frame and unibody squaring and aligning, use of fillers, paint systems and undercoats, related welding skills, related mechanical skills, trim-hardware maintenance, glass servicing and other miscellaneous repairs. The course content will also include training in communication, leadership, human relations and employability skills and safe efficient work practices. ***There are no eligibility criteria required for students applying to this program.***

Automotive Service Technology

The Automotive Service Technology Academy provides hands-on training in a fully integrated, computerized, state-of-the-art facility. This Academy prepares students for employment and/or specialized training in the automotive industry. This program focuses on understanding and demonstration of the following elements of the automotive industry: planning, management, finance, technical and product skills, as well as the underlying principles of technology, labor issues, community issues and health, safety and environmental issues. Academy graduates will be equipped to pass the automotive specialization certification tests in the following areas: Automotive Lubrication, Automotive Brake System, Automobile Suspension and Steering, Automotive Electrical/Electronic System and Automotive Engine Performance. ***There are no eligibility criteria required for students applying to this program.***

Mission Statement

Career Education in the School District of Palm Beach County is a district resource linking educators, businesses and the community to prepare students with the academic knowledge, technical skills, and abilities to meet the needs of a global society.

Why Career Education?

Students participating in Career Education programs in the School District of Palm Beach County will graduate with career training in high wage, high demand occupations as well as a set of strong workplace competencies that today's workforce demands from its employees. Career Education provides a solid foundation to help build futures for students by integrating academic, critical thinking, technical and organizational skills that are relevant to the real world. Students will leave Career Education programs with the proper skills to make informed decisions for a future career. For more information please visit www.palmbeach.k12.fl.us/careered.

Career Education encompasses the development of knowledge, skills and attitudes through a planned program of learning experiences in education and training settings that will assist students to make informed decisions about future career options.

Career Education in Palm Beach County is:

- Intentional
- Developmental
- Comprehensive
- Available to all students

For more information, please visit www.palmbeach.k12.fl.us/careered

What is a Choice Career Academy?

A Choice Career Academy requires a student to go through the district application selection process to participate in a specialized program available at a school "different" from the school in which they were zoned to attend.

What is an In-House Academy?

An In-House Career Academy is a specialized program at a school in which the student is "normally" zoned to attend and is already at the student's home school. For entry into an In-house Academy, students should contact their school counselor or the school's Career Academy Coordinator.

Is there a difference in curriculum between an In-House Academy and a Choice Academy?

No. Curriculum and programs of study are exactly the same.

The following schools have been reviewed by the National Career Academy Coalition (NCAC) and the Association of Career and Technical Education (ACTE) and have been awarded the prestigious title of “Model Career Academy” or “Certified.”

In order to achieve this outstanding recognition the evaluated career academies possessed competent, enthusiastic and dedicated team members and proved that students are a priority. All academies could be described as supportive smaller learning communities that personalized the education for each student and had an open door policy for parents. These academies were sensitive to ensuring that their course offerings led to Florida occupational Completion Points and that Advanced Placement courses were offered.

What is a Charter School?

Charter schools are public schools that are a part of Florida's program of public education. The School Board of Palm Beach County is the sponsor of the charter schools located in Palm Beach County, Florida.

What are the charter schools' statutory guiding principles, purposes, and requirements?

Charter schools' guiding principles include the following:

1. Meet high standards of student achievement while providing parents flexibility to choose among diverse educational opportunities within the state's public school system.
2. Promote enhanced academic success and financial efficiency by aligning responsibility with accountability.
3. Provide parents with sufficient information on whether their child is reading at grade level and whether the child gains at least a year's worth of learning for every year spent in the charter school.

The charter schools' mandatory and optional purposes are stated in Florida Statute 1002.33 subsection (2). In addition, charter schools must fulfill all of the requirements set forth in Florida Statute 1002.33 Charter Schools subsection (9).

Who is eligible to go to a Charter School?

A charter school in Palm Beach County, Florida shall be open to any student covered in an interdistrict agreement or residing in the School District of Palm Beach County, Florida. However, in the case of a charter lab school, the charter lab school shall be open to any student eligible to attend the lab school as provided in Florida Statute 1002.32 or who resides in the school district in which the charter lab school is located.

What is the enrollment process for a charter school?

The charter school shall enroll an eligible student who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level, or building. In such case, all applicants shall have an equal chance of being admitted through a random selection process.

What type of transportation services are provided to charter schools?

Transportation of charter school students is provided by the charter school as defined in Florida statute 1002.33 subsection (20) Services subparagraph (c).

Where can I obtain information about a specific charter school?

You should contact the charter school directly. A list of charter schools is on pages 45-46 of this document.

Home Education

The Home Education Office registers and ensures statutory compliance for all home-schooled students in Palm Beach County. A student must be of school age to be enrolled in Home Education. When establishing a Home Education Program, the parent/guardian has up to 30 days to submit a Notice of Intent to the Superintendent of Schools/Home Education Designee. All correspondence should be faxed to (561) 434-8447 or mailed to:

**Home Education Office
School District of Palm Beach County
3308 Forest Hill Boulevard, Suite C-124
West Palm Beach, FL 33406**

For more information, please visit www.palmbeachschools.org/homeEducation.htm or contact the Home Education Office at (561) 434-8052.

No Child Left Behind

What is a Title I School?

Title I is a part of the No Child Left Behind (NCLB) Act. The primary purpose of Title I is to ensure equal educational opportunity for all children, regardless of socioeconomic background. Title I schools are identified by the percentage of students in the school who qualify for free or reduced price meals.

How are NCLB Choice Options Determined?

The No Child Left Behind (NCLB) Act provides opportunities for choices in a child's education when a Title I school does not meet Adequate Yearly Progress (AYP). AYP is an individual state's measure of progress toward the goal of 100 percent of students achieving proficiency in state academic standards in at least reading/language arts and math. If a Title I School does NOT make AYP for two or more years, the school is identified as a School In Need of Improvement (SINI). Parents are then offered NCLB Choice Options for their child's education.

What are the Palm Beach County NCLB Options?

The following NCLB Choice Options are available for students attending SINI schools:

2 Years of Not Making AYP

Remain in the assigned school and receive Supplemental Educational Services (FREE Tutoring) from an outside private provider (if eligible)

3 or more years of Not Making AYP

Remain in the assigned school and receive Supplemental Educational Services (FREE Tutoring) from an outside private provider (if eligible)

OR

Transfer to another school

(Transportation provided-District identifies more than one school from which to choose)

NCLB Options Procedures

In April, parents of students attending a Title I SINI school will be notified by letter sent home from the school if their child's school may become eligible for NCLB Choice Options. Interested parents must return the application to the child's current school. When school status is confirmed by the Florida Department of Education in the summer, parents who have returned the application will receive their transfer assignment and/or information regarding eligibility for SES. Parents may then decide if they would like to accept the NCLB Choice assignment.

PROCEDURES MANUAL FOR CHOICE SCHOOLS AND PROGRAMS¹

1. History and Purpose

- a. The School Board is committed to providing quality educational opportunities for all students regardless of background characteristics. It strives to provide an educational environment that enhances the student's educational success, such as a diverse setting that promotes understanding of tolerance and fair play, so that the tenets of a democratic society are reinforced by what students experience in schools. The School Board implemented magnet schools and programs as one way to ensure that quality educational opportunities were available to all students in diverse settings. The School Board continues to use choice schools and programs as a strategy to provide quality educational opportunities for students in diverse settings, to the extent financial resources are available for the programmatic aspects of these schools and programs and for the related transportation. **These educational opportunities will be compliant with federal and state law.**
- b. The many choice schools and programs initiated in the Palm Beach County School District (PBCSD) in the future will continue to maintain the goals of:
 - i. improving achievement for all students who are participating in the choice schools and/or programs;
 - ii. providing a unique or specialized curriculum or approach; and
 - iii. promoting and maintaining the educational benefits of a diverse student body. Diversity and/or diverse, for the purpose of this manual, are defined as students' first language, Exceptional Student Education (ESE) students with disabilities, the socioeconomic status of the students (based on free and reduced-price lunch data), gender, and race/ethnicity consistent with the state of Florida classification for reporting.

2. **Kinds of Choice Programs** -- At the elementary, middle, and high school levels, the PBCSD may implement total-school choice programs or a choice program within a school. In schools implementing a choice program within a school, the principal shall ensure that, for a certain portion of the day, there is interaction between those students participating in the choice program and those who are not in the choice program. For example, this interaction might occur in art, music, or physical education classes or various elective classes at the secondary levels. The appropriate area superintendent and the school principal or designee shall monitor implementation of this provision.

3. **Attendance Boundary Options** -- Where a new choice school or program is established in an existing facility that has an existing attendance boundary, the School Board may elect to:

¹ *This Manual is referenced in School Board Policy 5.016*

- a. maintain the same attendance zone; or
- b. eliminate the existing attendance zone and redraw it so that the students in the existing zone are assigned to another school or other schools in the District, pursuant to School Board Policy 5.01 and 5.012; or
- c. redraw the attendance zone, pursuant to School Board Policy 5.01 and 5.012, so that a portion of the choice school's membership is comprised of students within walking distance of the school. All other students from the previous attendance zone would be reassigned to another school or schools in the PBCSD.

4. **Academic or Related Eligibility Criteria**

- a. *Elementary Level* -- Although elementary schools shall not generally use academic or related criteria for choice-school eligibility, elementary choice schools shall require--as a condition for admission--that parents/guardians sign a contract agreeing to the student requirements of the choice school. This may include required participation in school activities, acceptable attendance, acceptable conduct or abiding by a specified dress code where such requirements are part of the choice theme.
- b. *Secondary Level* -- At the secondary level, the Superintendent and Chief Academic Officer may allow a school to use academic or related criteria for determining whether students are eligible for a choice school or program. Secondary choice schools shall require, as a condition for admission, that parents/guardians sign a contract agreeing to the student requirements of the choice school or program. This may include required participation in school activities, academic criteria (if applicable), acceptable attendance, acceptable conduct or abiding by a specified dress code where such requirements are part of the choice theme. Eligibility must be determined for all students who apply to programs that have academic or related criteria. Once an application is completed, it is the parent's/guardian's responsibility to make sure that the choice school or program receives the required ~~teacher recommendations~~ ~~and/or~~ student's transcript or academic record. [See paragraph (7)(e) below]
 - i. By February 1, the principal shall submit any newly proposed or changed criteria for the next school year to the appropriate Area Superintendent and to the Choice Programs and School Choice Director. By April 1, the Choice Programs and School Choice Director shall review any proposed criteria for the following school year to ensure that they are educationally related to the specialized curriculum or instructional strategy. The Superintendent, Chief Academic Officer or designee, with legal support available from the Office of Chief Counsel, shall review the eligibility criteria and require that they be nondiscriminatory and provide equal access. The Superintendent or designee must approve any changes to the eligibility requirements.
 - ii. Secondary choice schools or programs that use academic or related eligibility criteria must use a selection committee to determine which applicants are eligible for the computerized random lottery selection

process that is used to promote equity and diversity in the assignment of students to choice schools and programs. Principals shall appoint the members of selection committees at choice schools or programs that use selection committees and shall ensure a diverse membership. The names of the proposed members for the selection committee shall be submitted to the Area Superintendent and the Choice Programs and School Choice Director no later than January 19. [See paragraph (7)(e) below]

- iii. All students applying to the District's arts' schools must meet the eligibility criteria set by the school through their audition process in order to be allowed entrance to the school or to be part of the random lottery system.
 - 1. ESE, ELL and 504 students must provide their ESE IEP, ELL Plan or their 504 Accommodation Plan at the time of the audition sign-up or prior to the audition in order to request allowable audition accommodations.
 - 2. Private school students without a District IEP or a District 504 Accommodation Plan may also request allowable audition accommodations if the parent provides appropriate documentation of the student's disability to the school at the time of the audition sign-up or prior to the audition.
 - 3. If a student becomes ill and is unable to audition on the scheduled audition date, he/she must provide the school with written proof of illness from a doctor within three (3) school days of the date of the student's scheduled audition. The student's audition will then be rescheduled at a time set up by the school *only if* there are more audition dates available. If a student qualifies for the program, acceptance will be based on space availability, following the procedures stated below in Section 6 & 7. If no space is available, the student will be placed in the wait pool with other students.

5. **Recruitment** -- To ensure that all students have equitable educational opportunities and to promote diverse choice-school enrollment, it is the goal of the PBCSD to provide all students with the opportunity to access choice schools and programs.

- a. To carry out this goal, the Superintendent and Chief Academic Officer shall ensure that recruitment strategies are developed by each choice school or program and that each school submits a recruitment plan to implement these strategies to the appropriate Area Superintendent and to the Choice Programs and School Choice Director no later than September 15 of each school year. Each school's recruitment plan shall be designed to achieve a diverse applicant pool to promote the PBCSD's diversity goals at each individual choice school or program.
- b. The PBCSD seeks to provide information and assistance to all parents/guardians as they make choices for their children. The PBCSD's Department of Choice Programs and School Choice shall be responsible for making available choice schools and programs information at the Fulton-Holland Educational Services Center, on the PBCSD's Web site [at: www.palmbeach.k12.fl.us/choiceprograms](http://www.palmbeach.k12.fl.us/choiceprograms) and in every public school throughout the PBCSD. The Department of Choice Programs and School Choice is also responsible for coordinating outreach programs for developing

and monitoring applicant pools for each choice school or program. The PBCSD may use resources such as the following to promote these outreach programs: choice school fairs, newsletters, choice program applications, newspaper and radio advertisements, civic organizations, the Internet, The Education Network (T.E.N.), promotional recruitment, and publicity through other local government agencies.

- c. Parents of public school students who reside in the priority SACs for the schools listed in Appendix A of this manual (and are within the appropriate grade level(s)) will receive notification from the school informing them of their opportunity to submit an application and have priority status if they chose the school as their 1st choice and meet the eligibility criteria for their selected program.
6. **Application Process** -- In order for the student-applicant to be eligible for consideration for a choice school or program, the parents/guardians of applicants must return completed applications to the Department of Choice Programs and School Choice (for fall admission to the choice school or program) no later than the District's last full attendance day prior to the beginning of the winter holidays for elementary and secondary (middle and high school) choice schools and programs. The Choice Programs Application (PBSD 1537) ~~and the Teacher Recommendation (PBSD 1725) forms~~ can be found on the District's web site at: www.palmbeach.k12.fl.us/choiceprograms .
- a. Between September 1 and no later than the District's last full attendance day of the first semester for students, the District will make applications available for choice schools and programs, for the following school year, at each public school in the PBCSD, at the Fulton-Holland Educational Services Center and on the Choice Programs website at: www.palmbeach.k12.fl.us/choiceprograms .
 - b. A student must be residing in Palm Beach County prior to completing an application or auditioning for a choice school or program in the PBCSD.
 - c. Only one (1) application may be submitted per student, and no changes will be allowed once the application is submitted. The application shall be verified by the parent/guardian under penalties of perjury, pursuant to Florida Statute, Section 92.525, that the information stated in the application is true and correct.
 - d. The Choice Programs Application is available for submission online at the following website: www.palmbeach.k12.fl.us/choiceprograms. When submitting this completed web-based form, the parent/guardian is verifying, under penalties of perjury, that his/her electronic submitted application is authentic, the information provided is true and correct, and that he/she is the parent/guardian authorized to submit the application.
7. **Selection Process** -- Prior to the annual activation of the selection process for each choice school and program, the staff of the Department of Choice Programs and School Choice shall analyze the applicant pool for each choice school and program. For school-wide choice schools with attendance boundaries, the PBCSD shall estimate the projected enrollment of students residing in the boundary. The

school's program capacity, less this projected enrollment, shall be the number of available seats for the selection process.

- a. In order to ensure that eligible students who live outside the attendance area have access to choice programs, the following formula will be used. This process is not necessary for schools that have no specific Study Area Code (SAC) area assigned.
 1. A maximum enrollment number will be determined for each choice program.
 2. A number indicating 50% of the maximum enrollment will be determined.
 3. The number will be divided by 4.
 4. The quotient will indicate the least number of students from out of the attendance/SAC area that a program may accept at the 9th grade level unless it would bring the total school population above 100% of the school's Florida Inventory of School Housing (FISH) capacity.
 5. If the number of out of attendance/SAC area applicants is less than the number indicated in #4 above, or the school's population is below 100% FISH capacity, all eligible out of attendance/SAC area applicants may be accepted in order to meet the maximum enrollment for the grade level.
- b. The Choice Programs and School Choice Director shall implement the procedures as set forth herein for the annual lottery selection process that will take into consideration the diversity of the PBCSD.
- c. If there are fewer applicants than available seats, the PBCSD shall admit all eligible applicants to the choice school or program. In that situation, applications submitted after the deadline date will be processed for consideration, as placements are needed to continue to fill available seats. Students in the wait pool enrolled in PBCSD elementary or secondary schools will not be placed in choice schools or programs after the 11th day count.
- d. If the applicant pool for a given school contains more eligible applicants than available seats, the PBCSD will use a special selection process, consistent with Florida Statute Section 1003.06 (2008) as to multiple birth siblings, as follows:
 - i. In order for an applicant to participate in the computerized random lottery, the applicant must meet the eligibility requirements for the program as described in the *Choice Programs* booklet. Applicants must rank their program selections in order as first (1st), second (2nd) and third (3rd) choice preferences on the application, if the student has more than one (1) choice program preferences.
 - ii. Where there are more applicants than available seats in a choice school or program, the PBCSD will give preferences as follows:
 - A. up to 20% of the available seats may be selected by the principal from the highest qualified applicants who selected that particular

program as their first (1st) choice for each choice school or program prior to the random lottery. The names of these students will be sent to the Director of Choice Programs and School Choice immediately following the eligibility determination of all students who applied to the choice school or program;

- B. first (1st) choice applicants who meet the eligibility requirement for the specified program who belong to a district-approved priority group or population, which includes neighborhood-designated SAC areas as indicated in Appendix A of this manual (the District will contact parents who submit an application from one of these SAC areas to be sure they are aware of this provision prior to entering the application), and/or any other specified group of students indicated in the school's informational paperwork; and
 - C. up to 45% of the available seats in the elementary or up to 25% of the available seats in the secondary choice school or program may be filled with first (1st) choice applicants using the number of seats remaining, after deducting the 20% of the highest scoring eligible students for the specified program and those students who belong to a district-approved priority group or population which includes neighborhood-designated SAC areas as indicated in Appendix A of this manual. Siblings are defined as the brother, sister, half –brother, half-sister, stepbrother or stepsister living in the same household of those students who are currently attending and will continue to attend the choice school or program the next year; and
 - D. up to 50% of available seats, after deducting the 20% of highest scoring eligible students, those students who belong to a district-approved priority group or population which includes neighborhood-designated SAC areas as indicated in Appendix A of this manual, and the 45% or 25%, as applicable, for siblings, may be filled with eligible first (1st) choice applicants who have participated in and completed a program in a similar, preparatory choice theme at the lower grades. To be eligible for this preference, however, a student must meet any academic or related criteria for the choice program for which they are applying;
 - E. first (1st) choice applicants who meet the eligibility requirements for the specified program will be admitted if they have a parent who is a full-time employee at the choice school to which they apply.
- iii. Next, the PBCSD will analyze whether using a fully random lottery to fill the remaining seats (after admitting boundaried students and giving the preferences described in paragraph (i) above), would result in a student composition, for the school or the programs, reasonably reflective of the diversity of the PBCSD. If the results would be appropriate, the remaining seats will be filled through a computerized, random lottery.

- iv. All eligible students who submit an application by the deadline date will qualify for participation in the initial computerized random lottery according to the prioritized selections made on the Choice Programs application. Students selecting programs as second (2nd) or third (3rd) choices may not participate in the initial computerized random lottery selection if there are more first (1st) choice applicants than available seats. When there are more applicants than available seats for the respective choice schools and programs, a computerized, random lottery selection process will be used to ensure equity in the assignment of eligible students to programs.
- v. If there are fewer first (1st) choice applicants than number of seats available for a program, all eligible first (1st) choice applicants will be chosen for the program. Once all first choice applicants have been selected, and there are more seats still available, a computerized random lottery will be run for all second (2nd) choice applicants who were not selected for their first (1st) choice until all program seats are filled. This process is used for all programs in order to fill all available seats. Once a student has been selected for one of his/her indicated choices, he/she is immediately removed from the lottery for all other programs indicated on his/her Choice Programs Application (PBSD 1537).
- vi. If a program still has available seats and all first (1st) and second (2nd) choice applicants have been selected, applicants that have indicated programs as a third (3rd) choice will participate in a third (3rd) choice computerized random lottery until all seats are filled. Once a student has been selected for one of his/her indicated choices, he/she is immediately removed from the lottery for all other programs indicated on his/her Choice Programs Application (PBSD 1537).
- vii. Applicants will remain in their respective “wait pool” indicated by their numbered choices until the first (1st) choice applicant pool is depleted. Once the first (1st) choice “wait pool” is depleted, applicants from the second (2nd) choice “wait pool” will be selected to fill available seats. Applicants from the third (3rd) choice “wait pool” will not be selected until the first (1st) and second (2nd) choice “wait pools” are depleted. Once a student has been selected for one of his/her indicated choices, he/she is immediately removed from the “wait pool” for all other programs indicated on his/her Choice Programs Application (PBSD 1537).
- viii. However, if using a fully-random lottery, as set forth in sub paragraph (7)(d)(iii) above, to fill the remaining seats (after admitting boundaried students and giving the preferences described in paragraph (i) above) would likely result in a school enrollment that, based on a statistical analysis, is not reasonably reflective of the diversity of the PBCSD in terms of the designated variables, then a weighted random lottery selection process would be conducted according to the following procedure:
 - A. The applicant pool shall first be weighted for students’ first language. Then, that new weighted pool and existing enrollment will be

analyzed for other factors listed below. If the likely school enrollment would fall within the appropriate range for all of those factors, then a lottery shall be conducted using the pool weighted only for students' first language;

- B. If further weighting is needed after weighting for students' first language, the pool may then be weighted for ESE students with disabilities. Then, that new weighted pool and existing enrollment will be analyzed for other factors listed below. If the likely school enrollment would fall within the appropriate range for all of those factors, then a lottery shall be conducted using the pool weighted only for students' first language and ESE students with disabilities;
 - C. If further weighting is needed after weighting for students' first language and ESE students with disabilities, the pool may then be weighted for socioeconomic status of the students. Then, that new weighted pool and existing enrollment will be analyzed for other factors listed below. If the likely school enrollment would fall within the appropriate range for all of those factors, then a lottery shall be conducted using the pool weighted only for students' first language, ESE students with disabilities and socioeconomic status of the students;
 - D. If further weighting is needed after weighting for students' first language, ESE students with disabilities and the socioeconomic status of the students, the pool may then be weighted for gender to the extent necessary to limit the estimated variation in gender to a reasonable degree. Then, that new weighted pool and existing enrollment will be analyzed for other factors listed below. If the likely school enrollment would fall within the appropriate range for all of those factors, then a lottery shall be conducted using the pool weighted only for students' first language, ESE students with disabilities, socioeconomic status of the students and gender;
 - E. If further weighting is still needed after weighting for students' first language, ESE students with disabilities, the socioeconomic status of the students, and gender, as a last resort the pool may also be weighted for race/ethnicity, and a random lottery selection process will then be held.
- e. For secondary schools with academic or related eligibility criteria, all applicants determined to have met the eligibility requirements shall have access to the choice school or program through the computerized random lottery selection process, as described above. Selection committees shall determine those students who have met the eligibility criteria. No later than the first week in February, the Choice Programs and School Choice Director shall require that principals submit a list of student applicants who do not meet the eligibility requirements, as well as a list of students who do meet the requirements and are eligible for access to the choice school or program through the random lottery selection process. There shall be no rank ordering of eligible students.

- f. Students are obligated to accept the program that they have indicated as their first (1st) choice, if they are selected, or they must return to their home school.
- g. If a parent does not want his/her child to attend the second (2nd) or third (3rd) choice program, if selected, the parent must decline the selected program and notify the Department of Choice Programs & School Choice that the student wants to remain in the “wait pool” for his/her other program(s).
- h. Students that are not selected to attend Choice Programs in the initial computerized random lottery will remain in the “wait pool” in accordance with the numerical choices made on their application. As openings for programs occur, students will be selected from the first (1st) choice “wait pool” to fill these openings until the first (1st) choice “wait pool” is depleted. Once the first (1st) choice “wait pool” is depleted, students from the second (2nd) choice “wait pool” will be chosen to fill openings as they occur. Students will not be selected from the third (3rd) choice “wait pool” until the first (1st) and second (2nd) choice “wait pools” are depleted.
- i. If a student is not determined eligible for his/her selected choice program(s), the choice selection on the application does not change i.e., the 2nd or 3rd choice does not move to the 1st choice selection and so on.

8. Appeal Process -- If parents/guardians believe that their child was not allowed an equitable opportunity to a choice school or program during the audition or eligibility process, the parent/guardian may request an appeal.

- a. A parent may request an appeal within ten (10) school days from the date of the letter indicating his/her child’s assignment, wait pool status, or determination of ineligibility. The request for an appeal must be sent in writing to the Choice Programs and School Choice Director, with a copy sent to the choice school or program’s principal. The request must state the alleged inequity or technical problem as defined in (8) (b) below and should include information supporting the appeal.
- b. The following definitions apply to this appeal process:
 - 1) **Technical Problem:** Any relevant malfunction, such as defective equipment or a power failure in the building, or a mathematical error that could have a negative effect on the outcome of the student’s audition or eligibility process.
 - 2) **Inequity:** A failure to provide appropriate accommodation(s) according to a child’s documented disability or limited English proficiency during the student’s audition or eligibility process.
- c. After a written request for an appeal is received from a parent/guardian, the Department of Choice Programs & School Choice will investigate the alleged inequity or technical problem to determine its merit. At the completion of the investigation, one of the following actions will occur:
 - 1) The Department of Choice Programs and School Choice will send a letter to the parent/guardian denying the appeal.
 - 2) The Department of Choice Programs and School Choice will send a written notification to the parent/guardian of the time, date and location of the appeal committee hearing.

3) The Choice Schools or Programs principal/designee will contact the parent/guardian regarding the information received if the appeal appeared it may have merit.

d. If an appeal committee hearing is granted, the parent/guardian will be given ten (10) minutes to present to the appeal committee the basis of their appeal stating the inequity or technical problem that occurred during the audition or eligibility process as stated in the written request for an appeal to the Director of Choice Programs & School Choice. The Choice Appeal Committee is established under the direction of the Choice Programs and School Choice Director and shall consist of professional educators and administrators with experience and knowledge of schools within the school district. At the conclusion of the parent/guardian's presentation, the committee will have an opportunity to ask questions of the parent/guardian. The parent/guardian will then leave the room. The school principal or designee of the choice school or program will be asked to enter the room and have ten (10) minutes to present information concerning the alleged inequity or technical problem previously presented by the parent. At the completion of the responsive presentation, the committee will have an opportunity to ask questions of the choice school or program principal or designee. The choice school or program principal or designee will exit the room. The committee will discuss the information and make the final decision as soon as practicable. Within ten (10) school days from the date the final decision is made, the Director of Choice Programs and School Choice will send a copy of the appeals committee decision to the parent or guardian and the choice school or program principal.

9. Transportation -- The School Board shall provide transportation for all students who are enrolled in choice schools and programs who reside more than two miles from the choice school or program, and who reside within a designated choice transportation zone. Bus stops to choice schools or programs may be limited and located significantly further from the student's home. Those students not residing in the transportation zone for a specific choice school or program, but who are selected, may attend but will have to provide their own transportation to and from the school, the nearest school bus pick-up location within the transportation zone, or the nearest Tri-Rail Station location or Palm Tran bus stop. Where economically feasible, the School Board shall provide activity buses to and from secondary choice schools or programs to enable students to participate in extracurricular activities offered at the secondary choice schools or programs which they attend. Transportation zones for each Choice School are located in the *Choice Programs* booklet.

10. Student Continuation and Exit Procedures -- Once a student is admitted to a choice school or program, the PBCSD expects and shall allow the student to remain in that choice school or program until the student reaches the highest grade level offered by that school. Students do not have to reapply for admission into the same program once they have been accepted to a choice school or program. However, if a student is not selected to attend a choice school or program this year, a new application must be filled out the following year. A student who fails to meet the standards established in the contract will be placed on probation. If concerns continue or a serious offense occurs, a committee will be established to review, discuss and recommend the appropriate action, as per School District procedures. If a student exits a choice school or program,

voluntarily or involuntarily, that student will remain at the same school site for the remainder of the school year, and be placed ,if possible, in the regular programming of that school. If there is no regular programming available, that student will attend the school assigned to his/her residence at the end of the following semester. An exit interview will be required for any student who is withdrawn from the choice school or program for any reason other than a change in residence.

11. Creating, Replicating, or Moving a Choice School or Program --

- a. By January 1 of each year, the Superintendent, Chief Academic Officer and the appropriate Area Superintendent, shall determine whether there is a need to identify any potential sites for new choice schools or programs, for replication of existing choice themes at new sites, or for moving a choice program from one school to another. If the need exists for a new school or program, the Program Proposal form (PBSD 2079), (found on the District's website at: www.palmbeach.k12.fl.us/Records/FormsSearch.asp), must be submitted to the Chief Academic Officer for review by the Program Proposal Review Committee. The Chief Academic Officer, Superintendent and Cabinet will then review the committee's recommendation and approve the program, if appropriate, for implementation up to 18 months from the date of approval.
- b. In making this determination, the Superintendent, Chief Academic Officer, and Cabinet shall utilize the goals for choice schools and programs provided in Section (1)(b) above. In addition, the Superintendent shall use a number of other considerations, including:
 - i. the geographic location of a potential site in order to ensure equitable access to choice programs, including reasonable transportation time, for all students;
 - ii. any demographic changes in an attendance zone, such as declining enrollment or decreasing diversity;
 - iii. the suitability and condition of the potential site;
 - iv. the School Board's priorities;
 - v. the impact that implementing a choice school or program at a potential site might have on displacing students currently assigned to the school and on the enrollment and diversity at the surrounding schools;
 - vi. the potential for attracting a diverse enrollment to a proposed site;
 - vii. the impact on concurrency and the capacity and utilization of a potential site;
 - viii. the achievement data that demonstrates student learning gains;

- ix. the budgetary impact for creating a new choice school or program, or of replicating a theme at a new site. Consideration should include the available funds for existing choice schools and programs and any other needs of the PBCSD.
- c. In addition to the above factors, in determining whether to replicate a choice theme at another school in the PBCSD, the Superintendent, Chief Academic Officer or designee shall consider whether there is sufficient demand for that theme by reviewing any waiting list for the theme at an existing school, including the number and diversity of the students on the list.
- d. When the Superintendent, Chief Academic Officer or designee has identified a potential site, the proposed theme will be recommended for that site. The Superintendent shall base this recommendation on whether the choice theme:
 - i. will draw a diverse enrollment to that site;
 - ii. will improve academic achievement;
 - iii. is aligned with the PBCSD's course of study and preparations for career pathway requirements; and
 - iv. should be implemented for grades K-12.
- e. Once the potential sites and themes are identified, the Superintendent, Chief Academic Officer or designee shall invite principals at those schools to submit the Program Proposal form (PBSD 2079), for a choice school or program at their respective schools. A Choice 5 Year Plan is updated yearly and includes all choice programs recommended for initiation. The Choice Programs and School Choice Director shall provide assistance, as needed, in the development of the proposals. These proposals shall include:
 - i. the development of the choice theme/program/design recommended by the Superintendent, Chief Academic Officer or designee;
 - ii. strategies for attracting a diverse population;
 - iii. strategies for improving academic achievement;
 - iv. strategies for aligning the choice theme with the PBCSD's course of study and career pathway requirements;
 - v. how students in the PBCSD shall have access to the application and transportation process for the choice school or program;
 - vi. what the budget requirements are for the choice school or program, including an explanation of why each budget item is reasonable and necessary for the choice theme or program;

- vii. the impact on facilities and any future recommendations;
 - viii. how the choice school or program will be monitored and evaluated in addition to completed choice program evaluation results.
- f. Principals shall submit their proposals to the appropriate Area Superintendent and to the Choice Programs and School Choice Director by January 31 of each year. Choice schools or programs may be implemented up to 18 months from date of approval.
- g. The Superintendent, Chief Academic Officer or designee shall review the proposals using the goals and criteria specified in the guidelines. Based on the review, the Superintendent shall present to the School Board by May 1, which, if any of the proposals for new or revised choice schools or programs may be implemented.

12. Determining Continuation of Existing Choice Schools or Programs

- a. If a choice school or program is not meeting or making satisfactory progress toward the three goals specified in paragraph (1)(b) above, the Choice Programs and School Choice Director, the Area Superintendent, and the Director of School Improvement shall initiate the activities of a technical assistance planning team. A technical assistance plan will be prepared no later than June 1 for implementation the following year in the choice school or program.
- b. If a choice school or program has not made satisfactory progress after at least three years of implementation and one full year of technical assistance, the Area Superintendent shall notify the principal by June 1 of the end of the technical assistance year regarding discontinuation of the choice school or program. If a choice school or program is discontinued, the Area Superintendent and the principal shall develop a plan to be presented to the Superintendent, Chief Academic Officer or designee to ensure an orderly transition of the choice school or program to a non-choice school program. A Program Conversion/Closure form (PBSD 2168), ~~incorporated herein by reference~~ (found on the District's website at: www.palmbeach.k12.fl.us/Records/FormsSearch.asp), must be completed by the school site, and then will be discussed at the monthly Program Proposal Review Committee meeting.

13. Diversity and District-Wide Maintenance of School Populations

- a. A list will be sent to Area Superintendents, choice schools or programs principals, school-based coordinators, Multicultural and ESE Departments on a bi-weekly basis of English Language Learners (ELL/LY) students and ESE students with disabilities who have applied to choice schools or programs. This information will allow schools to self-monitor their recruiting methods and utilize more effective means for attracting ELL/LY and **ESE** students to their programs.

- b. During the first week of November, the Department of Choice Programs and School Choice staff will analyze elementary and secondary school level choice applications for diversity. The results of the analysis will be shared with the choice school principal and appropriate Area Superintendent. By November 15, if necessary, the Choice Programs and School Choice Director will notify the Area Superintendent if any action plans are required from the principals to modify the recruitment procedures to increase the diversity of the applicant pool for the current recruitment period.
- c. A Choice School or Program ELL/ESE Review Committee consisting of Choice Program, Multicultural, **ESE**, Area and school-level personnel representation will review all LY and **ESE** students with disabilities as to their respective classification that were deemed “ineligible” for program placement. If the committee determines that the students’ records indicate that the student should be considered “eligible”, the committee will confer with the choice school or program principal to discuss the student’s status.
- d. If necessary, the eligible ELL/LY students may be prioritized for placement if there are a disparate number of LY students in each choice school or program.
- e. If necessary, the eligible ESE students with disabilities may be prioritized for placement if there are a disparate number of ESE students with disabilities in each choice school or program.

14. Budgeting and Funding Implications -- No later than September 1 of each school year, choice school principals may submit any proposed budget items to support the unique needs of the choice theme for the following school year. This budget proposal shall be submitted to the Department of Choice Programs and School Choice, and shall be reviewed by the Choice Programs and School Choice Director prior to submission to the Director of Budgeting Services for funding consideration. This process is also followed during the Program Proposal Review Committee meetings.

15. Monitoring and Evaluation -- The Superintendent may submit to the School Board a report regarding the implementation of choice schools and programs. This report may include:

- a. data on the pool of eligible students for each choice school or program;
- b. the diversity of the recruitment pool (in evaluating whether a choice school or program meets or will meet the goal of diversity), the PBCSD broadly considers various types of diversity.
- c. recruitment techniques that have increased and decreased the diversity of the pool of eligible students;
- d. data on the students who were accepted into each choice school or program, including the diversity of the students who were accepted into each choice school or program;

- e. data on the selection committees that are used to determine student eligibility for choice schools or programs, including the diversity of these committees;
- f. identification of any perceived barriers to students being eligible for and admitted into choice schools or programs and recommendations for eliminating any barriers;
- g. data on the unique nature of the program or specialized curricular approach, and its impact on attracting a diverse population;
- h. data on how students are performing in each choice school or program, including how students from diverse populations are performing;
- i. data on the withdrawal of students from each choice school or program; and
- j. any recommendation for improving choice schools and programs, particularly as to the participation of students in choice schools or programs, and the development of outstanding choice schools or programs.

16. Annual Review -- The Department of Choice Programs and School Choice shall review these procedures annually and submit any recommendations for revision to the Superintendent, who may recommend that the procedures be amended accordingly.

DUE DATE TIMELINE

Due Date	Item Due	Intended Person/Department
No later than September 15	Choice Program Recruitment Plan	Area Superintendent, Choice Program & School Choice (CPSC) Director
Between September 1 and the District's last day of student attendance prior to the beginning of the winter holidays.	Application period for elementary and secondary school students	CPSC Department
January 1	Schools submit new program proposals for next school year on PBSB 2079	Area Superintendent, CPSC Director for review by Superintendent and Chief Academic Officer (CAO)
January 19	Schools submit names of eligibility selection committee, if applicable	Area Superintendent, CPSC Director
January 31	Schools submit proposal outlining new program implementation plan	Area Superintendent, CPSC Director for review by Superintendent & CAO
February 1	Schools submit newly proposed or changed eligibility criteria for next school year	Area Superintendent, CPSC Director
April 1	Newly proposed or changed eligibility criteria request reviewed	Superintendent & CAO
May 1	New program implementation plan recommended to school board, if appropriate	Superintendent
June 1	Schools submit technical assistant plan if not making satisfactory progress	Area Superintendent, CPSC Director, School Improvement Director

APPENDIX A

Choice Programs and School Choice Priority SAC Areas

School	Program	Choice Priority SAC Areas	Note
Morikami Park Elementary	International Baccalaureate Primary Years	296B, 306A, 306B	Students must submit an application by the deadline
Poinciana Elementary	Math, Science and Technology	257, 406A, 406B	
S.D. Spady Elementary	Montessori	288, 290B, 294	
BAK Middle School of the Arts	Visual, performing, Communications Arts	102, 103, 097C	Must submit an application by the deadline and pass the audition
Suncoast High	Interdisciplinary Program	081A, 081B, 081C, 081D, 081E, 081F, 081G, 081H, 081J, 082, 083, 084, 093C, 093D, 093E, 094A, 094B, 094C, 094D, 094E,	Must submit an application by the deadline

CHECK ONE ONLY Elementary Middle High School

Deadline Date: December 18, 2009 No faxed applications. Incomplete applications will NOT be processed.

Type or print this form in blue or black ink. Complete one application per child. Complete all information requested. Completion of this application does not guarantee admission. Falsification of information on this application could lead to ineligibility for Choice Programs. **Students applying for kindergarten must be 5 years old by September 1, 2010.** For more information, call (561) 434-8755. Return completed application to: **The Department of Choice Programs and School Choice 3308 Forest Hill Blvd., C-124, West Palm Beach, FL 33406.**

Student Name (first, middle, last)			Student Number	Current Grade	Grade Applying for
Gender <input type="checkbox"/> F <input type="checkbox"/> M	Birth Date (mo/day/yr) / /	Name of Parent(s)/Legal Guardian(s)	Current School		
Ethnic Origin (check one) <input type="checkbox"/> Hispanic or Latino <input type="checkbox"/> NOT Hispanic or Latino		Race (check at least one) <input type="checkbox"/> Black/African American <input type="checkbox"/> American Indian/Alaskan Native <input type="checkbox"/> Asian <input type="checkbox"/> Native Hawaiian/Pacific Islander <input type="checkbox"/> White			
Home Address (street/apt. number, city, state, zip code)			Home Telephone	Business Telephone	
Mailing Address (If different from home address) (street/apt. number, city, state, zip code)			Language Preferred	Cell Telephone	
Has the applicant participated in and completed a program in a similar preparatory choice theme at lower grades? <input type="checkbox"/> Yes <input type="checkbox"/> No					
If yes, provide name of school _____ and program _____					

SIBLINGS Siblings are defined as brother, sister, half-brother, half-sister, stepbrother or stepsister, living in the same household.

Sibling(s) currently **attending** the Choice Program to which the student is applying

NAME OF SIBLING	SCHOOL	PROGRAM	BIRTHDATE	CURRENT GRADE

Sibling(s) currently **applying** to the same Choice Program as their sibling.

NAME OF SIBLING	SCHOOL	PROGRAM	BIRTHDATE	CURRENT GRADE

EMPLOYMENT INFORMATION If either parent/guardian of this child is a full-time employee at one of the selected schools, have the principal verify the employment at the selected school by signing below. The parent/guardian is employed at the following school:

NAME OF SCHOOL

SIGNATURE OF SCHOOL PRINCIPAL

DATE

PARENT/GUARDIAN SIGNATURE I have read, understand and agree to the following:

- I have read (or had read to me), understand and had an opportunity to ask questions about the information provided on Choice Programs in the "Choice Programs 2010-2011" booklet and the "Procedures Manual for Choice Schools and Programs" (electronic copies available at www.palmbeach.k12.fl.us/Choiceprograms or hard copies available at all school centers.)
- I understand that **ONLY ONE** (1) application may be submitted per student and **NO CHANGES** will be allowed once the application is submitted.
- Students are obligated to accept the choice program they have indicated as their first choice, if selected, or they must return to their home school.**
- I understand that I must notify the arts school prior to an audition and provide my child's IEP, ELL (LEP), or 504 plan to request allowable accommodations for my child.
- I understand that if my child is not selected this year, I must reapply next year.
- My signature below verifies, that I declare, under penalties of perjury, pursuant to Florida Statute, Section 92.525, that I have read this application and the information stated in this application is true and correct.

Choice Programs Application

School Year 2010-2011 Program Lists

Student Name

DIRECTIONS Indicate your first, second and third program choices by placing a "1" for first choice, a "2" for second, and a "3" for third choice in the columns marked "#". Only three program choices are permitted. If there are more eligible 1st choice applicants than number of available seats, students selecting programs as 2nd and 3rd choices may not have the opportunity to participate in the initial computerized, random lottery selection. **Eligibility criteria for high school programs is indicated in the *Choice Programs 2010-2011* booklet on pages 22-37 located at <http://www.palmbeach.k12.fl.us/choiceprograms>. Please review the eligibility criteria prior to selection.**

MONTESSORI Northboro Elementary and S.D.Spady Elementary are the only Choice schools accepting applications for 3 and 4 year old students. **D.D. Eisenhower Elementary will accept 4 year old students. Students applying to the Montessori Program must be 3 or 4 years old by September 1, 2010**

SCHOOL OF THE ARTS Students applying for *Bak Middle School of the Arts* (Bak MSOA) or *A. W. Dreyfoos School of the Arts* (Dreyfoos) must pass an audition before they can be considered eligible. Students may only select two programs from Bak MSOA or Dreyfoos and/or a third program from another school.

AUDITIONS Applicants for Bak MSOA and Dreyfoos SOA must attend audition registration and should contact the schools prior to January 1, 2010 for details.

ELL/ESE/504 STUDENTS who need special accommodations or translations during audition(s) should contact the magnet coordinator at Bak MSOA, (561) 882-3801, or at Dreyfoos, (561) 802-6001.

APPEALS PROCESS Parents may request an Appeals Committee Hearing within ten (10) school days from the date of the notification indicating their child's choice assignment, wait pool status or determination of ineligibility and must submit a letter in writing to the Director of Choice Programs & School Choice for the School District of Palm Beach County. An appeal will only be granted if the basis of the appeal is determined to be an inequity or technical problem that occurs during the audition or eligibility process.

DUPLICATE PROGRAMS [*] students must choose the program located in the school closest to where they live if the **academies and programs** are located in more than one school. For Choice School locations refer to the Choice map on page 38 of the *Choice Programs 2010-2011* booklet available at www.palmbeach.k12.fl.us/Choiceprograms (hard copy available at all school centers).

Fecha límite: 18 de diciembre de 2009 No se aceptan solicitudes vía fax y las que estén incompletas **no** serán procesadas.

Escriba en letra de molde y con tinta azul o negra. Llene una solicitud por cada estudiante y complete toda la información necesaria. El llenar este formulario no garantiza que su hijo(a) será admitido. Cualquier información falsa que suministre podría descalificar al estudiante de los programas de especialización. **Los estudiantes de primaria que presenten solicitudes para Kindergarten, deben haber cumplido los cinco (5) años de edad el 1ro. de septiembre de 2010 o antes.** Para obtener más información, llame al (561) 434-8755. Envíe su solicitud llena a: **The Department of Choice Programs and School Choice 3308 Forest Hill Blvd., C-124, West Palm Beach, FL 33406.**

Nombre del estudiante (nombre, segundo nombre, apellido)		Número del estudiante	Grado actual	Grado al que ingresa
Sexo <input type="checkbox"/> F <input type="checkbox"/> M	Fecha de nacimiento (m/d/a) / /	Nombre de uno de los padres o tutores legales	Escuela actual	
Origen étnico (seleccione sólo uno) <input type="checkbox"/> Hispano o latino <input type="checkbox"/> No hispano o latino		Raza (seleccione al menos uno) <input type="checkbox"/> Negro o afroamericano	<input type="checkbox"/> Indígena americano o nativo de Alaska <input type="checkbox"/> Nativo de Hawai o isleño del Pacífico	<input type="checkbox"/> Asiático <input type="checkbox"/> Blanco
Dirección (número de la casa o apartamento, calle, ciudad, estado, código postal)			Teléfono del domicilio	Teléfono del trabajo
Dirección Postal (si es diferente) (número de la casa o apartamento, calle, ciudad, estado, código postal)			Idioma preferido	Número del celular
¿Ha asistido o culminado el solicitante algún programa similar en grados anteriores? <input type="checkbox"/> Sí <input type="checkbox"/> No Si la respuesta es positiva, provea el nombre de la escuela: _____ y del programa: _____				

HERMANOS: Se define como hermanos a los hermanos, medios hermanos y hermanastros que viven con el estudiante en la misma casa.

Hermanos que actualmente **asisten** al programa de especialización que está solicitando el estudiante.

NOMBRE DEL HERMANO(A)	ESCUELA	PROGRAMA	FECHA DE NACIMIENTO	GRADO ACTUAL

Hermanos que actualmente **están presentando** una solicitud para un programa de especialización.

NOMBRE DEL HERMANO(A)	ESCUELA	PROGRAMA	FECHA DE NACIMIENTO	GRADO ACTUAL

INFORMACIÓN LABORAL Si uno de los padres o tutores trabaja a tiempo completo en alguna de las escuelas seleccionadas, deberá pedirle al director(a) que firme a continuación para verificar que está empleado en ese plantel. Uno de los padres o tutores legales está empleado en:

NOMBRE DE LA ESCUELA

FIRMA DEL DIRECTOR DE LA ESCUELA

FECHA

FIRMA DE UNO DE LOS PADRES O TUTORES He leído, entiendo y estoy de acuerdo con lo siguiente:

1. He leído (o alguien me leyó), entiendo y tuve la oportunidad de realizar preguntas acerca de la información que se encuentra en el Manual de los programas de especialización del año escolar 2010-2011 y en el de los procedimientos (la versión electrónica se encuentra disponible en la página en la Internet www.palmbeach.k12.fl.us/Choiceprograms, o impresa en los centros escolares).
2. Entiendo que **sólo** se podrá presentar una (1) solicitud por estudiante y **no** se podrán hacer **cambios** una vez que sea entregada.
3. **Los estudiantes están bajo la obligación de aceptar el programa de especialización que escojan como primera opción si son escogidos, de lo contrario tendrán que regresar a la escuela que les corresponde.**
4. Entiendo que, antes de la audición, debo comunicarme con las escuelas de artes y proporcionarles el plan *IEP*, *ELL* (*ELP*) o el plan según la sección 504 de mi hijo para solicitar las modificaciones necesarias.
5. Entiendo que si mi hijo no es seleccionado este año, tendré que presentar otra solicitud el próximo año.
6. Hago constar con mi firma a continuación, que bajo penalidad de perjurio según la sección 92.525 de los estatutos de la Florida, toda la información en esta solicitud es verdadera y correcta.

Solicitud para las escuelas y programas de especialización

Lista de los Programas para el año escolar 2010-2011

Nombre del estudiante

INSTRUCCIONES: Indique su primera, segunda y tercera opción con un "1", "2" y "3" respectivamente en la columna que encabeza el signo de número (#). Sólo se permite seleccionar tres programas de especialización. Si más estudiantes que cupos disponibles, escogen el mismo programa como su 1ra. selección, los que lo escogieron como su 2da. o 3ra. opción no podrán participar en la lotería computerizada de selección. **Los criterios de elegibilidad aparecen en el manual para los Programas de Especialización 2010-2011, desde la página 22 a la 37, el cual se encuentra en la página de la internet <http://www.palmbeach.k12.fl.us/choiceprograms>. Por favor, revíselos antes de hacer su selección.**

ESCUELA MONTESSORI: Las únicas escuelas de especialización que están aceptando solicitudes de estudiantes entre los 3 y 4 años de edad son las escuelas primarias Northboro y S. D. Spady. **Los estudiantes que aspiran entrar al programa Montessori deben cumplir 3 o 4 años de edad el 1ro. de septiembre del 2010 o antes.**

ESCUELAS DE ARTES: Los estudiantes que soliciten matrícula en la Escuela Intermedia de Artes Bak (*Bak MSOA*) o en la Escuela Secundaria de Artes A. W. Dreyfoos (*Dreyfoos*) deben aprobar una audición antes de que puedan ser considerados como elegibles para el programa. Sólo pueden seleccionar dos programas en cada una de estas escuelas y un tercero en otro centro escolar.

AUDICIONES: Los estudiantes que desean ingresar a *Bak MSOA* y *Dreyfoos* deben inscribirse para una audición y comunicarse con dichas escuelas antes del 1ro. de enero del 2010 para obtener más detalles al respecto.

Los estudiantes que están aprendiendo inglés (*English Language Learners, ELL*), en el programa de Educación para Estudiantes Excepcionales (*Exceptional Student Education, ESE*) o con un plan según la sección 504, que necesiten adaptaciones especiales o interpretación durante las audiciones, deben comunicarse con el coordinador de los Programas de Especialización de la Escuela de Artes Bak al (561) 882-3801 o de *Dreyfoos* al (561) 802-6001.

PROCESOS DE APELACIÓN: Los padres pueden solicitar una audiencia ante el Comité de Apelaciones dentro de los diez (10) días de clases a partir de la fecha de la notificación donde se indica la ubicación de su hijo(a) en el programa seleccionado, su estatus en la lista de espera, o si no reúne los requisitos para entrar en el programa. Dicha solicitud tiene que ser enviada por escrito a la Directora del Departamento de Escuelas y Programas de Especialización del Distrito Escolar del Condado Palm Beach. Sólo se otorgará la apelación si se determina que ésta se basa en un trato injusto o en un fallo técnico que ocurrió durante el proceso de admisión.

PROGRAMAS REPETIDOS [*]: Si se ofrecen las mismas **academias y programas** especializados en diferentes escuelas, los estudiantes tendrán que escoger el que esté más cerca de su domicilio. Para saber la ubicación de las escuelas de especialización refiérase al mapa en la página 38 del Manual de programas de especialización del 2010 - 2011 que se encuentra disponible en el sitio de Internet www.palmbeach.k12.fl.us/Choiceprograms (copias impresas se encuentran disponibles en los centros escolares).

ENFOMASYON SOU TRAVAY Si nenpòt paran/responsab timoun sa a ap travay apientan pou youn nan lekòl ki seleksyone yo, mande direktè/tris lekòl la pou l siyen anba a pou verifikasyon. Paran/responsab la ap travay nan lekòl sa a:

NON LEKÒL LA _____

SIYATI DIREKTÈ/TRIS LEKÒL LA _____

DAT _____

SIYATI PARAN RESPONSAB Mwen te li, konprann epi mwen dakò ak sa ki pi ba yo:

- Mwen te li (owa yo te li pou mwen), mwen konprann epi mwen te gen opòtinite pou m poze kesyon sou enfòmasyon yo bay sou Pwogram chwa yo nan ti liv "Pwogram Chwa 2010-2011" la ak "Manyèl Pwosedè pou Pwogram ak Lekòl Chwa" (gen kopi elektwonik sou sit entènèt www.palmbeach.k12.fl.us/Choiceprograms oswa gen kopi senp nan tout lekòl yo.
- Mwen konprann se **YON (1) SÈL** aplikasyon ki dwe soumèt pou chak elèv epi yo p ap pèmèt **OKENN CHANJMAN** apre mwen fin soumèt li.
- Si yo seleksyone yo, elèv yo oblije aksepte premye chwa yo te fè pou pwogram espesyalizasyon an, sinon, yo dwe retounen nan lekòl kote yo te soti a.**
- Mwen konprann si pitit mwen an kalifye pou pwogram akomodasyon tankou Plan IEP, ELL (LEP) oswa 504), mwen dwe fè lekòl atizay la konnen sa avan li patisipe nan odisyon.
- Mwen konprann si pitit mwen an pa rive seleksyone ane sa, mwen dwe reaplike ankò ane pwochèn..
- Siyati m ki pi ba a sètifye, mwen deklare, sou pèn moun sibi pou bay manti, selon lwa Florid, seksyon 92.525, mwen te li fòmilè sa a epi enfòmasyon ki ladan l yo kòrèk nèt ale. .

Siyati Paran/Responsab

Dat

Aplikasyon pou pwogram espesyalizasyon Lis pwogram pou ane akademik 2010-2011

Non elèv la

EKSPLIKASYON Pou make premye, dezyèm ak twazyèm chwa ou fè nan pwogram ochwa yo mete yon "1" pou 1ye chwa, yon "2" pou 2yèm, ak yon "3" pou 3yèm chwa aprè kolòn ki make siy "#". Se sèlman twa pwogram ochwa yo otorize. Si ta genyen plis kandida premye chwa pase kantite plas ki disponib, elèv 2èm ak 3èm chwa yo kab paka patisipe nan seleksyon elektwonik ki fèt sou fòm tiraj lotri a. **Yo endike kritè kalifikasyon pou pwogram lekòl segondè yo nan ti liv chwa pwogram 2010-2011 lan nan paj 22-37 nan sit entènèt <http://www.palmbeach.k12.fl.us/choiceprograms>. Tanpri revize kritè kalifikasyon an avan seleksyon.**

MONTESSORI Lekòl elemantè Northboro ak S.D. Spady se sèl lekòl ochwa ki aksepte aplikasyon pou elèv nan laj 3 ak 4 an. **Elèv ki aplike nan pwogram Montessori a dwe genyen laj 3 an apati dat 1ye Septanm 2010.**

LEKÒL ATISTIK Elèv ki aplike pou yon domèn atistik nan lekòl Mwayen *Bak* (BakMSOA) oswa nan Lekòl atizay *A. W. Dreyfoos* dwe pase yon odisyon sou fòm prezantasyon avan pou lekòl la kapab konsidere admisyon yo. Elèv yo kapab sèlman seleksyone de pwogram nan BakMSOA oswa Dreyfoos ak/oswa yon twazyèm pwogram nan yon lòt lekòl.

ODISYON Aplikan pou lekòl BakMSOA ak Dreyfoos yo dwe patisipe nan pwosedi enskripsyon pou repetisyon epi kontakte lekòl yo. avan dat 1ye janvyè 2010 pou ransèyman.

ELL/ESE/504 STUDENTS ELÈV ELL/ESE/504 ki bezwen akomodasyon espesyal oswa asistans entèprèt pandan repetisyon yo dwe kontakte kowòdinatè/tris pwogram espesyalizasyon BakMSOA, nan (561) 882-3801, oswa Dreyfoos, nan (561) 802-6001.

PWOSEDI POU FÈ APÈL Paran yo kapab mande yon odisyon devan komite ki responsab pou kontestasyon an nan yon espas dis (10) jou lekòl, kòmanse nan dat nòt ki mansyone chwa pitit ou a, ki di: li sou lis datant oswa desizyon ki di li pa kalifye epi voye yon lèt bay direktis/tè pwogram ochwa ak Lekòl Ochwa Distri lekòl Palm Beach la. Yo kapab akòde yon apèl pou kontestasyon sèlman si yo detèmine te genyen enjistis oswa pwoblèm teknik ki rive nan moman operasyon dosye a.

PWOGAM DOUB [*] elèv yo dwe chwazi pwogram ki nan lekòl ki pi pre kay yo si **akademi ak pwogram** yo nan plis ke yon lekòl. Pou adrès lekòl Chwa yo, ale sou kat Chwa ki nan paj 38 ti liv *Pwogram Chwa* 2010-2011 ki nan www.palmbeach.k12.fl.us/choiceprograms (gen kopi nan tout lekòl yo).

CHOICE PROGRAMS AND SCHOOL CHOICE

Choice Programs Application for Elementary Schools

Press the button below
and read the important information
PRIOR TO COMPLETING
the application.

Complete one application per student. If you are applying through this electronic application **do not** submit a hard copy application. Completion of this application **does not** guarantee admission. Falsification of information on this application could lead to ineligibility for Choice Programs.

DEADLINE DATE: December 18, 2009 11:59:59 P.M. No faxed applications. Incomplete applications will NOT be processed.

The following student information is **required**. Do not leave any fields blank. If the requested information is not available type **NA**.

Student First Name	MI	Student Last Name	Date of Birth	Student ID #	Gender	Language Preference
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	Select <input type="text"/>	Select One <input type="text"/>
Current Grade	Grade Applying	Current School	If private or charter school are indicated as current school provide school name			
Select <input type="text"/>	Select <input type="text"/>	Select one <input type="text"/>	<input type="text"/>			
Parent/Legal Guardian	Hm Phone # (or NA)	Bus Phone # (or NA)	Cell # (or NA)	Race	Ethnic Origin	
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	Select One <input type="text"/>	Select <input type="text"/>	
<input type="checkbox"/> If the mailing address is the same as home address check here	Home	<input type="text"/>		City	Zip <input type="text"/>	
	Mailing	<input type="text"/>		City	Zip <input type="text"/>	

Has the applicant participated in and completed a program in a similar preparatory choice theme at a lower grade? Yes No

If Yes, name school and program

Program and School Choice

The lists in the drop down fields below are sorted by programs. Students must choose the program located in the school closest to where they live if the academies and programs are located in more than one school. If there are more 1st choice applicants than number of available seats, students selecting programs as 2nd or 3rd choices may not have the opportunity to participate in the initial computerized, random lottery selection.

1st choice **Select One**

2nd choice **Select One**

3rd choice **Select One**

Does the student named above have a sibling applying to or attending an Elementary Choice Program school? (A sibling is defined as brother, sister, half-brother, half-sister, stepbrother or stepsister, living in the same household) Yes No

If "Yes", complete page two.
If "No" proceed to page three.

If the parent/guardian of the student is a full-time employee at one of the selected schools proceed to page 2.

--	--	--	--

School Employee Preference in the Computerized Lottery

Is the parent/guardian of the student a full-time employee at one of the selected schools? Yes No

If yes, click the button to the right to access the Employee Verification (PBSD 2253). Complete, print and submit the Employee Verification form to the principal of the school the parent/guardian is employed. Without principal verification, student application will not qualify for employee preference in the computerized random lottery.

SIBLING INFORMATION – You indicated on page one of the Choice Programs Application that the student applying for an Elementary Choice Program has a sibling that is also applying or is attending an Elementary Choice Program school. A sibling is defined as brother, sister, half-brother, half-sister, stepbrother or stepsister, living in the same household. Below provide the name(s) of the sibling(s) that are attending or applying for a Choice Program. **Your Choice Programs Application will not be accepted if this information is not provided.**

Provide the name(s) of the sibling(s) currently **ATTENDING** the Choice Program to which the student is applying.

Sibling attending an Elem. Choice School	Birth Date	Grade	Elementary Choice school sibling is currently attending
<input type="text"/>	<input type="text"/>	[None] ▾	Select One ▾
