SUBJECT: Review of school performance data in the Annual Report Card 2004

Today, the Florida Department of Education (FDOE) released the Annual Report Card 2004 for schools. This document contains State of Florida A+ Plan school letter grades, as well as Federal No Child Left Behind adequate yearly progress (AYP) results. The Annual Report Card 2004 is available at the following website: <http://schoolgrades.fldoe.org/>.

A review of the Annual Report Card 2004 data, which is summarized in the attached tables, reveals the following:

- The percent of A graded elementary, middle, and high schools is higher in FY2004 than in FY2003. More than 50% of elementary and middle schools received a grade of A in FY2004.
- Of those schools that are governed by the district, none received a school grade of F.
- From FY2003 to FY2004, 9% of elementary, 12% of middle, and 14% of high schools improved their school grade.
- In FY2004, 17% more elementary and 7% more middle schools made adequate yearly progress than in FY2003.

Appendix A contains listings of school grade and AYP information sorted alphabetically and by school grade. For questions concerning school grades and adequate yearly progress, contact Marc Baron, Executive Director of Research, Evaluation, and Accountability, at 561-434-8850. For questions concerning specific schools, contact area superintendents or school principals.
