CONSENT ITEM

- This revised Policy specifies new prices for meals served in schools for adults and adds new prices for student meals. Student meal prices have not increased in over fifteen years. Due to increased costs and anticipated inflation, School Food Service recommends slightly increasing prices.
- Breakfast: It is recommended to increase breakfast prices for the 2005-2006 school year, as illustrated in the table below. (However, the breakfast price for students eligible for the reduced price at all school levels will continue to be set by USDA guidelines, which the USDA may evaluate annually [the current price is \$0.30]).

BREAKFAST	CURRENT	PROPOSED FY 2006	PROPOSED FY 2007	OTHER FUTURE YEARS
ALL LEVELS OF STUDENTS	\$0.90	\$1.00	Same as FY06	To be determined annually

- Lunch: It is recommended to increase lunch prices for the 2005-2006 school year and again for the 2007-2008 school year, as illustrated in the table below. (However, the lunch price for students eligible for the reduced price at all school levels will continue to be set by USDA guidelines, which the USDA may evaluate annually [the current price is \$0.40]).
