MEMORANDUM

May 26, 2017

TO: School Board Members

FROM: David W. Christiansen, Ed.D., Deputy Superintendent/Chief of Schools
Mark Howard, Chief, Performance Accountability

SUBJECT: FY17 GRADE 3 FLORIDA STANDARDS ASSESSMENT (FSA) ENGLISH LANGUAGE ARTS RESULTS: STUDENT DEMOGRAPHIC SUMMARY

On May 19, 2017, the Florida Department of Education (FDOE) released the results of the FY17 grade 3 FSA English Language Arts (ELA) test. This summary is being provided as a supplement to a [previous memorandum](#) reporting the overall results. This analysis provides a review of student data by subgroup¹ (race/ethnicity and gender) and will include results for students scoring at Level 3 or higher (satisfactory) and students scoring at Level 1. Level 1 is significant in that third-grade students who do not score a Level 2 or higher on the Grade 3 FSA ELA may be retained according to *Florida Statute §1008.25*, unless they meet one of seven good cause criteria. A decrease in the percentage of students scoring Level 1 means fewer students are at risk of retention.

The District Strategic Plan calls for *Effective and Relevant Instruction to Meet the Needs of All Students*. Through Strategic Initiative 2, *Embed cultural competence, equity and access within instruction*, principals, staff and other key stakeholders should regularly review disaggregated data to identify student needs and further develop the skills and attitudes necessary to meet the needs of a diverse community of learners.

A preliminary analysis of the results reveals the following.

- For students scoring at Level 3 or higher from FY16 to FY17,
 - ESE students had the largest increase of all groups growing by 9.2 points with significant increases for both ESE Males (9.3) and ESE Females (9.2)
 - Male students increased by more than 3 points, with the greatest increase by Black Males (6 points), followed by White Males (4.7 points), and FRL Males (3.1 points)
 - Hispanic and ELL students showed no significant change
- For students scoring at Level 1, from FY16 to FY17,
 - Males demonstrated a greater reduction than females with a decrease of 3.5 points, the greatest reductions were for ESE Males (12.1 points), followed by Black Males (4.9 points), then ELL Males (3.9 points)
 - Among Females, ESE Females had the greatest reduction (10.4 points) followed by Black Females (3.2 points)
 - Among Females, Hispanic, ELL and White students did not change significantly

¹ ELL: English Language Learner (LY, LF), ESE: Exceptional Student Education, FRL: Free/Reduced Lunch

Table 1 provides results for All students while tables 2-7 provide results for student subgroups overall and by gender. Individual school results are listed in Table 8. For ELL, ESE and FRL, only overall results are reported, however, schools have been provided this information.

If you have questions about the Grade 3 FSA ELA results, please contact Mark Howard, Chief of Performance Accountability, at 561-434-8850 (PX 48850). If you have questions about instructional programs, please contact Keith Oswald, Chief Academic Officer, at 561-649-6805 (PX 46805). If you have questions about individual school efforts and the FSA tests, please contact the appropriate Regional Superintendent.
