Student aides get cleared through Barbara Gomez. I suggest you check with her tomorrow regarding any other information on their duties.

What are the duties of a student aide? What types of tasks can we give them? I have only asked student aides to take something to an adult or student when I can not reach them; as long as it was not confidential information, although my confidential information form was sent by a student aide I assume from the main office, last week. Can you clarify this for me please?
