

**Palm Beach County
School Health Advisory Council**

**GOALS
School Year 2017-2018**

SHAC Goals: SY 2017-2018

- To support The School District of Palm Beach County in promoting policies and programs that provide an environment that encourages healthy nutrition and physical activity in all schools.
- To support the school community in providing programs that promote social, emotional, and behavioral health and well-being for all students and their families.
- To support development and implementation of K-12 comprehensive health education that promotes healthy living and decision-making for all students and their families.
