• To provide meaningful results and to protect the privacy of individual students, no data are reported if the number of students is less than ten or if all students would be reported in the same category (e.g., the same Third). A dash (—) appears when data are suppressed.
 • Percentages may not add up to 100 due to rounding.

* **Thirds** - This section of the report indicates the percentage of students who scored within each third when compared to performance statewide, with 1 being the lowest and 3 being the highest. Thirds are determined by the total scale score distribution by dividing the distribution into three equal groups.
