Subject: Proposal for the Development of an Evaluation Design for the CEP, Inc.
Alternative Education Program

The purpose of this letter is to outline a proposal to develop a comprehensive multiyear evaluation design for the evaluation of the Alternative Education Program to be implemented by Community Education Partners, Inc. (CEP). In doing so, the proposal to develop the design reflects a number of information sources:

1. General contextual information provided by you and by MS. Derri Parkey, Director Department of Educational Alternatives at our meeting in later September,
2. Contract between The School District of Palm Beach County and CEP
3. Survey of the literature on secondary alternative education initiatives
4. Informal review of the CEP program (via their extensive web-based information)
5. Evaluation design format required by the Department of Research, Evaluation, and Accountability

Based on the preceding context, the proposal for development of the evaluation design will involve the following:

1. An interdisciplinary design team-
 - a. Dr. Michael Vitale, Professor of Curriculum and Research, East Carolina University and past Director of Applied Research, Dallas (TX) Independent School District
 - b. Dr. Nancy Romance, Professor of Science Education, Florida Atlantic University and Principal Investigator of several federally-funded research projects in the Palm Beach County Schools.
 - c. Dr. Michele Acker-Hocevar, Professor of Educational Leadership and Educational Policy, Florida Atlantic University
 - d. Dr. Barbara Jean Scott, Speech-Language Specialist with Chicago Public Schools who holds a doctorate and has extensive experience in Special Education.
2. Formal interviews/contacts with MS Parkey, with a CEP-designated representative, and with a representative of the Department of Research, Evaluation, and Accountability.
3. A longitudinal evaluation design including all of the elements and structure of the Department-approved format for evaluations that-
 - a. Includes formative and summative components
 - b. Addresses the major elements of the educational intervention in terms of implementation factors and outcomes that are most relevant to District decisionmakers, including but not limited to the specific implementation and accountability outcomes detailed in the District/CEP contract
 - c. Is scaled to require a "reasonable" allocation/amount of Department evaluation resources

4. Completion of the evaluation design and submission to the Department for approval on or before December 10, 2005.

The proposed cost for the development of the evaluation design by the interdisciplinary team is \$26,500, to be paid upon completion of the evaluation design to the above standards to the Center for School Development, Inc.

I appreciate your evaluation of this proposal and appreciate the possible opportunity to work in a collaborative fashion with you and the Department in support of this important initiative.
