EXECUTIVE SUMMARY

July 08, 2016

TO: School Board Members

FROM: David W. Christiansen, Ed.D., Deputy Superintendent/Chief of Schools

THROUGH: Robert Avossa, Ed.D., Superintendent

SUBJECT: RELEASE OF FY2016 PRELIMINARY SCHOOL AND DISTRICT GRADES

On July 08, 2016, the Florida Department of Education (FDOE) released the FY2016 District and School Grades. Student performance on the Florida Standards Assessments (FSA) provides the foundation for these grades, which are based on a school grading system adopted by the State Board of Education. In FY2015, baseline informational school grades were published that were based primarily on student achievement. As a result, the FY2015 elementary school grades were only based on three achievement components.

The FY2016 school grading system is based on the percentage of total points earned on several components including achievement, learning gains for all students and for lowest 25% students, high school graduation rates, and acceleration success in middle and high schools. The FY2016 school grading system includes a new learning gains model¹. Schools and districts are rated "A" through "F" based on a percentage of points earned². Schools that did not test at least 95% of students received an "I" and have been excluded from the analysis that follows.

A review of the FY2016 district and school grades for the School District of Palm Beach County (SDPBC) and seven largest districts in Florida³ reveals the following:

School Grades

- For FY2016, SDPBC had a higher percentage of A and B rated elementary, middle and high schools than that of the State or other large urban districts.
- In FY2016, the majority of SDPBC schools were rated "A" or "B"
 - 56% of elementary schools rated as "A" or "B"
 - 59% of middle schools rated as "A" or "B"
 - 58% of high schools rated as "A" or "B"
- For FY2016, SDPBC had a lower percentage of D and F rated elementary and middle schools than that of the State or other large urban districts.
- From FY2015 to FY2016, SDPBC had a larger decrease in the percentage of elementary schools rated D or F than the State or the large urban districts with 21 elementary schools rated D or F improving to a rating of C or higher.

¹ Caution should be taken when comparing results from FY2015 to FY2016 as learning gains were not included in the school grading system in FY2015.

² Grading Scale: A = 62% of points or greater, B = 54% to 61% of points, C = 41% to 53% of points, D = 32% to 40% of points, F = 31% of points or less

³ Florida school districts exceeding 100,000 students

- Each of the SDPBC schools identified for Priority monitoring by FDOE, improved to a C rating, resulting in removal of these schools from State oversight.

District Grades

- For FY2016, SDPBC dropped to a “B” rating, however when compared among the seven largest school districts, demonstrated higher performance in seven of the eleven components including ELA, Math, Science and Social Studies Achievement, ELA and Math Learning Gains, and Graduation Rate.

Tables 1a-1d contain the numbers and percentages of letter grades for Florida and SDPBC elementary, middle, high and charter schools. Tables 2a–2d contain the percentages of letter grades for elementary, middle, high, and charter schools in the seven largest districts in Florida. Table 3 contains District grades for the seven largest districts in Florida. Table 4 contain grades for District-operated elementary, middle, and high schools as well as alternative sites and charter schools.

Please refer to FDOE Accountability Rules at: <http://schoolgrades.fldoe.org/>

For questions regarding high school grades, please contact Paul Houchens, Director of Research, Evaluation, and Assessment at 357-7649 or Mark Howard, Chief of Performance Accountability at 434-8851. For questions about instruction as it relates to school grades, please contact Keith Oswald, Chief Academic Officer at 649-6805 For questions about individual school efforts as they relate to school grades, please contact the appropriate regional superintendent or school principal.
