Dear Mr. Shaw,

I am writing this letter in confirmation of our conversation of May 25, 2005 in which I asked for your help in realizing our desire to be allowed to defer the opening of our charter school, New Vision Child Academy, until the beginning of the 2006-2007 school year. This decision was made necessary by circumstances affecting our ability to secure a suitable site for the campus. Specifically, none of the four sites we had targeted were subsequently available once we decided to make an offer or begin negotiations due to the current fast-paced environment of the Palm Beach area real-estate market. In remedy of these events, we are currently working closely with three real-estate agencies who specialize in commercial properties suitable for our needs. We believe that we should have this issue resolved shortly and are eagerly anticipating moving ahead with our building.

We want to thank you again for your help in this matter and look forward to cooperating with you for its resolution. I am always available to assist in any way.

Sincerely,

Earl J. Miller
