

Evaluation Attachment

Picower Grant – Single School Culture for Academics

- The evaluator will provide an evaluation report to include both quantitative and qualitative data looking at implementation, training and outcomes.
- The goals reported on will be as follows:
 - By June 2008, student academic proficiency in reading, math and science will increase by 3% at project schools. Data Source: FCAT Tests
 - By June 2008, 90% of project schools will participate in weekly (elementary) or biweekly (secondary) Learning Team Meetings. Data Source: Learning Team Meeting Summary Forms
 - By June 2008, the Parent Advocacy Specialist will conduct 15-20 workshops on Efficacy to parents and/or community agencies. Data Source: Agendas and Sign-in Forms
 - By June 2008, a community-wide Efficacy Campaign for Proficiency will be implemented in Palm Beach County with Community Leaders receiving Efficacy training and providing Efficacy training and activities among their constituency. Data Source: Newspaper Articles, Meeting Logs, Agendas, Campaign Materials
- The primary data to be collected and used for evaluation are profiles of school and district student achievement trends on the FCAT. All data will be disaggregated by race and socioeconomic status.
