4. Involvement in Children’s Education	<b>\$5,000</b>	<b>3%</b>	<b>50</b>	<b>\$100</b>
<b>Totals</b>	<b>\$145,420</b>	<b>100%</b>	<b>1,175</b>	

### Instructions for completing Section B:

1. In column 2, for each core measure applicable to applicant’s program, indicate **both** the percentage of total grant budget and the actual dollar amount to be earned by each core measure. The total of all percentages in column 2 should be 100%, and the total of all core measure budgets should equal the total grant amount.
2. In column 3 calculate the total number of units per core measure to be achieved for the entire grant period.
3. In column 4 calculate the unit cost for each core measure by dividing the total budget amount in column 2 by the unit amount in column 3. For example, if the total budget amount in column 2 is \$25,000 and the unit amount in column 3 is 50, then the unit cost in column 4 is \$500 (\$25,000 divided by 50 = \$500).

**Note:** Awarded projects are based on performance with clearly defined outcomes and documented deliverables met. Projected outcomes **must be increased from the previous year** for continued funding.

## C. Explanation for determining Unit Cost per Core Measure.

Briefly explain, in the space below, the rationale and methodology used to determine the Unit Amount per Core Measure (column 3) and the Grant Budget per Core Measure (column 2) for each Core Measure selected. This explanation should be consistent with the expenditures on the DOE 101, Budget Narrative Form.

69% of the grant will be used to accomplish Primary Core Measure 1, Educational Gains, which has been increased by approximately 10% from FY 2006.  $\$100,420$  divided by 925 LCPs =  $\$109$  Unit Cost per Core Measure. This cost incorporates the cost of 1.5 FTE for instruction plus materials and supplies, travel, printing, postage and operating capital outlay.

28% of the grant or  $\$40,000$  will be used to accomplish Primary Core Measure 2.

Primary Core Measure 2 Placements, Entered, Retained

$\$40,000$  divided by 200 outcomes =  $\$200$  per unit

3% of the grant or  $\$5,000$  will be used to accomplish Secondary Core Measure 4.

Secondary Core Measure 4 Involvement in Children's Education

$\$5,000$  divided by 50 outcomes =  $\$100$  per unit

Box will expand when text is typed.

## D. Explanation of methodology used to collect NRS data.

Briefly explain, in the space below, methods used to document the following NRS requirements:

1. Minimum 12 hours of instructional activity required to earn an LCP

Attendance rosters will be used to document a minimum of 12 hours of student participation in instruction before an LCP is reported to the DOE. Students who have not fulfilled this minimum attendance requirement will not be reported to the NRS for funding purposes.

2. NRS training dates of the project coordinator

The program coordinator will attend the next scheduled NRS training to be offered at the Adult Education Symposia in St. Augustine, Florida on May 31-June 2. The TERMS administrator has attended this required training during FY 2006.

3. Pre- and post-test assessment types used

CASAS pre and post-tests and/or Native Language Literacy screening will be used for all students participating in both Primary and Secondary Core Measures.

4. Methods used to collect, document and report educational gains

CASAS TOPSpro software will be used to collect and document educational gains. TERMS software is used by the district to report educational gains to the DOE. Placements, Entered and Retained will be documented with placement and completion sheet. Involvement in Children's Education will be documented using a portfolio documenting all activities covered.

Box will expand when text is typed.

## E. Explanation of circumstances justifying possible performance outcome reduction.

Briefly explain, in the space below, if your area has experienced significant difficulties due to circumstances beyond your control, i. e., natural disaster, and project your performances accordingly. This could include a reduction in outcomes, if warranted and approved by DOE staff.

Two major hurricanes in FY 2005, Frances and Jeanne, reduced by approximately 10% student participation in adult education programs. Hurricanes Katrina and Wilma in FY 2006 also contributed to a sustained decrease in the adult student participation in educational programs in the district. In spite of these circumstances, the grant goals have been attained during these funding periods.

Box will expand when text is typed.

## **English Literacy and Civics Education Narrative Section**

### **Strategic Imperatives and Just Read, Florida!**

Strategic Imperative 3 will be addressed in this project.

- Strategic Imperative 3 – Improve student rates of learning.

Curriculum will be taught using a variety of technology delivery systems to address ESOL and Involvement in Children's Education. Realizing that students cannot always attend class regularly due to work schedules, family responsibilities and other constraints, providing students with a variety of distance learning options (workplace, computer lab, television broadcast and library checkout) can allow students to continue to participate in instruction and improve learning rates. A variety of media will allow an array of instructional methods in order to meet every student's need and learning style.

In addition, this project will assist the School District in meeting the priorities of the *No Child Left Behind Act, 2001*, and Florida's reading initiative, *Just Read, Florida*, by providing intensive professional development activities to train teachers to incorporate research-based reading strategies in all the adult education programs.

### **Dissemination and Marketing**

Recruitment of adult students and marketing the District's adult education programs are ongoing processes. Methods of dissemination of Adult Education program information include the School District's website: [www.pbeducator.org](http://www.pbeducator.org), the School District's Instructional Cable Television station and the *Palm Beach County Community Educator*. The website lists all the programs offered at all the community school sites as well as the Palm Beach Virtual Community School.

The School District's Instructional Cable Television station, The Education Network (TEN), broadcasts Adult Education programming 24 hours a day, seven days a week. Student's can access programs for GED, ESOL, Math and Reading. Broadcasts include GED on TV, Math Basics, Crossroads Café, Lifelines, as well as programs on parenting, study skills and other areas of interest to adult learners.

The *Community Educator* is a newspaper that is disseminated to every household in Palm Beach County three times per year listing site locations, programs and course offerings for all 25 community schools. Articles appear in English, Spanish and Haitian Creole to appeal to the language groups of 95% of the residents. Furthermore, posters and brochures are disseminated to the District's Guidance Coordinators at each of the 25 high schools and 9 alternative sites. Further marketing is accomplished through our collaborative partnership with the Literacy Coalition, Refugee Task Force, Workforce Alliance, the Palm Beach Public Library System and Palm Beach Community College.

### **General Education Provisions Act (GEPA)**

The provision of Section 427 of the GEPA highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. The District has policies in place regarding equitable access to all adult education programs. This project will assist to provide educational services to adults with special needs including Limited English Proficient adults.

### **Equitable Services for Private Schools**

Adult ESOL students who access private school education are eligible to participate in free public Adult Education services through the School District of Palm Beach County before, during and/or after their participation in private school education. Many students complete their ESOL course of study before entering public or private vocational schools or colleges. Others complete a course of study in a public or private vocational school or college and participate in Adult Education courses in order to pass state licensing exams or the GED exams.
