Joe Sanchez
The School District of Palm Beach County
3300 Forest Hill Blvd., C-323
West Palm Beach, FL 33406

Dear Mr. Sanchez:

This letter is in regards to the transfer of land between the Palm Beach County School District (site which is currently occupied by the Urban League of Palm Beach County) and requested property owned by the City of West Palm Beach.

The Urban League of Palm Beach County (ULPBC) along with the School District, City of West Palm Beach and the Sickle Cell Foundation have been working on a visionary project leading up to the development of a new facility for the two non-profits (ULPBC and Sickle Cell) for the past three years.

The ULPBC and the PBC School District have been long term partners for over 33 years. The partnership has allowed the ULPBC to grow and serve the residents of Palm Beach County as well as support the School District in its quest to educate our children.

The ULPBC has a close working relationship with Roosevelt Middle School, Principal George Lockhart along with various departments at the School District. The ULPBC facility (parking lot & meeting room) has been used by Roosevelt Middle School & the School District on many occasions over the years when needed. Just last week the ULPBC hosted a group of 40 people from the School District for a two day meeting. We will continue to work with our School District partners whenever possible to help and assist with their request for use of our facilities.

I look forward to the transition of the land sites as we continue to serve those in need throughout Palm Beach County.

Sincerely,

Patrick J. Franklin
