Title	Statement of Work Between The School Board of Palm Beach County, Florida and The Princeton Review

Description

The Princeton Review will complete the program deliverables specified in the Statement of Work School Technological Survey. The purpose of the Statement of Work is to complete the School Technological Survey for nine (9) schools by June 30, 2006 to determine the technological readiness of these schools to implement on-line assessment. In addition to the survey, The Princeton Review will work with each school to develop their draft on-line assessment implementation plan for FY2007.

The nine (9) schools identified are:

- Pleasant City Elementary School
- Plumosa Elementary School
- Rosenwald Elementary School
- Bear Lakes Middle School
- Jeaga Middle School
- Lake Worth Middle School
- Atlantic High School
- John I. Leonard High School
- Pahokee High School

Meeting May 10, 2006

Recommendation

I recommend that the School Board approve the Statement of Work Between the School Board of Palm Beach County and The Princeton Review at a cost of \$9,100.00 to the District.

Legal Review Yes No
