POLICY 5.1812

CONDUCT CODE OPERATIONAL PROCEDURES FOR INCIDENTS AND ACTIONS FOR ELEMENTARY STUDENTS

1. The School Board of Palm Beach County is committed to providing a safe learning environment with a positive climate that supports academic achievement and promotes fairness, civility, acceptance of diversity and mutual respect.
2. To meet this objective, the Student Conduct Code for Elementary Students has been developed to assist students, parents, guardians, administrators and school personnel in maintaining a safe and supportive environment.
3. The Student Conduct Code for Elementary Students is incorporated herein by reference as part of the Policy and can be found on the School District's Safety, Culture and Learning Environment website.
4. Any referenced forms and documents are incorporated herein by reference as part of this Policy and can be found on the School District's website.

5. ~~Overview~~

a. ~~The matrix of incidents and actions which is found at the conclusion of this policy, is a tool administrators will utilize to issue consequences for misbehavior by elementary students. The purpose of the matrix is to create a consistent, district-wide disciplinary system by identifying specific actions that correspond to a given incident. Administrators will be able to reduce some of the subjectivity in their decision making and reference a Board Policy that requires minimum mandatory consequences. These district-required minimum actions will assist administrators in communicating with parents, students, staff, and school personnel regarding discipline issues.~~

b. ~~If the matrix of incidents and actions is utilized effectively and consistently, the focus of the discipline data generated should shift from the consequences of students' behavior and move toward the behaviors that result in those consequences. For example, instead of focusing on the number of suspensions, we would begin to address the incidents that generate those suspensions. Schools would then explore opportunities to implement programs/ initiatives/ strategies and then would provide assistance for school staff. For incidents that do not require an Out-of-School Suspension, schools should utilize In-School Suspension wherever possible as an alternative to an Out-of-School Suspension.~~

c. ~~The School Board recognizes that the matrix of incidents and actions must be construed to be consistent with the Individuals with Disability Education Act ("IDEA") and Section 504 of the Rehabilitation Act ("Section 504"). Therefore, students eligible for services under the IDEA or Section 504, will be disciplined in accordance with these Acts and are governed by these School Board Policies which specify that they apply to students covered under IDEA and 504.~~

6. ~~Using the Matrix~~

38 a. ~~When a student commits an infraction, the misbehavior is classified according to the~~
39 ~~definition(s) that best describe the event. The action(s) to be taken by the administrator are~~
40 ~~outlined in the matrix of incidents and actions. To identify the appropriate action(s), locate the~~
41 ~~cells found at the intersection of the incident (rows) and action codes which are identified by~~
42 ~~the numbers at the top of the column. The actions represented by the codes are listed in the~~
43 ~~box to the right of the matrix. Minimum mandatory consequences (actions which MUST be~~
44 ~~imposed as a minimum consequence for first time offenses) are indicated by an "X." Additional~~
45 ~~consequences (these actions from which an administrator MAY ADDITIONALLY choose to~~
46 ~~impose for more serious or repeated actions) are indicated by an "A." Mandatory actions~~
47 ~~(these actions which MUST be imposed) are indicated by an "M." By providing a minimum~~
48 ~~mandatory consequence with additional options for all of the incidents, an administrator can~~
49 ~~address the severity of the incident with the actions imposed. Additionally, every reasonable~~
50 ~~effort should be made to inform the parent(s)/guardian(s) of discipline incidents involving their~~
51 ~~children.~~

The School District of Palm Beach County

Code of Student Conduct

Introduction

Instruction should occur in an environment that is safe and conducive to learning. The *Code of Student Conduct* encompasses the District's policies to create that safe learning environment to ensure academic success. To assist students, parents, guardians, administrators, and school personnel in maintaining a safe and supportive environment, the *Code of Student Conduct* will:

- describe rights and responsibilities of all students and parents/guardians;
- describe the responsibilities of District staff;
- identify prevention strategies;
- identify classifications of incidents and describe corrective strategies for minor behavioral incidents and disciplinary consequences involving suspension or expulsion for egregious incidents;
- standardize procedures for administering disciplinary actions; and
- describe rights of disabled students related to discipline.

The "reculturing" of a school to a positive school climate supports academic achievement and promotes fairness, civility, acceptance of diversity, as well as mutual respect. The School Board of Palm Beach County has adopted and is implementing the framework of School-wide Positive Behavior Support (SwPBS) to assist in these efforts.

SwPBS is a proven, research and evidence-based discipline program that emphasizes school-wide systems of supports. SwPBS emphasizes teaching students to behave in ways that contribute to academic achievement and school success that supports a safe school environment where students and school staff are responsible and respectful. SwPBS also emphasizes the need for school staff to promote appropriate behaviors by teaching, modeling, and reinforcing appropriate behaviors and by treating minor mis-behaviors as "teaching moments".

This document will address the role of the parents, guardians, students, and school personnel, as well as address core values and model student behavior, rights and responsibilities.

To this effort, the District promotes the following *Universal Guidelines* and *Behavioral Expectations*:

- **Be Safe**
- **Be Respectful**
- **Be Responsible**

Each school center shall create its own *Universal Guidelines* and *Behavioral Expectations*. Samples of some *Universal Guidelines* or *Matrices of Expectations* are found at the end of this document.

Required instruction under F.S. § 1003.42 includes Character Education which has transitioned to Ethics in Action. The School Board recognizes students exhibiting model behavior through Ethics in Action.

Scope of the *Code of Student Conduct*

The *Code of Student Conduct* is intended to outline a range of appropriate responses for inappropriate behaviors:

- Poor academic achievement is not an act of misconduct. Therefore, the *Code of Student Conduct* must not be used to discipline students for poor academic achievement or failure to complete assignments.
- A parent's refusal to appropriately support his/her child's education cannot be considered misconduct on the part of the child.
- The *Code of Student Conduct* applies to all students. However, discipline for students with disabilities shall be administered in accordance with federal and state law as detailed in District Policy 5.189 <http://www.palmbeachschools.org/policies/>.

The *Code of Student Conduct* applies to actions of students during the time:

- students are waiting for school transportation, being transported to and from school at public expense.
- students are attending school.
- students are participating in school-sponsored activities
- commission of off campus conduct which substantially disrupts the school learning environment.

Student Conduct and Behavior

1. Every student, pre-school through adult, has the right to be educated in a safe, respectful and welcoming environment. Every educator has the right to teach in an atmosphere free from disruption and obstacles that impede learning. This will be achieved through the adoption and implementation of a consistent *Code of Student Conduct* and through the implementation of a SwPBS Plan in all schools.
2. The SwPBS Plan emphasizes teaching students to behave in ways that contribute to academic achievement, school success, and support a school environment where students and school staff are responsible and respectful.
3. The SwPBS Plan will include: teaching school rules, reinforcing appropriate student behavior, using effective classroom management and positive behavior support strategies by providing early intervention for misconduct and appropriate use of consequences.
4. Palm Beach County (PBC) schools are established for the benefit of all students. The educational purposes of the schools are accomplished best in a positive school climate that teaches, models, and reinforces student behavior that is socially acceptable and conducive to the learning and teaching process. There must also be a consistent continuum of consequences for ongoing student misconduct across PBC schools.
5. The School Board supports the administrative staff and teachers in taking all necessary and reasonable steps to implement the *Code of Student Conduct* and administrative policies to maintain appropriate student behavior. Important among these policies and directives are those in the areas of conduct, involving behavioral interventions and supports, enhancing the climate for learning, and policies governing suspensions and expulsions.
6. The policies herein serve as the code governing student conduct and discipline and are applicable to all students. These policies shall constitute the *Code of Student Conduct*, which are incorporated as Board policy pursuant to Florida Statute. Copies of these documents are available in three different languages on the District web site, on file in the Board Minutes Office, the Public Affairs Department, and shall be available at each school and each Area Superintendent's office.

7. The School Board recognizes that the *Code of Student Conduct* must be consistent with the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act (Section 504). Therefore, students eligible for services under IDEA or Section 504, will be disciplined in accordance with these acts and are governed by those *Code of Student Conduct* provisions, which specify that they apply to students covered under IDEA and 504.
8. The School Board establishes guidelines for the conduct and discipline of students. The Superintendent shall recommend, based on these policies, a *Code of Student Conduct* for adoption by the School Board annually, in accordance with Florida Statute. The *Code of Student Conduct* will be available to all elementary or secondary teachers, school personnel, students, and parents or guardians and discussed at the beginning of every school year.
9. The School Board adopts the *Code of Student Conduct* in accordance with Florida Statute and will include:
 - a. Establishing policies and specific grounds for disciplinary action, including in-school suspension, out-of-school suspension, expulsion, and any other disciplinary action that may be imposed for the possession or use of alcohol on school property or while attending a school function or for the illegal use, sale, or possession of controlled substances, as defined in Chapter 893, F.S.
 - b. Establishing procedures to be followed for acts requiring discipline and establishing procedures for the assignment of violent or disruptive students to an alternative educational program.
 - c. Defining and explaining the responsibilities and rights of students with regard to attendance, respect for persons and property, knowledge and observation of rules of conduct, the right to learn, free speech, student publications, assembly, privacy, and participation in school programs and activities.
10. In accordance with Florida Statute, the Board adopts a policy of zero tolerance for crime, substance abuse and the possession of a firearm.
11. These policies recognize that pursuant to 18 U.S.C. § 922(q)(1)(I)(2)(A) (The Gun-Free School Zones Act), "It shall be unlawful for any individual, knowingly, to possess a firearm...at a place that the individual knows, or has reasonable cause to believe, is a school zone" and 18 U.S.C. § 922(q)(3)(A) "...[I]t shall be unlawful for any person, knowingly or with reckless disregard for the safety of another, to discharge or attempt to discharge a firearm...at a place that the person knows is a school zone."
12. These policies recognize that pursuant to § 893.13(1)(c), F.S. (The Drug Free School Zone), it shall be unlawful for any person to sell, manufacture, or deliver, or possess with intent to sell, manufacture, or deliver a controlled substance in, on, or within one thousand (1,000) feet of the real property comprising a child care facility as defined in § 402.302, F.S., or public or private elementary, middle, or secondary school, between the hours of 6 a.m. and 12 a.m.
13. In addition, pursuant to Florida Statute 1006.07, notice is provided that:
 - a. "...[P]ossession of a firearm, a knife, or a weapon, by any student while the student is on school property or in attendance at a school function is grounds for disciplinary action and may also result in criminal prosecution."
 - b. "[A]ny student who is determined to have brought a firearm...to school, to any school function, or on to any school-sponsored transportation will be expelled, with or without continuing educational services, from the student's regular school for a period of not less than one (1) full year and referred for criminal prosecution."
 - c. "...[I]llegal use, possession, or sale of controlled substances, as defined in Chapter 893, or possession of electronic telephone pagers, by any student while such student is upon school property or in attendance at a school function is grounds for disciplinary action by the school and may also result in criminal penalties being imposed."
 - d. "... [V]iolence against any school district personnel by a student is grounds for out-of-school suspension, expulsion, or imposition of other disciplinary action by the school and may also result in criminal penalties being imposed."

- e. “[V]iolation of district school board transportation policies, including disruptive behavior on a school bus or at a school bus stop, by a student, is grounds for suspension of the student’s privilege of riding on a school bus and may be grounds for disciplinary action by the school, and may also result in criminal penalties being imposed.”
 - f. “[V]iolation of the district school board's sexual harassment policy by a student is grounds for in-school suspension, out- of-school suspension, expulsion, or imposition of other disciplinary action by the school, and may also result in criminal penalties being imposed.”
 - g. “... [A]ny student who is determined to have made a threat or false report, as defined by §§ 790.162 and 790.163, [F.S.], respectively, involving school or school personnel’s property, school transportation, or a school-sponsored activity will be expelled, with or without continuing educational services, from the student’s regular school for a period of not less than 1 full year and referred for criminal prosecution.”
14. To the extent that any definition, recommended disciplinary action or any provision in the policies serving as the basis for code governing student conduct are contrary to state law or state board of education rule, the law or state board rule shall control.
15. Grievance Against Schools
- a. Students, parents, or guardians are required to follow the District’s established procedure for addressing discipline grievances against the school.
 - b. The Superintendent shall establish procedures by which students and parents may present discipline grievances to appropriate school authorities.

What is the Discipline Guide?

The DISCIPLINE GUIDE is a **tool** for administrators to respond appropriately when students have committed discipline infractions, per the *Code of Student Conduct*. This tool is designed to offer consistency at all levels across the District so that students are disciplined fairly from school to school when their behavior requires discipline beyond the classroom.

The DISCIPLINE GUIDE is designed to assist you and your child in understanding the consequences of violating school rules. While most parents will have no need to be familiar with the Matrix, the School Board and the district want to ensure that parents are knowledgeable about the actions of its school administrators when students misbehave. The DISCIPLINE GUIDE enables administrators to assign consequences consistently, regardless of the school your child attends. When a student has multiple violations in one incident, such as fighting with a weapon, the administrator will impose the more *severe consequences*.

IS THERE ANYTHING ELSE I NEED TO KNOW?

Yes. The DISCIPLINE GUIDE does not apply to classroom management as assigned by the teacher, but rather as a progressive step when a student has broken the rules requiring a principal and/or his designee to assign consequences. While continuous disregard for classroom rules will be referred to an administrator, certain violations of the rules, such as weapon possession, assault, sexual harassment, **require immediate initial administrative action**.

Like the *Code of Student Conduct*, the GUIDE is reviewed annually by District stakeholders, including parents, teachers, administrators, counselors, and other community representatives.

Discipline Referral Incidents in PBC are classified as Level 1, Level 2, Level 3 or Level 4 infractions. When deciding what disciplinary action should be taken, the Principal or designee shall consider the student's age, exceptionality, previous conduct, intent, and severity of the incident, and whenever possible shall impose disciplinary action in a progressive manner. As students offences increase in level, so do the possible consequences.

Physical Aggression (not involving Law Enforcement)	Brief exchange of physical contact which could include pushing or shoving that doesn't result in significant injury AND does not require significant adult intervention to separate or restrain. <i>(NOTE: If a physically aggressive act results in serious bodily injury and/or requires the intervention of law enforcement, then the incident should be coded Physical Battery on a Student/Person)</i>

There is no strong indication that the aggressor has taken preparatory steps, although there may be some veiled reference or ambiguous or inconclusive evidence pointing to the possibility.

These offenses may occur at any time, including, but not limited to, while on school grounds; while utilizing school transportation; or during a school-sponsored activity. Bus suspensions can also be warranted for infractions that occur on school transportation vehicles.

For all students, a single suspension may run from 1-10 consecutive school days based upon the Palm Beach County *Code of Student Conduct*. A single suspension shall not be for more than ten consecutive school days.

Whenever a student has been suspended during a school year for **ten (10)** cumulative school days, the appropriate Area Superintendents Office shall be notified and the student referred to the School Based Team for necessary discussion and possible interventions.

Informal suspension (e.i., a parent is told to keep a child at home under the supervision of the parent, or a student is sent home without benefit of a conference and of official documentation) is a violation of Florida's compulsory attendance laws, the Individual's with Disabilities Education Act (IDEA), and District policy. It is strictly prohibited.

Appeal Process for Suspension from School or Transportation

The principal is to advise parents or guardians of the appeal procedures for an out-of-school suspension. The appeal must first be made to the school principal. A decision by the school principal must be made within 24 hours of receipt of the appeal. If the parents do not agree with the principal's decision they may appeal to the Area Superintendent or designee. The conference shall be arranged as soon as possible following the parents' request; during the period of appeal, the suspension remains in effect for the length of time designated.

The results of the appeal may include, but are not limited to:

1. Sustaining the suspension in all respects.
2. Modification of penalties imposed.
3. Rescinding the suspension and expunging the suspension from the student's records.

The parents shall be notified of the appeal decision.

Discipline for Students eligible for services under the Individuals with Disabilities Education Act (“IDEA”)

1. Statutes and Rules

- a. The discipline of all students with disabilities (“ESE”) is governed by federal statutes and regulations under the Individuals with Disabilities Education Act (“IDEA”) as well as Florida Statutes and State Board of Education Rules.
- b. If the district knows, or should know that a student may be eligible for special education and related services, but has not yet determined such eligibility, that student may assert all or any of the protections stated within this policy.

2. Suspension

- a. Suspension is the temporary removal of a student from all classes of instruction on public school grounds and all other school-sponsored activities, for a period not to exceed ten (10) cumulative school days per year. Any removal from school, even if the necessary paperwork for a formal suspension is not initiated or completed, counts toward the 10 day rule. All days a student with a disability spends out of school as a result of school action, whether formal or informal, apply towards the 10 day limit.
- b. A principal/designee may remove a student eligible for services under the IDEA for up to **ten (10) cumulative school days per calendar year** for disciplinary infraction(s).
- c. Prior to consideration of suspension, the school must have made and documented reasonable attempts to use less restrictive alternatives and/or interventions to decrease the inappropriate behavior.
- d. Educational services may be provided during the ten (10) days, but are not required.
- e. If an ESE student is arrested on campus **and** suspended those days count towards the cumulative ten (10) days allowed each year school year.
- f. The IEP team must meet no later than the tenth (10th) day of the cumulative suspension to:
 - i. Determine if the student’s behavior is a manifestation of the student’s disability.
 - ii. Initiate a FBA or review the student’s current FBA and behavior intervention plan.
 - iii. If the behavior is a manifestation of the disability, review the student’s IEP.
- g. The MDR must be conducted at the IEP meeting.
 - i. When making a manifestation determination, the district, parent, and relevant members of the Team shall review and take into consideration the student’s present program and case history, including all relevant information in the student’s file, the student’s accommodation plan, any teacher observations, and any relevant information provided by the parents.
 - ii. The team shall then determine: (a) If the conduct in question was caused by, or had a direct and substantial relationship to, the student’s disability; or (b) If the conduct in question was the direct result of failure to implement the IEP. A consensus of the members of the team shall make these determinations and such determination will be based upon the information reviewed by the Team. If either (a) or (b) is applicable the conduct shall be determined to be a manifestation of the student’s disability.
- h. The student’s custodial parent/guardian must be invited to participate as a member of this IEP Team and the principal/designee must take reasonable steps to ensure that one or both of the parents of a child with a disability are present at the meeting or are afforded the opportunity to participate, including scheduling the meeting at a mutually agreed on time and place. If neither parent can attend an IEP Team meeting, the principal/designee shall use other methods to ensure parent participation, including individual or conference telephone calls. The custodial parent/guardian must be provided with a copy of procedural safeguards.
- i. A school cannot make a parent conference mandatory prior to the ESE student being returned to campus after suspension. A conference may be suggested, but the student maintains the

- right of access to education under the IDEA after ten (10) cumulative days per school year, even if the parent does not attend the conference.
- j. If the student's behavior is a manifestation of the student's disability, the IEP Team shall conduct a functional behavioral assessment and implement a behavior support plan, which includes the provision of Positive Behavior Interventions and Supports, if such assessment for conduct was not completed prior to the behavior. If a behavior support plan has been developed, the committee shall review the IEP, modify it, as necessary, to address the behavior and include the provision of Positive Behavior Interventions and Supports, and *return the student to the placement from which he or she was removed*. Nothing herein shall be construed as preventing the team from proposing another placement, so long as the placement is appropriate and in the least restrictive environment.
 - k. If the IEP Team determines that the student's behavior is not a manifestation, then the student may be suspended from school in the same manner students not eligible for services under the IDEA. Nevertheless, such student shall continue to receive educational services, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP, and receive, as appropriate, a functional behavioral assessment, behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.
3. **Bus Suspension.** Suspension of ESE students from the bus must be counted as part of the cumulative ten (10) days if transportation is needed for the student to access FAPE and an alternative means of arriving to school is not available.
 4. **In-School Suspension**
 - a. In-school suspension is the temporary removal of a student from the student's regular school program and placement in an alternative program, such as that provided Florida Statute, under supervision of district personnel, not to exceed ten (10) school days.
 - b. A student's IEP must continue to be delivered while assigned to in-school suspension.
 - c. Repeated removals of a student from the regular/ESE classroom to an in-school suspension are prohibited.
 5. **Expulsion**
 - a. Expulsion is the removal of the right and obligation of a student to attend a public school under conditions set by the board, for a period not to exceed the remainder of the term or school year and one additional year of attendance.
 - b. Expulsion cannot be considered for students eligible for services under the IDEA because it would constitute a cessation of educational services for that period of time.
 6. **Exclusion**
 - a. An ESE exclusion is the removal of the right and obligation of a student to attend a public school under conditions set by the board, and for a period not to exceed the remainder of the term or school year and one additional year of attendance, provided however, that appropriate educational services developed through an Individual Education Plan ("IEP") will continue to be provided through some alternative means.
 - b. The educational services must enable the child to continue to participate in the general education curriculum, although in another setting, and to make reasonable progress toward meeting the goals set out in the child's IEP, and include, as appropriate, a functional behavioral assessment, behavioral intervention services modifications, that are designed to address the behavior that gave rise to the violation so that it does not recur.
 7. **A Manifestation Determination Review (MDR).** MDR is a process by which parents and the school meet to determine if the student is being subjected to a disciplinary change in placement for behavior that is a manifestation of his or her disability. Whenever a student with a disability is subjected to a

disciplinary change of placement (e.g. suspension or expulsion), the school district must conduct an MDR within 10 days of the decision to remove the student from school.

8. Disciplinary Action for Drugs and Weapons

A student with a disability may be placed in an Interim Alternative Educational Setting (“IAES for up to forty five (45) calendar days without parental consent for:

- Possession of dangerous weapons in school or at school functions; or
- Possession, use, sale or solicitation of a controlled substance while at school or at a school function or
- Causing serious bodily injury

A dangerous weapon is defined as a weapon, device, instrument, material or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such item does not include a pocket knife with a blade of less than two and one-half inches (2-½”) in length.

Serious Bodily Injury is defined as bodily injury that involves a substantial risk of death; extreme physical pain; protracted and obvious disfigurement; or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

9. Interim Alternative Services (“IAES”) Placement is a very restrictive placement which is permitted if the circumstances set for in paragraph 5(a) above exist:

- a. Placement in an IAES may occur pursuant to paragraph 5(a) above whether the behavior is or is not a manifestation of the student’s disability.
- b. Under the circumstances set forth in paragraph 5(a) above, placement in an IAES may occur at the request of the principal.
- c. An IEP meeting must be scheduled within the first ten (10) days of placement. The principal/designee will take reasonable steps to ensure that one or both of the parents of a child with a disability are present at the meeting or are afforded the opportunity to participate, including scheduling the meeting at a mutually agreed on time and place. If neither parent can attend an IEP Team meeting, the principal/designee shall use other methods to ensure parent participation, including individual or conference telephone calls.
- d. A meeting may be conducted without a parent in attendance if the principal/designee is unable to convince the parents that they should attend. In this case, the district will keep a record of its attempts to arrange a mutually agreed on time and place.
- e. The custodial parent/guardian must be provided a copy of their procedural safeguards.
- f. A MDR must be conducted at the IEP meeting.
- g. When making a manifestation determination, the district, parent, and relevant members of the Team shall review and take into consideration the student’s present program and case history, including all relevant information in the student’s file, the student’s accommodation plan, any teacher observations, and any relevant information provided by the parents.
- h. The team shall then determine: (a) If the conduct in question was caused by, or had a direct and substantial relationship to, the student’s disability; or (b) If the conduct in question was the direct result of failure to implement the IEP. A consensus of the members of the team shall make these determinations and such determination will be based upon the information reviewed by the Team. If either (a) or (b) is applicable the conduct shall be determined to be a manifestation of the student’s disability.
- i. A Functional Behavioral Assessment (“FBA”) must be initiated within ten (10) days of placement. Staff from both the student’s current and previous schools will participate in the FBA.
- j. A Behavior Intervention Plan (“BIP”) must be developed immediately upon completion of the FBA.

- k. Educational services to be determined within ten (10) days of placement must:
 - i. Enable student to appropriately progress in the general curriculum;
 - ii. Enable the student to appropriately advance towards IEP goals; and
 - iii. Include, as appropriate, a functional behavioral assessment, behavioral intervention services, and modifications that are designed to address the behavior that gave rise to the violation so that it does not recur.

Discipline for Students eligible for services under Section 504 of the Rehabilitation Act of 1973 (“Section 504”) and Americans with Disabilities Act (“ADA”)

1. This Policy for discipline of students eligible for services under Section 504 is designed to comply with State Board of Education Rule 6A-6.0331(8), the Section 504 Regulations at 34 C.F.R. Part 104, and 29 U.S.C. § 794 (“Section 504”). The phrase “eligible for services under Section 504” refers to students with active Section 504 accommodation plans and students with disabilities who require Section 504 plans. *However, for purposes of this policy, if the student’s sole impairment is drug or alcohol dependence, the student is not eligible for protection under Section 504 or the ADA if the student is currently a user of illegal drugs or alcohol. Such students may be disciplined in the same manner as other students for use or possession of illegal drugs or alcohol under Policies 5.1812 or 5.1813 [and Policy 5.1815] and will receive the same due process and substance-abuse assistance as other students under those Policies.*
2. **Definitions.** The words suspension and expulsion of students eligible for services under Section 504 shall have the following meanings through this policy:
 - a. **Suspension.** Pursuant to Fla. Stat. § 1003.01(5) (a) [and Policy 5.1815], suspension, also referred to as out-of-school suspension, is defined as the temporary removal of a student from all classes of instruction on public school grounds, except as authorized by the principal/designee, for a period up to ten (10) cumulative school days and remanding of the student to the custody of the student’s custodial parent with specific homework assignments for the student to complete. *Any removal from school, even if the necessary paperwork for a formal suspension is not initiated or completed, counts toward the 10 day rule. All days a student with a disability spends out of school as a result of school action, whether formal or informal, apply toward the 10 day limit.*
 - b. **Expulsion.** As defined in Fla. Stat. § 1003.01(6), and Policy 5.1817, expulsion is the removal of the right and obligation of a student to attend a public school under conditions set by the Board, and for a period of time not to exceed the remainder of the term or school year and one (1) additional year of attendance. Expulsions may be imposed with or without continuing educational services (subject to Section (4) (f) below) and shall be reported accordingly.
 - c. **Re-evaluation.** Students with active Section 504 accommodation plans who are recommended for suspension in excess of ten (10) days, or expulsion, must have a re-evaluation prior to a significant change in placement, as required by 34 C.F.R. § 104.35(d). Students with disabilities, suspected of being eligible for services under Section 504, who are recommended for suspension in excess of ten (10) days, or expulsion, must be evaluated prior to a significant change in placement, as required by 34 C.F.R. § 104.35(b).
3. **Suspension of Students under Section 504/ADA.** Unless otherwise indicated by their accommodation plans, students eligible for services under Section 504 are expected to follow the rules of the student conduct code. Students who are eligible for services under Section 504/ADA may be suspended for infractions as defined for all students pursuant to Policies 5.1812 or 5.1813 [and Policy 5.1815], with the following limitations:

- a. **Suspension for Ten (10) Cumulative Days or Less.** Unless otherwise indicated by their accommodation plans, student suspension procedures [in Policy 5.1815] will be followed for students who are eligible for services under Section 504/ADA and recommended for suspension for ten (10) cumulative days or less.
- b. **Any Suspension beyond Ten (10) Cumulative Days.** No student who is eligible for services under Section 504/ADA shall be suspended beyond ten (10) cumulative days per school year, except through the following procedure. It is the responsibility of the principal/designee to monitor all serial/cumulative suspensions. **NOTE:** If a student has been referred for ESE evaluation prior to or during the Section 504 manifestation determination, the student is then protected under the IDEA for discipline provisions. Therefore, the manifestation team must treat the student as an ESE student. The principal/designee shall notify the 504 Multi-Disciplinary Team immediately when a student who is or may be eligible for services under Section 504/ADA violates the student conduct code and will be considered for suspension for more than ten (10) cumulative days per school year.
- i. Within twenty-four (24) hours of the recommendation for the extended suspension, the principal/designee shall provide written notice to the custodial parent/guardian and the student of the proposed suspension, alleged misconduct, and time and date of the scheduled 504 Multi-Disciplinary Team meeting. Notification of purpose, participants and location of the meeting will be included. The custodial parent/guardian shall also be notified that the 504 Multi-Disciplinary Team will also serve as a 504 plan team and may change the student's Section 504 plan. The custodial parent/guardian shall be given a copy of the Section 504/ADA Procedural Safeguards.
 - ii. The principal/designee will take reasonable steps to ensure that one or both of the parents of a child with a disability are present at the meeting or are afforded the opportunity to participate, including scheduling the meeting at a mutually agreed on time and place. If neither parent can attend an IEP Team meeting, the principal/designee shall use other methods to ensure parent participation, including individual or conference telephone calls.
 - iii. *Conducting a meeting without a parent in attendance.* A meeting may be conducted without a parent in attendance if the principal/designee is unable to convince the parents that they should attend. In this case, the district will keep a record of its attempts to arrange a mutually agreed on time and place.
 - iv. The notice and copy of Section 504/ADA Procedural Safeguards shall be delivered by registered or certified mail (return receipt requested) or personally delivered by the principal/ designee at least twenty-four (24) hours prior to the meeting. A signed receipt of delivery must be obtained.
 - v. Before the student can be removed from the campus for the suspension recommendation, the principal/designee will arrange a 504 Multi-Disciplinary Team review of the incident that was the basis for the recommendation for suspension.
 - vi. Members of the Committee must include the following personnel:
 1. A school psychologist as the person knowledgeable of the evaluation procedures pursuant to the disability.
 2. If the disability of record is a medical disability, the school nurse should be present to consult with the psychologist.
 3. A teacher, counselor, or appropriate person knowledgeable of the student.
 4. An administrator (not the recommending administrator) as the person who is knowledgeable of the suspension/expulsion process.

- vii. The 504 Multi-Disciplinary Team will review the case and determine whether the student's conduct was or was not a manifestation¹ of the disability for which the student has a Section 504 plan. A Manifestation Determination Review (MDR) is a process by which parents and the school meet to determine if the student is being subjected to a disciplinary change in placement for behavior that is a manifestation of his or her disability. Whenever a student with a disability is subjected to a disciplinary change of placement (e.g. suspension or expulsion), the school district must conduct an MDR within 10 days of the decision to remove the student from school.
- viii. When making a manifestation determination, the district, parent, and relevant members of the Team shall review and take student's accommodation plan, any teacher observations, past disciplinary referrals/infractions and any relevant information provided by the parents.
- ix. The team shall then determine: (a) if the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or (b) if the conduct in question was the direct result of failure to implement the Section 504 Accommodation Plan. A consensus of the members of the team shall make this determination and such determination will be based upon the information reviewed by the Team. If either (a) or (b) is applicable the conduct shall be determined to be a manifestation of the student's disability.
- x. "PBSD 2209 the Manifestation of Disability Determination Process for Students with Section 504 Plans"
- xi. If the 504 Multi-Disciplinary Team determines that the student's behavior is not a manifestation, then the student may be suspended from school in the same manner students not eligible for services under Section 504. Nevertheless, such student shall continue to receive education services, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's Section 504 accommodation plan, and receive, as appropriate, a functional behavioral assessment, behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.
- xii. If it is determined that the student's behavior is a manifestation of the student's disability, the Multi-Disciplinary Team shall conduct a functional behavioral assessment and implement a behavior intervention plan, which includes the provision of Positive Behavior Interventions and Supports, if such assessment for conduct was not completed prior to the behavior. If a behavior support plan has been developed, the committee shall review the plan, modify it, as necessary, to address the behavior and include the provision of Positive Behavior Interventions and Supports, and return the student to the placement from which he or she was removed. Nothing herein shall be construed as preventing the team from proposing another placement, so long as the placement is appropriate and in the least restrictive environment.

4. Expulsion of Students under Section 504/ADA

- a. Students eligible for services under Section 504/ADA may be recommended for expulsion as defined for all students.
- b. The principal/designee shall notify the 504 Multi-Disciplinary Team immediately when a student with a Section 504 plan is being recommended for expulsion.
- c. In addition to procedures under Policy 5.1817, within twenty-four (24) hours of the recommendation for expulsion, the principal/designee shall provide written notice to the

¹ Manifestation of the Disability: A manifestation of the disability is the exhibition of behaviors which are considered to be a component of the individual student's disability.

custodial parent/guardian and the student of the proposed expulsion and the date and time of the scheduled 504 Multi-Disciplinary Team meeting to determine manifestation of disability. The procedures for *conducting a MDR and for* ensuring parental participation set forth in 5.1891 (3) above shall apply to proposals for expulsions.

- d. The notice, procedural safeguards, and a copy of this Policy shall be delivered by certified mail (return receipt requested) or the principal/designee shall personally deliver it and obtain a signed receipt.
- e. If it is determined that the misconduct is not a manifestation of the student's disability, the student may be expelled in the same manner as students not eligible for services under Section 504. *Nevertheless, such student shall continue* to receive educational services, so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's Section 504 accommodation plan, and receive, as appropriate, a functional behavioral assessment, behavioral intervention services and modifications, that are designed to address the behavior that gave rise to the violation so that it does not recur.
- f. If it is determined that the student's misconduct is a manifestation of the student's disability, federal law does not permit a school district to cease all educational services. If it is determined that the student's behavior is a manifestation of the student's disability, the Multi-Disciplinary Team shall conduct a functional behavioral assessment and implement a behavior intervention plan, which includes the provision of Positive Behavior Interventions and Supports, if such assessment was not completed prior to the behavior. If a behavior intervention plan has been developed, the committee shall review the plan, modify it, as necessary, to address the behavior and include the provision of Positive Behavior Interventions and Supports. In either case, the student shall be returned to the placement from which he or she was removed. Nothing herein shall be construed as preventing the team from proposing another placement, so long as the placement is appropriate and in the least restrictive environment.

D. REVIEW PROCEDURE

Student and/or parents who are in disagreement with handling of gang related issues and/or corrective and disciplinary action associated with the gang control policy may utilize the District Grievance Procedures D-2.031, SB 5.18. However, where symbolic expression is restricted, the principal/designee shall complete the grievance process within 48 hours during which time the implementation of disciplinary action shall not be delayed.

Policy 5.1814 – Most Severe Consequences for Violent Acts

1. **Definition.**-- As used herein, the term "most severe consequences" may refer to expulsion of a student for the remainder of the current school year and the entire next school year as allowed by Fla. Stat. § 228.041(26), with no early reinstatement, and with referral for criminal prosecution.
2. **Discretion.** -- Pursuant to SBER 6A-1.0404(3), the following sections shall not be construed to remove the discretion of the principal/designee, District administration, or the School Board in cases where mitigating circumstances may affect decisions on disciplinary action.
3. **Consequences.**-- As required by State Board of Education Rule 6A-1.0404(2), it is the Policy of the School Board that students shall receive the most severe consequences if found to have committed the following offenses on school property, on school sponsored transportation, or during a school sponsored activity:
 - a. homicide (murder, manslaughter) of a student, District employee, School Board member, or other person;
 - b. sexual battery upon a student, District employee, School Board member, or other person;
 - c. armed robbery of a student, District employee, School Board member, or other person;
 - d. aggravated battery on a student or other person not listed in paragraph (e);
 - e. battery or aggravated battery on a teacher, other school personnel, or School Board member;
 - f. kidnapping or abduction of a student, District employee, School Board member, or other person;
 - g. arson;
 - h. possession, use, or sale of any firearm; or
 - i. possession, use or sale of any explosive device.
4. Further, the most severe consequences may be imposed if a student is found to have made a written or oral threat of intention to inflict serious bodily harm or death upon any student of the District, any District employee, or any School Board member (regardless of where the threat was made).
5. Under Fla. Stat. § 230.23(6)(d)11, the most severe consequences may also be imposed for committing the following offenses involving the school or school personnel's property, school transportation, or a school-sponsored activity:
 - a. making a threat to throw, project, place, or discharge any destructive device as defined in Fla. Stat. § 790.001(4), with the intent to do bodily harm to any person or with the intent to do damage to any property of any person; or
 - b. making a false report, with intent to deceive, mislead, or otherwise misinform any person, concerning the placing or planting of any bomb, dynamite, other deadly explosive, or weapon of mass destruction.

Policy 5.1817 Student Expulsion

1. **Definition.** -- Expulsion is defined as "the removal of the right and obligation of a student to attend a public school under conditions set by the district school board, and for a period of time not to exceed the remainder of the term or school year and 1 additional year of attendance. Expulsions may be imposed with or without continuing educational services and shall be reported accordingly." Fla. Stat. § 1003.01(6).
2. **General Provisions**
 - a. All disciplinary incidents resulting in a recommendation for expulsion shall be coded appropriately within the parameters of the School Board's discipline matrix set forth in Policies 5.1812 and 5.1813 and treated in accordance with Policy 5.1814, "Most Severe Consequences for Violent Acts." In addition, Fla. Stat. § 1006.09(1)(c) provides that:

"The principal or the principal's designee may recommend . . . the expulsion of any student who has committed a serious breach of conduct, including, but not limited to, willful disobedience, open defiance of authority of a member of his or her staff, violence against persons or property, or any other act which substantially disrupts the orderly conduct of the school. A recommendation of expulsion or assignment to a second chance school may also be made for any student found to have intentionally made false accusations that jeopardize the professional reputation, employment, or professional certification of a teacher or other member of the school staff, according to the district school board Code of Student Conduct."

- b. As required by Fla. Stat. § 1006.13(4), this Policy "provid[es] that any student found to have committed a violation of s. 784.081(1), (2), or (3) [aggravated battery, aggravated assault, or battery on a Board member or District employee] shall be expelled or placed in an alternative school setting or other program, as appropriate. Upon being charged with the offense, the student shall be removed from the classroom immediately and placed in an alternative school setting pending disposition."
- c. Only the principal of a school may recommend expulsion to the Superintendent. In the case of a charter school student, the charter-school principal shall make the expulsion recommendation to the charter school's governing body and, if the governing body approves the recommendation, the governing body shall forward it to the Superintendent.
- d. Only the School Board, by vote in a regular or special meeting, may officially expel a student (including a student recommended for expulsion by a charter school's governing body) from the regular education program of the District school system.

3. Pre-Hearing Procedures

- a. **Student Placement Pending Expulsion.** -- Upon the principal's decision to recommend expulsion, the student shall be issued a ten-day out-of-school suspension, using the procedures in Policy 5.1815, and reassigned to the Department of Alternative Education under Policy 8.13. This assignment shall be in effect until the School Board officially votes on the expulsion (which should be within sixty (60) calendar days). During that period, a student may receive public school educational services only through the Department of Alternative Education.
- b. **Other Measures.** -- As required by Fla. Stat. § 1006.09(1) (c), "Any recommendation of expulsion shall include a detailed report by the principal or the principal's designated representative on the alternative measures taken prior to the recommendation of expulsion."
- c. **Legal Review.** -- The principal's expulsion-recommendation packet shall be forwarded within three work days to the Department of Legal Services for review. An attorney from the Department of Legal Services shall review each packet for legal sufficiency.
 - i. If the attorney finds the packet is not legally sufficient, the attorney shall communicate the deficiencies to the reporting school. If additional information is available that would make the packet legally sufficient, it should promptly be forwarded to the Department of Legal Services for further review. If the packet cannot sustain legal review, the expulsion process shall end and the student shall be referred to his/her respective Area Office for placement into the regular school program.
 - ii. If the packet is deemed legally sufficient, it shall be forwarded to the Expulsion Screening Committee with the signature of an attorney in the Department of Legal Services to indicate the legal sufficiency.
- d. **Expulsion Screening Committee.**-- A committee consisting of three principals/designees, one each from an elementary, middle, and high school, plus an area administrator/designee, will meet, to the extent possible, each week during the school year.

- i. Each Committee meeting will be conducted by an attorney from the Department of Legal Services, who will have no vote but will be available to answer questions regarding legal issues for the Committee members. The Committee shall review each expulsion packet forwarded by the Department of Legal Services, and, by majority vote, determine whether the packet shall be forwarded to the Superintendent for a recommendation of expulsion to the School Board.
 - ii. If the Expulsion Screening Committee declines to forward the recommendation to the Superintendent, the principal of the school where the incident occurred may appeal at the next Screening Committee meeting. The principal will be allowed only until that next meeting (generally one week) to submit additional information to support the recommendation of expulsion. At that next meeting, the Committee shall review the additional information, along with the original information, to determine if it should be forwarded to the Superintendent.
 - A. If at that next meeting the Committee declines to forward the recommendation to the Superintendent, the expulsion recommendation process ends; and the student will be referred to his/her respective Area Office for placement into the regular school program.
 - B. If at that next meeting the Committee decides to forward the recommendation to the Superintendent, the expulsion process will proceed.
4. **Due Process Procedures.**-- Pursuant to Fla. Stat. § 1002.20(4)(b), "public school students and their parents have the right to written notice of a recommendation of expulsion, including the charges against the student and a statement of the right of the student to due process." Due process includes notice and opportunity to be heard.
- a. **Notice.** -- The student, and the parents/guardian of the student, who the Superintendent will recommend for expulsion shall be issued written notice that the Superintendent will recommend expulsion. This notice will be issued within ten (10) calendar days of the Superintendent's decision. Pursuant to Fla. Stat. §§ 1006.07(1)(a) and 1006.08, the notice shall contain the following:
 - i. A statement of the charges for which expulsion will be recommended;
 - ii. Notification that the student has a right to a hearing under Fla. Stat. §§ 120.569 and 120.57 to contest the recommendation.
 - iii. Notification that the student has the right to be represented by an attorney and to call witnesses to testify at the hearing on the student's behalf.
 - iv. Notification of the provisions of the Sunshine Law and that the parent may elect to have the hearing held in public; otherwise, it shall be closed to the public.
 - b. **Opportunity to Be Heard.** -- Every student who is recommended for expulsion shall have the right to a hearing, to tell his/her side of the story or to explain or refute the evidence against him/her, in denial or mitigation of the charges.
 - i. It shall be the responsibility of the student/parent/guardian/representative to request a hearing, through the Department of Legal Services, in a timely fashion--within fifteen (15) days after receipt of the notice of recommendation for expulsion. If no request for a hearing is timely made, the student is deemed to have waived the right to a hearing; the recommendation for expulsion shall be forwarded to the School Board for vote; and the facts of the charges in the notice will be deemed by the School Board to be true.
 - ii. Pursuant to AGO 2001-05, the student may request a hearing under Fla. Stat. § 120.57(1) when there is a disputed issue of material fact or under § 120.57(2) if there is no disputed issue of material fact. In either type of proceeding, the hearing shall be informal in nature and the rules of evidence will apply loosely.

- A. *Disputed Issues of Material Fact.*-- In cases where the student will contest a material issue of fact such as denying that he/she actually committed the act as charged, the hearing officer will serve as the finder of fact. The burden of proof rests with the School District. When material facts are in dispute, the standard of proof is the "preponderance of the evidence" i.e., whether it is reasonable to conclude from all the evidence submitted by both the School District and the student that the pupil did commit the violation with which he or she is charged as the basis for expulsion. After the conclusion of the hearing the hearing officer shall issue written findings of fact as to whether the evidence presented supports the charge(s) against the student.
 - B. *No Disputed Issues of Material Fact.* -- When the student does not dispute the factual basis for the expulsion recommendation, the student is entitled to a hearing under Fla. Stat. § 120.57(2), to address whether the undisputed material facts constitute a violation of School Board Policy, State Board of Education Rules, and/or state or federal statutes, forming a lawful basis for expulsion.
 - iii. Although the Board shall make the final decision on the Superintendent's expulsion recommendation, an impartial volunteer hearing officer from the community will preside over the hearing as authorized by Policy 4.114.
 - A. The factual and legal issues to be addressed in the hearing and in the hearing officer's recommended order are: 1) findings of fact--whether the student committed the act as charged, within the jurisdiction of the School District; and 2) conclusions of law--whether the act constituted a violation (of School Board Policy, State Board of Education Rules, and/or state or federal statutes) which forms a lawful basis for expulsion. On these issues, the student/representative may provide oral evidence or argument and documents, memoranda of law, or other written materials in opposition to the recommended expulsion action.
 - B. Although the hearing officer cannot enter settlement negotiations or recommend mitigation of the expulsion penalty to a lesser consequence, the student will be allowed to provide oral or written evidence or argument in support of mitigating the penalty, pursuant to F.A.C. Rule 28-106.302(1), (2). If facts and/or legal arguments are asserted as a basis for mitigation and the hearing officer finds them credible, the recommended order should report them under a separate heading such as "Credible Mitigation Considerations," without making a recommendation on mitigation (as the recommended order will limit its conclusions of law to whether the violation occurred as charged and forms a lawful basis for expulsion). The Superintendent should take those reported credible mitigating facts or legal arguments into consideration when making the expulsion recommendation to the Board, and the Board should take them into consideration when acting on the recommendation.
5. **School Board Action on Expulsion Recommendations.**-- The School Board normally will vote during its regular monthly meeting on the Superintendent's recommendations to expel students whose cases have proceeded through the above-described process; additionally, Fla. Stat. § 1006.08(1) also allows such action at a special meeting.
- a. After the hearing held by a hearing officer, and before the meeting where the Board will enter the final order of expulsion, students and their parents/guardian and/or representative may appear in a closed, private meeting with school board members pursuant to Policy 1.03(17), to express their views on the recommended penalty, such as if they believe mitigating circumstances contraindicate expulsion or would make a shorter term of expulsion

- appropriate. An individual's comments made during this closed session shall be limited strictly to three (3) minutes. Comments shall be limited to mitigation only. There shall be no retrial of the issues surrounding the facts of the incident that merited expulsion. The Board's vote on the expulsion and entry of the final order will occur, without mention of the student's name or other personally-identifiable information, at the general meeting following this closed session.
- b. If the student/parent did not request a hearing, the student/parent or legal guardian/representative will have an opportunity to express their views on the recommended penalty by making public comment at the meeting where the Board will issue the final order. Like other speakers offering comments on agenda items pursuant to Policy 1.03, such student/parent or legal guardian/ representative can provide input and insight to the Board (regarding the proposed expulsion).
 - c. In considering the Superintendent's recommendation, the Board should impartially consider what, under all the circumstances, the penalty should be, as stated in AGO 87-33.
 - d. After the Board votes on the expulsion, the student/parents/guardian/ representative will be notified in writing of the Board's decision.
 - i. If the Board votes to expel, a written notice of expulsion will be mailed to the student/parent/guardian/representative. The notice will detail the length of the expulsion, that the expulsion is with services or without services, and where the student will receive educational services, if applicable. The length of expulsion will be reduced to reflect time already spent at an alternative site, unless the Board votes otherwise (such as if the offense is a violent act listed in Policy 5.1814).
 - ii. If the Board votes to decline the expulsion, a notification will be sent to the student/parent/guardian/representative and the student will be referred to his/her respective Area Office for placement.

6. Re-Entry after Expiration of the Expulsion

- a. Upon the expiration of the expulsion period, the student's Area Office shall place the student back into the regular education program of the School District. It is the responsibility of the student and his/her parent/guardian or representative to contact the appropriate Area Office for placement.
- b. No student, after expiration of the expulsion, shall be transitioned back to the school where the incident meriting expulsion occurred unless the principal of the school is first notified and given the option of accepting the student back into that school. In accordance with the Fla. Stat. §§ 1002.20(5) and 1006.13(5), students who have been victims of certain felony offenses by other students, as well as the siblings of the student victims, may need to be kept separated from the student offender at school and during school transportation.

Policy 5.182 Student Dress Codes and Uniforms

The School Board of Palm Beach County is legally and ethically responsible for the establishment of classroom and campus environments that are conducive to a safe, orderly, and productive educational program. The health, safety, and welfare of each student can be enhanced through the implementation of dress standards for students. All schools shall develop gender neutral dress codes or uniform guidelines. The dress codes or uniform guidelines should be developed under the direction of the school principal with input from students, staff, parents, and the School Advisory Council (SAC).

Policy 5.183 Cellular Telephones and Other Wireless Communication Devices

1. Purpose

The School Board of Palm Beach County (Board) is committed to providing a safe, positive and productive learning environment for its students. The Board recognizes that, depending on how they are used, cellular phones and other wireless communication devices can be either a valuable learning tool or a source of disruption in the learning environment. This policy is to implement the provisions of Section 1006.07(2) (f), Florida Statutes, which permits students to possess cellular phones and other wireless communication devices on school property and authorizes the Board to regulate the possession and use of such devices. In order to maintain a secure and orderly learning environment, student use and possession of cellular phones and other wireless communication devices shall be subject to the limitations as set forth in this policy.

2. Definitions

As used herein, the terms below are defined as follows:

- a. *"Wireless communication device"* means a handheld electronic device having the ability to receive and/or transmit voice, text, or data messages without a cable connection, such may include, but is not limited to, cellular telephones, digital wireless phones, radio-phones/walkie-talkies, telephone pagers, PDA phones (personal digital assistants with wireless communications capabilities), iPhones, iPads, iPods, or RIM ("research in motion") wireless devices. This definition also includes any current or emerging wireless handheld technologies or portable information technology systems developed for similar purposes.
- b. *"School property"* means any school center, bus, facility, including grounds owned or occupied by the Board. The definition includes the location of a School District sponsored activity as well as transportation provided by the School District to attend a School District sponsored activity. School property excludes a mass transit system, such as Palm Tran, and any student utilizing such services is expected to abide by the rules of the carrier.
- c. *"Instructional school day"* means the moment a student enters the school center until the final dismissal bell. The "instructional school day" includes, but is not limited to, study halls, lunch break, class changes and any other structured or non-structured instructional activity that occurs during the normal school day, including the administration of examinations, and regardless of whether a student is on campus or at an off-campus school-sponsored activity.
- d. *"Kept in the "off" position"* means powered completely off and is not simply set on a vibrate, silent, standby, hibernation or airplane mode.

3. Policy Statement

In accordance with state law, students may possess cellular phones and other wireless communication devices on school property and school-sponsored transportation, as long as the students adhere to the restrictions provided herein. Any unauthorized use of cellular phones and other wireless communication devices during the instructional school day, while on school-sponsored transportation, or at such times as not authorized by the school principal or designee, is prohibited as it disrupts the instructional program or distracts from the educational environment.

- a. *Elementary School Students.* Elementary school students may possess cellular phones and other wireless communication devices on school property and school-sponsored transportation, provided such devices are not visible, used, or activated, and are kept in the "off" position throughout the instructional school day and while on school-sponsored transportation. Students must keep their cellular phones and other wireless communication devices stored in a purse or backpack, or other non-visible secure location during the instructional school day and while on school-sponsored transportation.
 - i. *Times of Authorized Use on Elementary School Grounds.* While waiting for the beginning of the instructional school day or waiting for a school bus at the end of the instructional school day, students may use their cellular phones and other wireless communication devices.

Middle and high school students must keep their cellular phones and other wireless communication devices stored in a vehicle, locker, purse, backpack, or other non-visible secure location. Middle and high school principals may modify the instructional school day to establish other authorized times of use in addition to when students are waiting for the beginning of the instructional school day or waiting for a school bus at the end of the instructional school day, including the designation of areas of the school campus for such use.
 - i. *Communication to Students and Parents.* If the principal modifies the instructional school day to permit middle or high school students to use cellular phones or other wireless communication devices at times other than when students are waiting for the beginning of the instructional school day or waiting for a school bus at the end of the instructional school day, the principal shall include such information in the school's student/parent handbook and other communications to parents/students.

4. **Unauthorized Use of Devices**

A student's possession, display or use of a cellular phone and other wireless communication devices on school property contrary to the provisions of this policy shall be viewed as the unauthorized use of the cellular phone or other wireless communication devices when such possession, display or use of such devices results in conduct which includes, but is not limited to:

- a. Interference with or disruption of the instructional or educational environment.
- b. Use which violates academic integrity, as the reproduction of images of tests, communication of test or examination contents or answers, to provide access to unauthorized school information, or assistance to students in any aspect of their instructional program in a manner that violates school board policy or the Code of Student Conduct.
- c. The communication of the marks or grades assigned to students resulting from evaluation or the actual contents, or parts thereof, of any evaluation activity being completed by an individual(s).
- d. Use to commit a crime, under federal or state law.
- e. Violation of a student's or other person's reasonable expectation of privacy, by using such devices with photographic capabilities in student locker-rooms, restrooms, any other student changing areas, or the classroom, whether such use occurs during the instructional school day

or on school property. Cellular phones and other wireless communication devices may not be utilized to take "photographs" or "videos" while on school property, while on school-sponsored transportation or while a student is engaged in school-sponsored activities.

- f. Use in a manner that is profane, indecent, obscene, threatening, discriminatory, bullying or harassing language, pictures or gestures. Cellular phones and other wireless communication devices which have the capability to take "photographs" or "moving pictures" shall not be used for such purposes while on school property, while on school-sponsored transportation or while a student is engaged in school-sponsored activities.

5. Other Acceptable Uses

Cellular phones and other wireless communication devices are permissible in the following circumstances:

Instructional or Educational Purposes. Cellular phones or wireless communication devices may be used during a class period or school activity when specifically approved by the principal in conjunction with educationally appropriate objectives.

- a. *IEP, 504, or Health Care/Medical Plan.* Students may use cellular phones, wireless communication devices and other electronic devices during class time when authorized pursuant to an Individual Education Plan (IEP), a Section 504 Accommodation Plan, or a Health Care/Medical Plan with supportive documentation from the student's physician.
- b. *Health, Safety or Emergency Reasons.* Exceptions to the restrictions in this policy, in part or in its entirety, may be made for health, safety and emergency reasons by the principal.
- c. *School Trips or School Sponsored Activities.* The use, display or activation of cellular phones or other wireless communication devices during school trips or school sponsored activities shall be at the discretion of the principal or designee, but shall not be disruptive to the activity.
- d. *Other Reasons.* Other reasons determined appropriate by the principal.

6. Consequences

- a. An offense shall occur each time this policy is violated regardless of the specific device or devices involved. However, the possession of multiple devices at one time shall be regarded as one offense.
 - i. Any cellular phone or wireless communication device possessed or used in violation of this policy shall be confiscated by school personnel, absent compelling and unusual circumstances, and only returned to the student's parent or guardian or another adult designated by the parent or guardian.

If a cellular phone or wireless communication device is confiscated, the device shall be taken to the school's main office to be identified and placed in a secure area.

- ii. Students will be disciplined as provided for in Board Policies [5.1812](#) and [5.1813](#), as now or hereafter amended.
- b. The application of discipline for violations under this policy will be progressive except for those instances where there are additional aggravating factors as outlined in the non-exclusive listing in paragraph 4 of this policy. Any additional aggravating factors may subject the student to more stringent discipline consequences and /or reports to law enforcement agencies.

Responsibility/Liability

Any student who chooses to bring a cellular phone or other wireless communication device to school shall do so at his or her own risk and shall be personally responsible for the security of his or her cellular phone or wireless communication device. Neither the school personnel or Board will assume any responsibility or liability for loss, theft, damage or vandalism to a cellular phone or other wireless communication device brought onto school property, or for the unauthorized use of any such device.

Policy 5.187 Truancy

1. Purpose.-- The Superintendent and designees shall be responsible for endeavoring to prevent student absences unauthorized by law; reporting truancy to appropriate authorities; and filing truancy petitions pursuant to § 1003.27, Fla. Stat.
2. Definitions.-- As used in this Policy, these terms shall be defined as follows:
 - a. "Absence" means not being actually present when attendance is checked, unless the student arrives within time to be marked "tardy" instead of absent. Pupils may not be counted in attendance while away from the school on a school day unless they are engaged in an educational activity which constitutes a part of the school-approved instructional program.
 - b. "Excused absence" is defined as in Board Policy 5.09.
 - c. "Unexcused absence" is defined as in Board Policy 5.09.
 - d. "Habitual truancy," under §§ 1003.012(8), 984.03(27), and 985.03(25), Fla. Stat., means:
 - i. the child is subject to compulsory school attendance under § 1003.21(1), (2)(a), Fla. Stat.;
 - ii. the child is not exempt under §§ 1003.21(3) or 1003.24, Fla. Stat., or any other exemptions specified by law or the rules of the State Board of Education;
 - iii. the child has fifteen (15) unexcused absences within 90 calendar days with or without the knowledge or justifiable consent of the child's parent or legal guardian; and
 - iv. activities to determine the cause and to attempt the remediation of the child's truant behavior have been completed under §§ 1003.26 and 1003.27, Fla. Stat.
 - e. "Subject to compulsory attendance" refers to minors who have attained at least the age of six years (or who will have attained the age of six by February 1 of that school year), who are required by law to attend school regularly unless an exemption or exception is applicable under Chapter 1003, Fla. Stat.
3. Reporting Requirements
 - a. Each principal/designee shall notify the School Board, through the Superintendent, of each minor student who accumulates fifteen (15) or more unexcused absences within a period of ninety (90) calendar days. The truancy liaisons will send a copy of the report with the names of all students who accumulate fifteen (15) or more unexcused absences within a period of ninety (90) calendar days, monthly, by school, to the principal, the area superintendent, and the director of Supplemental Educational Services.
 - b. The Superintendent shall provide to the Department of Highway Safety and Motor Vehicles the legal name, sex, date of birth, and social security number of each minor who has been reported to the Board under paragraph (3)(a), as required by § 322.091, Fla. Stat.
4. Discretionary Petitions.-- After the school has complied with the intervention requirements of § 1003.26, Fla. Stat., the Superintendent may file a truancy petition using the procedures outlined in § 984.151, Fla. Stat., whenever a student who is subject to compulsory attendance has had:
 - a. five (5) or more unexcused absences (as defined in Policy 5.09), or absences for which the reasons are unknown, within a calendar month; or
 - b. ten (10) or more unexcused absences, or absences for which the reasons are unknown, within a 90-calendar-day period pursuant to § 1003.26(1) (b), Fla. Stat.

5. Mandatory Petitions.-- After the school has complied with the intervention requirements of § 1003.26(1)(b), Fla. Stat., the Superintendent/designee shall take one of the following actions in all cases of habitual truancy, in accordance with § 1003.27(3), Fla. Stat.:
 - a. File a truancy petition using the procedures outlined in § 984.151, Fla. Stat.; or
 - b. File a child-in-need-of-services petition using the procedures outlined in Chapter 984, Fla. Stat., and refer the habitually truant student and the student's family to the children-in-need-of-services and families-in-need-of-services provider or case staffing committee as determined by a cooperative agreement between the School Board, the Department of Juvenile Justice, and the Department of Children and Families, as provided in § 1003.27(4)), Fla. Stat.
6. Relationship of Truancy and Passing a Grade Level. -- The Board recognizes that §§ 984.03(27) and 985.03(25), Fla. Stat., require a student to be passed to the next grade, and do not permit deeming the child habitually truant, as long as he/she is appropriately responsive to the interventions described in §§ 1003.26 and 1003.27, Fla. Stat. and has completed the necessary requirements to pass the current grade as indicated in the current District Student Progression Plan. However, the Superintendent is *not* obligated to wait until the end of the year to see if the child will pass to the next grade, before filing a petition as described in Section (5) and (6). Such petition may be filed at any time during the school year as long as the school has complied with the intervention requirements of §§ 1003.26 and 1003.27, Fla. Stat.
7. School Discipline. -- Under § 1006.09, Fla. Stat., a student who is required by law to attend school will not be suspended solely for having unexcused tardiness, absences, or truancy. However, once a student subject to compulsory attendance arrives at school, the school may take disciplinary measures for unauthorized actions such as the following:
 - a. leaving the campus without authorization;
 - b. being temporarily absent from class without appropriate permission; or
 - c. failing to attend specific classes.
