43 <http://www.palmbeach.k12.fl.us/publicaffairs/Board%20Mtgs-Workshops.htm>.

44
45 **4. Responsibility for Media Relations**

- 46
47 a. School sites.-- Consistent with the requirements of School Board Policy 2.041
48 on public records requests, the school principal has primary responsibility for
49 responding to inquiries from news media on behalf of a school center and for
50 encouraging media coverage of newsworthy events at the school center. The
51 District's Office of Public Affairs is a resource to be used as needed in this
52 area.

- 53
54 b. District Administration.-- As to public information, District administrators have
55 the same responsibility for their areas of supervision as principals have for
56 schools. At the beginning of each school year, each administrator should
57 provide direction to staff members about how they should handle media
58 inquiries pursuant to the provisions in this Policy.

59
60 **5. Initiating Media Coverage.-- Schools may initiate requests for media coverage of**
61 **newsworthy activities either on their own or through the Office of Public Affairs. If**
62 **information is sent directly to the media, the Office of Public Affairs should also be**
63 **informed.**

64
65 **6. Responding to Media Inquiries.-- To facilitate external and internal**
66 **communications, administrators are asked to respond, consistent with policy 2.041,**
67 **in a forthright manner to inquiries from news reporters and to keep the public affairs**
68 **office informed of all but routine inquiries. Administrators are reminded not to**
69 **divulge confidential information.**

71 a. **Principals.**-- Principals should report (by TAO, e-mail, fax, or telephone) all
72 media contacts to the Public Affairs office and the appropriate area
73 superintendent. The Public Affairs office will make such information available
74 to the Superintendent's Office.

75
76 b. **District Administrators.**-- District administrators should report (by TAO, e-
77 mail, fax, or telephone) all media contacts to the Public Affairs office, and
78 either the Chief Academic Officer or Chief Operating Officer. The Public Affairs
79 office will inform the Superintendent's Office.

80
81 7. **Reporting Serious Incidents.**-- In the event of a serious incident which might
82 cause inquiries at the District level (for example, student disruption serious assault
83 on a student or staff member, bus accident, or fire at a school facility), an
84 administrator should immediately inform the Superintendent's Office, the Chief
85 Public Information Officer/designee, and the appropriate Area Administrator or
86 Chief Academic Officer or Chief Operating Officer. If necessary, the administrator
87 may contact one of these offices and ask that the contacted office pass the
88 message to the other two.

89
90 8. **Requesting Assistance from the Public Affairs Office.**-- As a general rule,
91 administrators should deal directly with news media inquiries, subject to Policy
92 2.041, about items within the administrator's area of responsibility. However, if
93 news reporters come to a school to cover a situation and the principal needs
94 assistance with the media while the principal and staff are resolving the situation,
95 the principal should request assistance from the Public Affairs office. The Chief
96 Public Information Officer/designee will come to the school to assist the principal.

97
98 9. **Campus Visits.**-- To help protect the safety of students, the principal and staff
99 must know who is visiting the campus and the purpose of the visit. Persons
100 seeking to visit a school campus, including news media representatives, shall
101 request permission from the principal by telephone or in person and shall report to
102 the main office upon arriving on campus, prior to any contact with students, staff, or
103 volunteers.

104
105 a. The principal may exercise reasonable discretion to grant or deny permission
106 to visitors to enter the school or property or to remain on the grounds,
107 pursuant to the authority vested in principals to supervise the operation and

108 management of the schools and property under § 231.085(1), Fla., Stat., and
109 Board Policy 1.014.

110
111 b. The principal or designated staff member should accompany media
112 representatives or other visitors about the campus.

113
114 c. To assist in keeping the public informed, principals will cooperate with
115 reasonable requests from the news media. However, requests for campus
116 visits by the media may be denied if the principal/designee reasonably
117 believes the request would result in interruption of the orderly operation of the
118 school or unnecessarily interfere with instruction or other school activities.

119
120 d. Further, any person not subject to the rules of a school who creates a
121 disturbance on the property or grounds of any school or commits any act that
122 interrupts the orderly conduct of a school or any activity thereof, shall be guilty
123 of a misdemeanor of the second degree as provided by Fla. Stat. § 231.07.
124 The principal/designee is authorized to request the arrest and/or removal by
125 the police of such persons from school grounds or school activities.
